Police Court already is the record of Mr. and Mrs. W. O. Chute, The husband, who is a tailor, appeared before Col. Denison yesterday morning charged with non-support. Mrs. Chute testified that she had lived with her husband only three months. At first they boarded in Sherbourne-street, and then contrary to Mrs. Chute's desire they moved to Shuter-street. This occasioned a quarrel, and Mrs. Chute says her husband swore at her and slapped her ears. From the effects of the row she was compelled to stay in bed for three days. Part of the time she was out of her mind and tried to cut her husband's throat with a razor. Mrs. Chute said she was willing to go back to her husband if he would agree to support her. Chute was committed for trial, his own ball in \$200 being accepted.

Henry Allen & Co. to John J. Dixon & Co.:
One bugaboo is out of the way. Free silver has gone to the demnition bowwows. The anti-option bill no longer threatens. Some gold has been engaged for export to-day and more may be before Saturday steamer sails, but generally and practically in every way the financial situation has cleared. Scare-crows upon which the begroutingent has relied most confidently have is a new threat just when they ought to be begroutingent has relied most confidently have is a new threat just when they ought to be they could be set in the second out, but unfortunately there is a new threat just when they ought to be begrouting into snaris, cutting rates or threatening to. About the only road out west which seems to be attending to its own business and making insued to-day represents a cut of about 20 to 25 per cent. This is senseless, but that fact won't prevent it being hurtful. The coal stocks maintain their favorable position. Reading stock and bonds have led the advances in to-day's market. There is no good reason why investors in these properties should be disappointed in expectations of large profits. The money market does not tighten as has been predicted by the bear crowd.

GRATEFUL-COMFORTING EPPS'S COCOA

BREAKFAST. "By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa. Mr. Epps has provided our breakfast tables with a delicately-flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

Made simply with boiling water or milk. Sold only in packets by Grocers, labelled thus:
