

### DISBURSEMENT PLAN.

Members will be entitled to participate in an equal division of the accumulated surplus every tenth year, as follows:—Persons who become members during this year, ending Dec. 31, 1880, and who remain such members for full ten years, until Dec. 31, 1890, will be entitled to receive, in cash, their equal share of the accumulated surplus fund that will have accrued from assessments made for deceased members whose certificates are dated in the year 1880. And persons who become members during the year ending December 31, 1881, and remain such members for ten full years, until December 31, 1891, will be entitled to a like cash payment of their equal share of the accumulated surplus funds that will have accrued from assessments made for deceased members whose Certificates are dated in the year 1881. And so on for each and every succeeding year. This accumulated surplus to be paid at the end of every ten years will be twenty-five per cent of the entire surplus, with interest added—the other seventy-five per cent. of the entire surplus being used to pay claims without making assessments therefor.

### TO THE LADIES.

LADIES will be received as members in the Association UPON THE SAME TERMS as gentlemen.

### ASSESSMENTS.

An assessment of one dollar upon each member will be made in case of death of a member, except when there is money enough in surplus funds to pay said claim.

Any member failing to pay his or her assessment within the time limited in the notice issued to them, shall forfeit his or her membership and all moneys paid to the Association; but such membership may be restored at any time within one year from the issuing of the notice by paying all back dues to the Association and producing satisfactory proof of good health and habits.

In the half rate plan only one-half of the assessments
