COBALT MINING STOCKS

Speculation in Cobalt Stocks Simmers Down to Small Volume

Upward Movement Early in Day Checked By Profit-Taking—Small Declines Generally in Evidence.

World Office,
Wednesday Evening, Feb. 22.

Trading simmered down to a considerable extent on the mining markets to-day, and the total of transactions was of smaller volume than for some days. A better feeling was in evidence at the opening of the exchanges, but with falling off in activity, indicated a lessening public interest, and on the afternoon board an easier tone developed.

There has been an almost unusually broad market for the Cobalt issues of late, and it was not at all surprising to find the list of securities in a waiting mood to-day. Sentiment, too, was little affected by the halting disposition, and the change in tone was taken as only a temporary influence by brokers and floor traders.

While lower prices were recorded by several of the cheaper stocks, reactions were not of appreciable volume, being restricted to fractions of a cent in most instances.

In the early dealings small advances were the rule. Beaver gained two points at 43 1-2, but realizing sales checked the feeling of buoyancy, and the shares lost more than their gain on the afternoon board, closing at 41, which was also the bottom figure for the day.

There was a flurry in Little Nipissing on what was taken to be a short covering movement, and the price rallied to 6 cents, an advance of over a point. The shares were lifeless during the afternoon and reacted to 4 1-2. Peterson Lake and Hargraves were firm. Gould was in better demand and sold as high as 3 1-8.

Hollinger continued erratic, the shares selling as low as $5.40 during the morning session, and recovering to $5.80 later in the day.

To-day's slight depression in the Cobalts was only natural after the recent advances. The holiday in the United States markets was cited as a possible influence, but this was not taken into consideration as a factor in affecting local sentiment.

TOWNSITE EXTENDED

Walsh Golden City Interests Acquire Reilly Property.

PORCUPINE CITY, Feb. 21.—(From Our Man Up North.)—It was announced to-day that the Reilly property, the highest and most picturesque land on Porcupine Lake, had been added to the Golden City townsite. The claim is situated a quarter of a mile directly south from the recorder's office and faces the lake. The land has been taken over by the owners of the Walsh Golden City property, and will be surveyed into lots and put on the market. T. Marleau, Porcupine P. O., is the agent for the property.

SILVER MARKET

Reactionary Trend Due in Part to Severity of Plague in China.

Samuel Montagu & Co. write under date of Feb. 9: Owing to the plague, sales of silver on China account have been made off and on ever since business was resumed after the Chinese New Year. These sales had to be taken by a market far from robust, suffering from undigested stocks and from hope deferred of any serious reduction in the Indian currency silver reserves, so that, as a consequence, prices commenced to fall heavily. To-day the price for cash has fallen to 23 11-16d, the lowest price since March 8 last year.

Until the plague abates, or silver reaches a point well worthy of the attention of speculators—we refer to a widespread movement and not that of already tired operators—or the China exchange is forced so low that the Chinese export trade cannot avoid feeling the stimulus, an uneasy market must be expected.

The amount of India council bills offered for tender next week by the secretary of state has been reduced to 80 lacs. Both Shanghai and Bombay show an increase in stocks—the former by the equivalent of 970 bars, the latter by 600. A shipment of £80,000 has been made from San Francisco to Hongkong.

SILVER MARKET.

Bar silver in London, 24 1-16d oz.
Bar silver in New York, 52½c oz.
Mexican dollars, 45c.

TO BREAK UP COMMITTEE

Report That C. P. R. Threatens to Dissolve Atlantic Steamship Pool.

MONTREAL, Feb. 21.—A despatch from London states that the Canadian Pacific Railway is threatening to break up the Atlantic steamship combine unless it receives a greater proportion of the emigrant traffic. G. M. Bosworth, vice-president of the Canadian Pacific Railway, however, when interviewed on the subject this morning, said that he did not believe that there was anything in it.

The substance of the cable is as follows:

"The Canadian Pacific states that unless it is allowed a larger percentage of the North Atlantic emigrant traffic, it will not consent to the continuance of the pool after is expiration next month. As a precautionary measure, this line has already given notice of the termination of all contracts."

Hydro Power at the Exhibition.

The mayor has received an answer to his query as to the preparation for hydro-electric power at the exhibition grounds.

Electrical Engineer Aitken writes that plans and specifications have been completed for the inside wiring of all buildings, and that everything is now practically in readiness to call for tenders for the work.

HAD KIDNEY TROUBLE.

COULD NOT CROSS THE FLOOR PAIN WAS SO GREAT.

Miss Hazel Hess, Winchester Springs, Ont., writes:—"I was troubled with my kidneys for five years. They were so bad, at times, I could not cross the floor for the pain. The doctor could not do me any good and a friend advised me to use Doan's Kidney Pills. I bought six boxes and now I have been cured for over four years. I will recommend them to every sufferer."

