This Is Better Than Laxatives
One NR Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Using Unnecessary. Try It.
Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrifaction and the formation of poisonous gases which are absorbed by the blood and carried through the body.
The result is weakness, headaches, dizziness, coated tongue, inactive liver, biliousness, loss of energy, nervousness, poor appetite, impoverished blood, sallow complexion, pimples, skin disease, and often times serious illness.
Ordinary laxatives, purges and cathartics—salts, oils, calomel and the like—may relieve for a few hours; but real, lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs.
Get a box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will be necessary to feel and realize the fullest benefit. When you get straightened out just right, as nature intended, you feel, not take, medicine every day—no constipation. NR Tablet will then keep your system in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well.
Nature's Remedy (NR Tablets) are sold, guaranteed and recommended by your druggist.

GOUIN MAKES POSITION CLEAR

Says Laurier Tariff Means Better Times for Canada—Railway Problem.

Rigaud, Que., Nov. 14.—Speaking in support of Gustave Boyer, Liberal candidate for Vaudreuil-Soulanges, here yesterday, Sir Lomer Gouin said that above all questions before the people of Canada the railway problem came first, and unless it were settled, Canada would be ruined. With that problem in the hands of the Liberal party with a Laurier tariff and with economies in public administration, Sr Lomer saw better times ahead for the country.

Referring to "independent" candidates, he said he had never met one who was sincere and who in so presenting himself before the electors did not think of his personal interest and completely ignore that of the public.

"This is not a time when serious men who love their province and country can preach to their fellow citizens the destruction of the old parties." He added that parties were needed not to isolate themselves, not to form a "bloc" but to conserve to the Province of Quebec the necessary influence which will assure her survival. It was the independents who defeated Laurier in 1911, he reminded his audience, and he claims that they were responsible for all the consequences that had followed.

He reiterated his position as to the tariff and said the people of this province and country need not worry for we are the heirs of Laurier and if returned to power will give the electors the same tariff policy as given by Laurier."

He believed that the national debt instead of being $2,500,000,000, was $3,000,000,000 and said that he knew whereof he spoke. In reference to Premier Meighen's criticism of himself and his policy, he said he did "not care about the little pin pricks he indulged in about me." The railway question was not one to be dealt with in a "little personal way." No country had made a success of public ownership of railways and in Canada we had had the same experience. It was time to change the system in view of the heavy annual deficit.

He concluded that if the electors would "give us your votes on the sixth and return again to power the heirs of Laurier, you will find that this railway question will be settled."

Don't Neglect THAT COUGH!

Persistent coughs lead to chronic bronchitis, asthma and permanent chest weakness. Swallowing druggy mixtures into *the stomach* is useless in bronchial trouble. It needs Peps the breatheable remedy which goes *direct* to the root of your cough.

As Peps tablets dissolve in the mouth, they give off powerful medicinal fumes which soothe and heal the inflamed breathing tubes, and destroy all disease germs. Peps speedily end chest soreness, clear the bronchials of phlegm and mucus, stop the wheeziness and coughing, and make breathing easy.

Remember, it is far better to *prevent* pleurisy, pneumonia and other lung diseases arising from neglected coughs and colds, than to *cure* them. Therefore take Peps at the first sign of a cough, cold or chill.

