OUT OF DANGER

Physician Declares United States President Has Passed the Crisis.

PRESENT ADDRESS

Associated Press Despatch San Francisco, July 31.-Preside San Francisco, July 31.—President Harding has passed the crisis and is on the road to recovery, according to a statement late today to the Associated Press by Dr. Charles E. Sawyer, the president's personal physics.

Dr. Sawyer said: "Since we have our toxin well un-der control I feel safe in saying that we have passed the peak, load of trouble. I don't want to be too em-phatic about it, because we always face complications. But I feel that the crisis is over and that the presi-

dent is well on the road overy"

Brigadier-General es E. Sawyer, in an informal statement issued at 9:10 p.m., said his patient was "doing well" and had just had he best and most natural sleep since

In an address he was to have de-livered here tonight, made public be-cause of illness by his secretary. President Harding presented the view of his administration on pending in-ternational relationships affecting the United States and urged partici-pation by the United States in the permanent court of international jus-tice as the next major step to be AUCTION SALE of furniture and real estate on Thursday, Aug. 2nd., at 950 Queen's Ave., at 10 a.m. I am instructed by Mr. F. Graham to sell the furniture of his nine-room residence, consisting of 3 upholstered wicker rockers, 2 Wilton carpets, 1 Brussels carpet, lot of small rugs and linoleum, parlor tables, dining table, dining and kitchen chairs, sideboard, wainut antique living-room table, 4 beds, springs and mattresses, 5-piece parlor suite, cupboard, kitchen table, Standard range, baseburner, gas range, 3 dressers, carpet sweeper, 1 Eureka electric sweeper, all curtains, garden tools, lawn mower, dishes, lots of other goods. Immediately after furniture is sold we will sell the house and lot. House has 9 rooms, including 2-piece bath. This is a nice property and is bound to increase in value in this location; lot 45x111 ft.; terms made known day of sale. For further information call 3521-W. Hiram Van Loon, Auctioneer. Kitchener, July 31.—John Miller, one of the best known insurance men of Western Ontario, died suddenly at tice as the next major step to be

his home here shortly after noon to-day. Mr. Miller had apparently been in excellent health, but succumbed to a sudden heart attack following In urging United States support of ne court he declared:
"I do not know that such a court "I do not know that such a court lunch. His death caused considerable will be unfailing in the avoidance of shock in local business circles. Mr. war, but I know it is a step in the right direction, and will prove an ad-Canada, and had also been connected vance toward international peace for which the conflictive conscience of mankind is calling. Personally, I would vastly prefer the policy of submitting all controversies in which we are concerned to the court as it sits today as against any other agency of settlement yet devised."

With the London Life Assurance Company for twelve years. He was golden wedding on April 9 last. Besides his widow he leaves three sons and one daughter: Oscar of Rockford, Ill.: Edmund, of Oakville; Charling Mich and Mrs. which the conflictive conscience of mitting all controversies in which we are concerned to the court as it sits

In referring to the settlement of the British debt of more than four and a half billion dollars Mr. Harding declared Britain "had put a fresh Heintzman of Toronto. tamp of approval on the sac of international obligations," and the settlement itself gave "a new assur ance of stability throughout the

USES SAND TO EXTINGUISH DANGEROUS FIRE IN AUTO

Special to The Advertiser. Bothwell, July 31.-While U. S. Beamish was cleaning his car Monday, some gasoline which had leaked from the carburetor was set afire in some unaccountable way, and in an instant the engine was all ablaze. Mr. Beamish saved the car from destruction by smothering the blaze with sand.

How Can You Prevent Frequent Tire Changes?

Many tire changes are made necessary by tube failures. Heat raises havoc with tubes. It is the inner tube's constant enemy. The way to save yourself tube trouble and consequent annoyance is to buy tubes that resist

Firestone High Test Tubes resist heat successfully. Steam welding is a Firestone process that prevents air leakage and flat tires because even extreme heat will not break down the

Firestone High Test Tubes have strength as well as heat resistance. The Firestone method of placing ply upon ply of rubber so that the grain of each ply runs in opposite directions gives the strongest tube wall.

This extra width means less stretch to fill the casing, less strain when inflated, less tension and longer life. Firestone High Test Tubes, like Firestone Cord Tires, cost more to But Firestone economies in buying, manufacture and distribution enable you to obtain these better tires

Compare Firestones with other tubes

and note the wider Firestone cross sec-

they give at no additional first cost. Your investment in Firestone High Test Tubes is a small matter compared to the big saving they effect in giving you extra miles out of your tires. Ask your dealer.
