surgents, if they were honest, were endeav. the author of tions of Men?" the author of tions of Men?" the prize of the prize of tions of Men?" The prize of tions of Men?"

shall arrive. It is said here that the action to day cannot prevent a meeting between the insurgent and the loyal warships. This fighting would take place in the bay with the probability of only a stray shot reaching the city. It is probable then that when El Cid and her consorts arrive, a naval battle will take place and the warships now at Rio will permit the engagement to go on so long as commerce and the city are not molested. Should Admiral Mello he able to organize an effective land force and able to organize an effective land force and

Lida Rose McCabe last year traveled through all parts of the Union collectattack the city in that way, the conditions would be materially changed, but that con-tingency does not at present appear likely. ing information about college girls and the schools they attend, both coeducafor women alone.