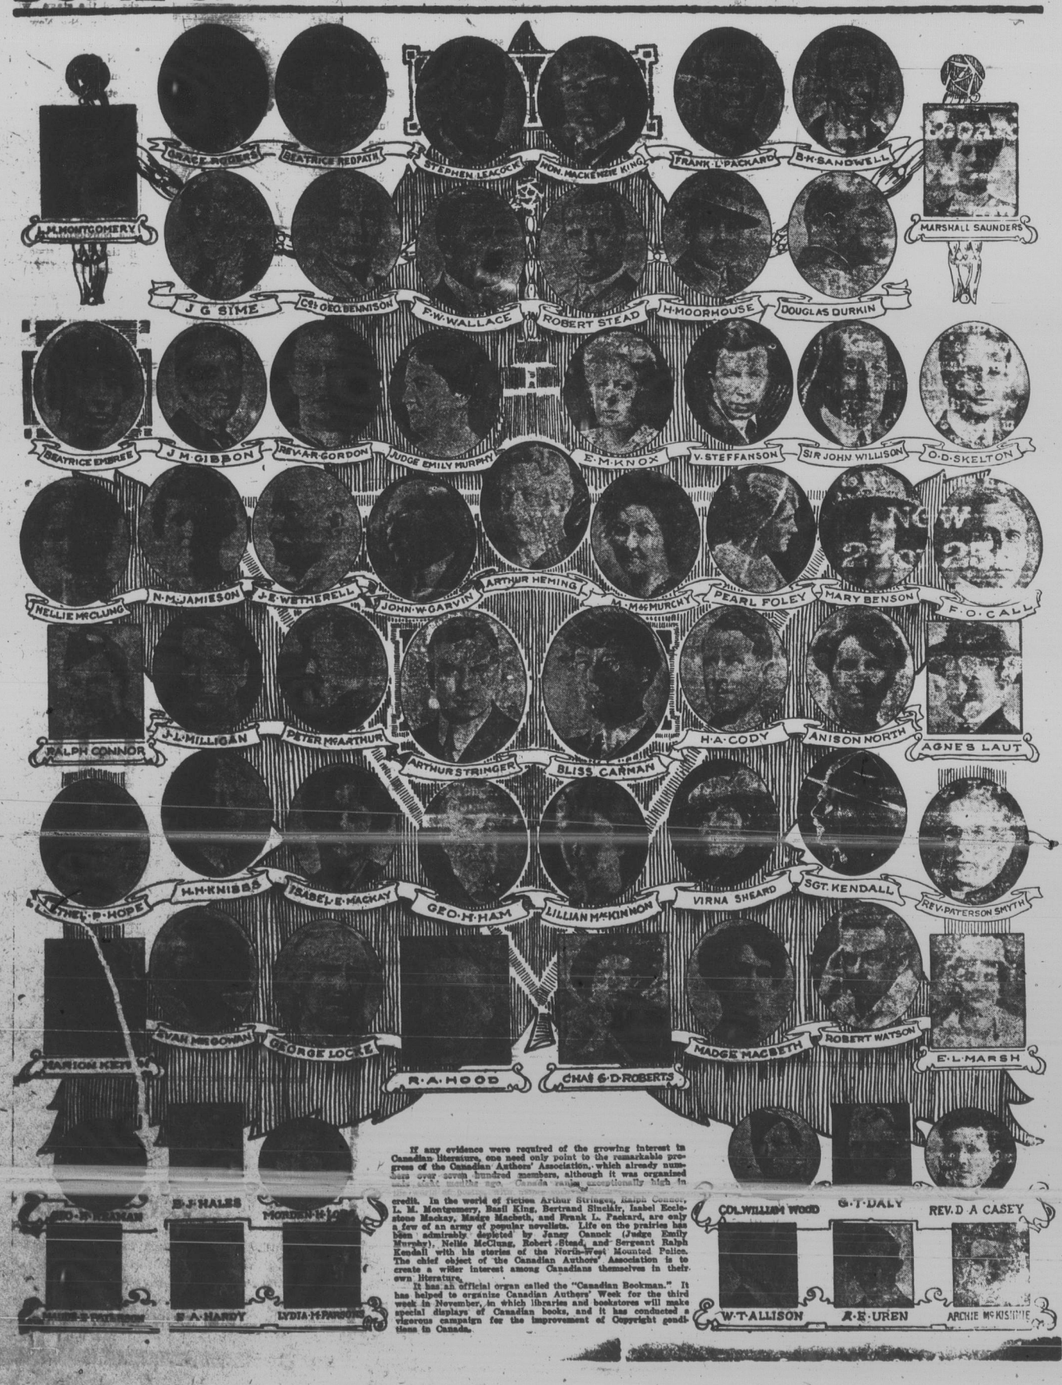
SOME CANADIAN AUTHORS OF TO-DAY



If any evidence were required of the growing interest in Canadian literature, one need only point to the remarkable progress of the Canadian Authors' Association, which already numbers over seven hundred members, although it was organized only eight months ago. Canada ranks exceptionally high in its credits. In the world of fiction Arthur Stringer, Ralph Connor, L. M. Montgomery, Basil King, Bertrand Sinclair, Isabel Ecclestone Mackay, Madge Macbeth, and Frank L. Packard, are only a few of an army of popular novelists. Life on the prairies has been admirably depicted by Janey Canuck (Judge Emily Murphy), Nellie McClung, Robert Stead, and Sergeant Ralph Kendall with his stories of the North-West Mounted Police. The chief object of the Canadian Authors' Association is to create a wider interest among Canadians themselves in their own literature.

It has an official organ called the "Canadian Bookman." It has helped to organize Canadian Authors' Week for the third week in November, in which libraries and booksellers will make special displays of Canadian books, and it has conducted a vigorous campaign for the improvement of Copyright conditions in Canada.
