FIFTH YEAR.

The election of aldermen for 1884 took place yesterday with the following result, names of the candidates elected being printed in small caps : St. Andrew's Ward.

the part of the Grand Trunk. He was too friendly to the great corporation.

The defeat of Ald. Saunders is much to be regretted. Sickness in his family prevented this worthy gentleman from canvassing, but the people of St. Paul's should have remembered his past services, notably his work for the approvation of the ward to his work for the annexation of the ward to the city, and returned him by a handsome majority without even the solicitation of ngle vote. As it is, they rewarded faithful and effici ent representation with ingrati-tude. But such is the way of the world. The electors of St. John's ward are very tantalizing towards Mr. Fleming, having twice put him within three or four of the

The council is a good one, and the people will expect good work from it. There was little excitement over the elections, and the vote polled in the different wards was a comparatively small one. This was principally due to the absence of a mayoralty contest.

Hugh McMath was elected reeve of the flowery suburb, polling 210 votes against W. P. Atkinson's 198. G. S. Booth carried the deputy reeveship. W. C. The result in this suburb was as follows: Reeve, Dr. McConnell. Councillors, C. L. Denison, F. B. Morrow, J. Friar, M. Woods.

Bitter Suffering Among the People of Atlanta, Ga., Jan. 7. — The cold weather last week steadily grew worse until Friday and Saturday nights, when it reached zero here. It was productive of the most dreadful consequences. On Saturday it was learned that hundreds of

The Constitution on Sunday morning made an appeal to citizens to send money, provisions, and fuel, which would be disbursed by its business office. At noon there were about thirty wood wagons and as many more as a provision train. as many more as a provision train. The expense of bringing such a monster show of talent must have been very great, and the public has reason to be grateful to Messrs, Suckling & Sons, to whose enterprise and energy this treat is due. The expectations of those who went last night were great, but they were not disappointed. The principal features of the program were the Scotch Rhapsody and the symphonic poem, Les Preludes.
