WILSON ASKS ALL AMERICANS TO WITHDRAW FROM MEXICO FIRM NEUTRALITY IS POLICY

Warning Given That Would Be Rulers of Mexico Will Be Held Responsible for Losses and Suffering of American Citizens—Troops Will Closely Guard Border.

WASHINGTON, Aug. 27.—(Can. Press.)—President Wilson went to Congress today and revealed how the Huerta provisional government in Mexico had rejected the friendship of the United States and its effort to aid in the establishing of peace and a government which could be recognized by this nation and which would be obeyed and respected by Mexico's own people.

Troops Are Vigilant. The message of the president was received with enthusiastic applause by members of the house and senate gathered in joint session in the house chamber, and tonight the machinery of the government is in motion for making effective policy of neutrality and "hands off" while the warring factions continue their struggle.

Navy is Ready. Secretary Bryan prepared to confer with President Wilson early tomorrow, and the assurance was given that everything necessary should be done to carry out strict neutrality.

RAILROAD MAN IN TOILS. George Ayers, a former employee of the Grand Trunk Railway, was arrested yesterday afternoon by Detective Cronin on a charge of stealing goods from the baggage room at the Union Station.

JURY BLAMES CROWN OFFICERS FOR LAXITY IN HASSAN MYSTERY

Provincial Authorities Severely Scored at Inquest Last Night—Evidence Showed That Detective Was Not Assigned to Case Until a Week After Assault Was Committed.

That Hugh Hassan died in the West-End Hospital on Aug. 14 as the result of wounds he received when brutally assaulted while sleeping in a lonely bush on the banks of the Humber river, and that his murderer made good his escape through the laxity in the provincial police department. This was the gist of a verdict rendered by Coroner Dr. R. J. Wilson's jury at the city morgue last night, enquiring into the manner in which the aged man sustained his injuries on the night of Aug. 4.

"We unanimously say that Hugh Hassan died in the West-End Hospital on August 14 as the result of wounds inflicted during a murderous assault committed on Aug. 4, by some person or persons unknown to the jury.

Must Leave at Once

WASHINGTON, Aug. 27.—(Can. Press.)—President Wilson tonight warned all Americans to leave Mexico at once. At the same time the American embassy and all consular representatives throughout the southern republic were instructed to "notify all officials, civil and military, in Mexico," that they would be held strictly responsible for harm or injury done to Americans or their property.

NEVER DOUBTED ITS FRIENDSHIP

Huerta Says He Always Expected the United States to Take a Disinterested View.

(Special to The Toronto World.) MEXICO CITY, Aug. 27.—President Huerta evinced so little interest, apparently, in the effect of President Wilson's speech to the United States Congress, that he left his office early this afternoon for the suburb of Popotla, where he is erecting a new residence.

"That is substantially what I expected," he said, "we never had any reason to doubt the friendship and disinterested motives of the United States."

When it was suggested that apparently by the construction of a residence by the president (Huerta) had no present intention of quitting Mexico, he laughed, and in Spanish, quoted a proverb to the effect that old trees do not stand transplanting.

AGED FORESTERS TO HAVE A HOME

E. G. Stevenson, Head of I. O. F., Will Found and Maintain the Institution.

Following his intimation that within the next two years, a home for aged Foresters would be provided, and that the order would not have to stand a cent of the cost, E. G. Stevenson, head of the Independent Order of Foresters, received cheer after cheer from two hundred and six delegates at the meeting of the supreme court, yesterday afternoon.

George Young of 1173 Dundas street, a boy, stated that on Tuesday, Aug. 5, at 1.30 p.m. he saw a man walking towards a confectionery store near the Humber and that he seemed very stealthy in his movements.

WARM APPROVAL GIVEN POLICY OF WILSON

Even Party Foes Express Appreciation of President's Handling of Complex Mexican Situation—Message Will, It is Hoped, Have Soothing Effect on American People.

WASHINGTON, Aug. 27.—(Can. Press.)—Congressional leaders declared tonight that President Wilson's vigorous assertion of a definite policy toward Mexico would have the effect of staying in congress, for a time, at least, open criticism of the administration and demands for information. Those who discussed the message agreed in the general statement that it presented a frank and full statement as to the recent negotiations with the Huerta government, and at the same time definitely outlined the American policy for the future.

Republicans joined with Democrats in the endorsement of the president's utterances. Thus far, however, there has been little detailed discussion of the plans outlined.

Hawker's brilliant attempt to win The Daily Mail \$25,000 "flight round Britain" prize in a Sopwith waterplane, ended disastrously today, his machine falling into the sea near Skerries, 15 miles north of Dublin. Hawker appeared to be experiencing trouble with his engine before the left wing of the machine snapped while he still was 100 feet in the air. The Daily Mail announced tonight they would give Hawker a gift of \$5000. It is estimated that Hawker's two attempts cost \$10,000, this sum including the net cost of the waterplane and expenses.

THAW TRIUMPHANT

Tonight with Thaw's term of confinement indeterminate and the key in the most unfound, there was a general exodus of those who rushed there after the failure a sensational escape from Mattawan eleven days ago. Wm. Travers Jerome, former prosecutor of Thaw and specialist on matters pertaining to his life, left tonight for Quebec, accompanied by Franklin Kennedy, deputy attorney-general of New York. Either tonight or tomorrow will depart District Attorney E. A. Long, a former attorney, Sheriff Frederick Hornbeck of that county, Eupt. Kieb of Mattawan, John E. Mack, former district attorney of Dutchess County, and with him Sheriff and deputies of Vermont and New Hampshire, who were ready to string themselves along the border line and seize Thaw in the event of his deportation.

THAW TRIUMPHANT

The three points in which Thaw's lawyers were successful in their first legal skirmish were: 1. New York State was denied the right to party to the proceedings in Ontario. 2. Counsel for the state failed in their efforts to have Thaw arraigned before a magistrate, and the commitment on which he is held quashed. This would have released him to the immigration officers. 3. Judge Globensky granted the plea of Thaw's counsel for a discontinuance of the writ of habeas corpus, which might have brought about his release today. This remedied a strategic blunder made by Thaw's attorneys last week, who apparently did not realize then that in seeking their client's release they were playing into the opposition's hands.

THAW TRIUMPHANT

From his cell tonight, Thaw issued the following statement: "May I acknowledge the fair-play accorded by everyone since my arrival in Canada, and express my gratitude for the sympathy shown by Canadian people in my present struggle to regain my liberty and to thank especially all the Canadians who have released him to the immigration officers. It is much better than I deserve, and entirely at variance with the malice shown in New York. "It is only fair to make clear that the people of New York are all right; no unfairness can be found in the people of New York. A proof of this was found in the vigorous opposition to giving me an honest jury trial shown by the undercurrent attorney-general. He and his pals
