

had done in Canada for the Church and Education, and concluded an entertaining address amid great applause.

The Principal's Report stated that the general results of the work of the College had been satisfactory. Forty-five students were reported in the College, and ten in the Divinity Faculty, who were all graduates. Thirty-three were in Arts, of whom twenty-seven were fully matriculated. Only four had graduated this year, one taking Classical Honors. The new Calendar contained not only a reference, the Report said, to the work of the College, and School, and Medical Faculty, but also an account of the Dental College of Quebec, recently affiliated, and of the Dominion College of Music, also recently affiliated. A proposal from a Ladies' College in Ontario had been declined with regret. The work of special faculties had been satisfactory. The number of students was the largest on record in both the faculties of Arts and Divinity and the same might be said of the Medical Faculty in Montreal. It was his impression, the Principal said, that in no year of recent times had there been better work and general conduct on the part of the students, and of all the members of the Institution than in the present year. He had noted with pleasure that some of their recent Graduates had done well in teaching and were taking the headships of important local Schools. The Missionary Work of the College had been well illustrated by the labours of the Revs. I. N. Kerr and C. E. Bishop on the Labrador. He could not close without some reference to the Jubilee Fund. A year ago that day it consisted of less than \$1,000. Till December 2nd, 1895, its proportions were slender. Then Mr. R. Hamilton, D.C.L., of Quebec, gave it an impetus by an offer of \$20,000 on condition that \$10,000 was subscribed before the 31st of July, 1896. The condition had been complied with by June 3rd. Besides that, two subscriptions of \$5,000 had been

given by Mr. J. H. R. Molson, of Montreal, and Hon. E. J. Price, Quebec. The S. P. C. K., had promised a like sum on condition that certain Professorships were fully endowed. To place the condition of the Jubilee Fund in a nutshell, he would say that they now had \$41,000 certain. There was besides about \$14,000 in the air, but \$5,000 of this was dependent on their obtaining \$5,000 more which was not yet in the air. In a few words, there were \$41,000 obtained, \$14,000 in the air and \$5,000 that must be obtained.

The Chancellor was then called upon to confer the degrees, a duty which he performed amid enthusiastic applause. The conferring of the dental degrees and those of Archdeacon Roe and Rev. G. Abbott Smith brought out prolonged applause.

The following is a list of the degrees conferred, and of the College and School Prizes:—

DEGREES.

D. C. L. (*honoris causa*.)—Ven. Archdeacon Roe, D. D.

B. D.—The Rev. G. Abbott Smith, M. A.

M. A. (*in course*)—The Rev. M. O. Smith, B.A., B.D. H. D. Hamilton, B.A., M.D. R. E. Howe, B.A.

D. D. S.—E. B. Ibbotson, J. S. Ibbotson, H. J. S. Nichol, J. E. Maufette, T. D'A. Tansey, R. L. Watson, E. C. Martel, H. C. McConnell, W. J. Kerr.

B. A. (*ad eundem*.)—A. A. Brockington, B.A., London.

B. A. (*in course*.)—W. E. Thorneloe, 2nd class Classical Honours. B. A. Planche, option (Math and Science) 2nd class. W. G. M. Robertson, option (Math. and History) 2nd class. H. P. Boyle, option (Classics and Mod. Lang.) 2nd class.

SCHOLARSHIPS, PRIZES, etc.

DIVINITY FACULTY.

Haensel Prize (Reading in Chapel)—W. Barton, B. A.
