LIFTING OF AIR TRAVEL SANCTIONS  
AGAINST POLAND

The Honourable Jean Chrétien, Deputy Prime Minister and Secretary of State for External Affairs, announced today the lifting of restrictions on the number of scheduled and charter flights by the national Polish airline LOT to Canada. From now on the allocation of charter and regular flights will be handled by the appropriate Canadian authorities under the laws and regulations in effect.

Mr. Chrétien stated that this measure imposed by Canada in February 1982 is lifted as a goodwill gesture in response to the amnesty for political prisoners recently proclaimed by the parliament of Poland.
