Gentlemen, Mr. Chandouet is an American Subject; and as the Prifoner folicited him to join in the projected Revolution, you have in his Tellimony, Evidence also upon the firth overt Act. But to support it still further, and to prove the feventh overt A&, I thall examine Thomas Butterfield. This Evidence is an Accomplice and a subject of the United States. He first faw the Prifoner at Swanton, in the State of Vermont, in November lalt, the Prifoner told him, as he had told to all the other Witnesses, that he had been in . Canada to feel the Pulfe of the Inhabitants, to learn if they were willing to throw off the British Government. That he was employed for this Purpole by Mr. Adet the French Minilter, and was then returning to him at Philadelphia, to let him know the Refult of the Intelligence he had acquired in this Province. That he meant to return to Canada in the Spring, to profecute the buliness in which he was engaged, and folicited him to join in the Enterprize, which he (Butterfield) engaged to do: this is direct Proof of the fixth and feventh overt Acts. It feems that the Prisoner, at this Time, entertained an Idea of taking the Garrilon of Quebec by Surprife, for he mentioned it to Butterfield .- About the Middle of, April laft, true to his Intention of returning to Canada in the Spring, he went again to Butterfield's Houle, feemed to be apprebenfive that he was difcovered and declined coming into the Province till he had feen one Charles Frichette a Canadian. Butterfield came to Saint Johns at the Pilloner's Request, for Frichette, and carried him to Swanton. where the Prisoner conversed with him; and then determined not only to come into the Province but to proceed to Ouchec. Before he left Swanton he told Butterfield that his (Butterfield's) Pay thould commence from November laft, when he first engaged, and at parting informed him, that his Intention was to proceed to Quebec, to lee whether and in what Manner the Garrison might be taken by Surprife.

Gentlemen, The next Witnefs to be produced on the Part of the Crown is Charles Frichette, another Accomplice, and a Britifh Subject. His Evidence will go, generally, to support the overt Acts which charge the Priloner with the Defign of subverting his Majesty's Government and engaging his Subjects to rife in Rebellion; but more pointedly to the twelfth, thirteenth and fourteenth overt Acts. When he first faw the Priloner, which was in July, 1796.
