C. H. Monahan, Proprietor

Fredericton, N.B.

part of the World —

I have a busted shoulder, filled  
with lead — Shrapnell in my hip —  
Lumbago in my back + Rheumatism  
in my system, as a legacy from  
the late War — No money and  
on the constant move — But  
I have one still greater legacy,  
learnt from experience in the late  
war, viz — Still keeping up that  
indominatable spirit, not recognizing  
defeat, chin up, and still  
having having faith in our fellow-  
men — Yours very sincerely
