**NATURE A VERY**

**SKILFUL PHYSICIAN**

Put up Her Medicines in Most Tempting Form.

Have you ever tasted anything more delicious than the fresh, ripe, luscious fruits? These are Nature's medicines.

A regular diet without fruit is positively dangerous, for the system soon gets clogged with waste matter and the blood poisoned. Fruit juices stir up bowels, kidneys and skin, making them work vigorously to throw off the dead tissue and indigestible food which, if retained, soon poisons the blood and cause indigestion, headaches, rheumatism, neuritis and a host of other distressing troubles.

But there is a quicker way to stimulate the organs to do their work properly. Take one or two "Fruit-Active" tablets every night, besides eating some fresh fruit every day. "Fruit-Active" contains the medicinal properties—many times intensified—of oranges, apples, prunes and figs, with the best tonics and internal disinfectants added.

Their action on Bowels, Liver, Kidneys and Skin is as natural as Nature's own, but quicker and more effective. Sold by all dealers—25c. for trial boxes, for regular use—\$6 boxes for \$2.50. Fruit-Active Limited, Ottawa.
