dowment for educational purposes and technical education. Ranching Commercialism.

Considerable difference of opinion exists among members of the deputation as to what policy should be adopted by the government respecting the ed by the government respecting the ranching situation, and this difference, it is understood, is reflected to some extent in the Dominion cabinet. Hon. Dr. Roche, minister of the interior, is quited as standing by the report recently made by the ranching commission which declared that the cattle industry of Alberta could only be preserved by maintaining and even enlarging the big ranching reservaenlarging the big ranching reserva-tions. Hon. Mr. Rogers on the other hand, is said to favor the establishment of small communal ranching reservations for the benefit of homesteaders, who would be allowed to graze a certain number of cattle upon the same. The visiting Alber-tans are not agreed as to which would be the better policy, but the majority of them favor breaking up the big ranches, claiming that they give an undue preference to the packer. The encouragement of the dead meat in-dustry by the establishment and

operation of abattoirs under federal control will also be advocated.

Want Tariff Cuts.

In addition to the removal of the wheat and flour duties the visiting Conservative statesmen from Alberta will ask for tariff reductions upon various staples, including cement and agricultural implements. It is not likely that any of these requests for tariff reductions will receive anything more than a promise of favorable consideration when the general revision of the tariff is taken up at a later date. Indeed, it is more than suspected that the visit to Ottawa is for the purpose of placating local sentiment as far as possible without antagonizing or even seriously embar-rasing the Dominion Government. The delegates, however, will remain here until after the opening of parliament, and expect to talk over the western situation with the Conservative members from Ontario and the other pro-vinces before leaving the capital.

> officers of the Holy Name Society of St. Basil's Church, St. Joseph street, was held Sunday evening in the college hall, St. Michael's College, a large gathering of the members being present. The chairman in his address said: "A year has rolled around since we met in this hall to elect our officers for 1912, and we are met here tonight to take stock of ourselves and our branch. With reference to ourselves I would ask: Have we kept our pledge to keep our speech free from profanity and indecency and to promote the same and indecency and to promote the same virtues among those with whom we came in contact in our daily life?

"Regarding our branch, the usual activities have been kept up. A splendid address had been given at one of our meetings from Father Kekoe, and as usual for the spring and summer

New Officers. "With regard to the election of officers, the selection should be the best men in the society, regardless of per-

sonal friendships, which often prompts to nominate a man because he is our friend, the having no particular apti-tude for the work before him. At the last meeting of the Diocesan Union two important matters were brought up, and as the delegates to the union will be expected to deal with them, an expression of opinion is invited up-

on them.

"The first is the Isolation HospitalIt was pointed out that the magnificent new General Hospital, costing over \$2.000.000, lay at the south side of St. Bil's parish. Many hundreds of our Catholic fellow-citizens passed thru its wards during each year, and St. Basil's How Name Society is expected to provide visitors for these peoplemany of them poor and friendless. This duty might properly be taken up self-supporting after its gets under way.

"It is interesting to note that the society is growing in our Province of Ontario, new branches having lately been formed at Thoroid, Dixie. Lambton. Welland, Mimico and Toronto, and I would bespeak the continued interest of every member of our branch in its successful operation."

The election of officers resulted as follows:
