**LEMIRE**  
**STONE & STUMP LIFTER**  
Patented 1894.  
Capacity of Lifting 18,000 lbs. (With no equal.)  
Lifting and carrying stones at will, so you can make with them fences from 4 to 6 foot high. When buying this strong and durable machine, you can make your fence with big stones instead of buying spike wire for fences. You will clear your land for the mowers and reapers. To lift a stone you make the lever work and the hooks will hold it when lifting. You can lower it in the same manner or make it fall by touching a ring fixed in the wheel. You can lift, remove and put into fence a stone in 10 minutes. Agricultural Societies should buy it. Farmers if they like may join in club to buy it. Price moderate. For all particulars address to  
**A. LEMIRE, Proprietor, Wotton,**  
Or at the Ples-ville Foundry, Somerset.
