

Oh, if I could wear this tongue to the stump in extolling my Lord and Master!

A gentleman at Bristol writes:—"For six years a decayed tooth prevented mastication on the side it was situated, as well as causing many sleepless nights; but having used Bunter's Nervine, I am not only relieved of the most troublesome of all pains, but can now use the tooth without the slightest inconvenience." Of all chemists 1s. 1½d. per packet.

I think ye the longer the better of my royal and worthy Master. He is become a new well-beloved to me now, in renewed consolations, by the presence of the Spirit of grace and glory.

COLD WEATHER.—The best way to make up winter clothes quickly, and well is to use Whight and Mann's Prima Donna Lock-stitch Hand Sewing Machine, obtainable at 12, Holborn Bars, London. See particulars on back page of this paper.

It is but a small thing to see Christ in a book, as men see the world in a map; but to come near to Christ, to love Him and embrace Him, is quite another thing.

COUGHS, ASTHMA, BRONCHITIS.—Medical testimony states that no other medicine is so effectual in the cure of these dangerous maladies as Keating's Cough Lozenges, which are sold by all chemists, in boxes, at 1s. 1½d. and 2s. 9d. N.B.—They contain no opium or preparation thereof.

One of the most pleasant preparations for Coughs and Throat Affections is Turner's Tamarind Cough Emulsion. Its certain effect on the throat and bronchia ac's like a charm. We say, take the best remedy first.

I am still upon this, that if you seek, there is a hidden treasure and a gold mine in Christ you never yet saw; then come and see.
