2. The Contracting Parties agree to provide aid to each other as necessary with a view to preventing unlawful seizure of aircraft and other unlawful acts against the safety of aircraft, airports and air navigation facilities and any other threat to aviation security.
3. When an incident, or threat of an incident, of unlawful seizure of aircraft, airports or other unlawful acts against the safety of aircraft, airports and air navigation facilities occurs, the Contracting Parties shall assist each other by facilitating communications intended to terminate rapidly and safely such incident or threat thereof.
4. Each Contracting Party agrees to observe the security provisions required by the other Contracting Party for entry into the territory of the other Contracting Party and to take adequate measures to inspect passengers and their carry-on items. Each Contracting Party shall also give sympathetic consideration to any request from the other Contracting Party for special security measures for its aircraft or passengers to meet a particular threat.
5. The Contracting Party shall act consistently with applicable aviation security provisions established by the International Civil Aviation Organization. Should a Contracting Party depart from such provisions, the other Contracting Party may, if necessary, request consultations with that Contracting Party. Unless otherwise agreed by the Contracting Parties, such consultations shall begin within a period of sixty (60) days of the date of receipt of such a request. Failure of consultations to result in a satisfactory agreement on matters regarding aviation security will constitute grounds for the aeronautical authorities of the Contracting Party requesting consultations to withhold the authorizations referred to in Article V of this Agreement with respect to an airline designated by the other Contracting Party, to revoke or suspend such authorizations or impose conditions, temporarily or permanently.
