Enthusiastic Celebration of the Entry Into Rome of Victor Emmanuel's Army.

Unveiling of a Statue to Garibaldi - Important Speech by Signor Crispi.

(From the News.)

ROME, Sept. 20.—The fetes celebrating the twenty-fifth anniversary of the entry of the Italian army into Rome, which began on the 14th instant, culminated to-day in the ceremony of the unveiling of the monument to General Garibaldi on the Janiculum Hill.

At three o'clock this afternoon, the mayor of the city unveiled the memorial column at Port a Rico which is erected upon the exact spot at which the Italian troops effected a breach in the city walls when they occupied the city in 1870 and overthrew the temporal power of the Pope.

The statue of Garibaldi is by the sculptor Gallori. It is an equestrian bronze, weighing fifteen tons, and has been erected in the grounds of the villa Corsini, upon an immense granite base, on the four sides of which are shown four allegorical groups.

Signor Crispi delivered an oration, eulogizing Victor Emmanuel and Garibaldi as the saviours of Rome from foreign tyranny. If, he said, Christianity could conquer without the aid of arms, it is difficult to understand why the Vatican should desire a civil principality in which princes exercise their functions.

Continuing, Signor Crispi dwelt upon the inherent antagonism of the papacy and the restoration of the temporal power, as actuated by far more human motives than that of safeguarding the prestige of the church.

Signor Crispi concluded by saying that, despite the fact that the jubilee reminds us of our duty to defend a patriotic inheritance through long years of sacrifice, the procession of Garibaldi veterans to the Villa Corsini was a striking and impressive spectacle with its bands of music and its banners.

He says that before relinquishing the command he desires to thank those who for a period of nearly five years have given him their loyal support and co-operation in his endeavors to render the forces an efficient and powerful factor for the defence of the empire.

Mr. Eddard, writing to Ottawa friends, says: "I am very hopeful that the Imperial government will grant a subsidy to the Atlantic service."

THE SCHOOL QUESTION.

TORONTO, Sept. 21.—(Special)—Principal Grant has his fourth letter to the Manitoba school question in the Globe to-day. He says there is a serious side to the situation; people are being induced by government to betray what they believe to be the cause of religion. That can be done only to their serious loss; whatever injures the man injures the citizen. Work of that kind is certainly not the duty of the state. Some men yield to the temptations which are offered. To may be said these are, thereby, simply delivered from superstition. But what grows with the tares. Their whole spiritual nature is injured. Stronger or more sensible men do not yield and they are angered at injustice to themselves, the loss of their children and their desertion by their neighbors and compatriots. Enough has been said to show that if this vexed question were only detached from politics it could be settled with comparative ease.