No woman can be strong and healthy unless the kidneys are well. When the kidneys are ill, the whole body is ill, for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of sewerage be not clogged up.

Doan's Kidney Pills are a purely vegetable medicine, realizing quick, permanent relief, without any after ill effects. A medicine that will absolutely cure backache and all forms of kidney and bladder trouble.

Doan's Kidney Pills are 50c. per box or 3 for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

PORCUPINE GOLD CAMP

BIG SULPHIDE DYKE IN LANGMUIR TOWNSHIP

District South of Night Hawk Lake Gives Good Promise—Development is Needed.

PORCUPINE CITY, Feb. 20.—(From Our Man Up North.)—F. J. Green of Orillia and others are the owners of claims Nos. 15,190, 13,978 and 13,986, in Langmuir Township, on which a sulphide dyke, carrying assays in gold from $20 up to $50, with silver showings of an encouraging nature, 150 feet wide, has been opened. Work is now going on.

Engineers who visited Langmuir last summer and fall often spoke of the big dyke running from the northeast to the southwest, in which very encouraging quartz leads were found. Evidently by their present development work the Orillia owners find that the dyke is of far more consequence than engineers expected at the time of their inspection, when only the surface could be viewed.

Mine men who had occasion to look over Langmuir last summer have recently stated that they believe a big low grade proposition, one that has the carrying qualities, will yet come out of this district. Only this week buyers, who claimed they were asked too much for prospects in the recognized belt, told The World that they would rather go into Langmuir, where claims were cheap, and put their extra money saved from a high purchase price into work on this sulphide dyke. They are anxious to see what lies beneath the surface and just what depth will bring.

The Langmuir district, like all others here, must be developed in order to determine value and qualities.

Prospectors are doing what they can in the way of shoveling snow and pecking into the rock to get in their second year's work, but what is needed is a live syndicate with means to rip up some of the big dykes and put shafts down to depth. Chas. Fox.

Porcupine Notes

The telephone company have opened a South Porcupine branch with an exchange office, from which the service in Tisdale will be conducted. Miss McCafferty is in charge.

Porcupine has heard nothing so far of the incorporation movement which was started a month ago, when petitions for the incorporation of Porcupine City and Golden City as one town under the name of "Porcupine" were sent in.

Contractors who are hauling freight to the Dome and the Timmins are hurrying matters now, as only about 60 days remain when big loads can be brought over the trail.

Sol Reneau, the owner of several claims in the camp, has returned from a two weeks' stay in Haileybury, and reports a very active movement in the Langmuir district.

It is known that Messrs. Doyle and Sweeney, the Cripple Creek mine men who spent a few days here a month ago, think exceedingly well of the showings in the southeast corner of Shaw, where free gold finds have been made in a sulphide dyke.

With diamond drills running down at the rate of from 30 to 40 feet a day in several different parts of the big district, it will not be many weeks before the depth of several of the big veins will have been tested out quite well.

Now comes the time for the small builder, and not a day passes but small shacks are run up in some quarter, to place the owner in a position to get trade when the sun shines more nearly on both sides of the fence.

The Goudie building in Porcupine City is nearing completion, and when finished will be one of the biggest, as well as one of the most substantial, buildings on Bristol-road. Chas. Fox.

WILL NOT USE REVENUE TO PURCHASE RAILWAY

Controllers Willing to Let Posterity Shift For Itself—Trouble Over Smoke Bylaw.

Ald. McMurrich's motion, sent on from the city council to the board of control, recommending that the sum of $500,000 per year be taken from the street railway revenue and placed to the credit of a sinking fund for the purchase of the street railway at the expiration of the franchise, was not favorably received by the mayor and the majority of the controllers.

Controller Hocken thought, however, the suggestion was timely and sensible. With the money thus set aside for the purchase, it would entirely eliminate all chances of the franchise being extended.

Contraller Church believed that the people who were suffering the hardships of the unsatisfactory car service were entitled to the reduction in taxes which the use of the street railway revenue made possible.

"It looks to me like taxing the people of the present day to provide beds of roses for those who will be here ten years from now," remarked Controller Ward.

It was the opinion of the mayor that if the city could not take over the railway at the expiration of the franchise and make it pay interest on the investment, it was rather a sorry outlook for public ownership.

It was decided, therefore, to report against the motion with Controller Hocken the only one oppasing the decision.

Can't Obey Smoke Bylaw.

G. H. Watson, K.C., headed a deputation consisting of Thos. Findlay, treasurer of the Massey Harris Co., and General Superintendent Verity, to object to the enforcement of the smoke nuisance bylaw, which had resulted in their being summoned to police court for maintaining a nuisance. Mr. Watson requested that the bylaw be amended.

Mr. Findlay explained that they had the smoke from the fires of ten furnaces carried into one smokestack and if the volume of dense smoke were divided by ten, it would not average as much as six minutes to the hour per boiler. The specific charge they had been summoned on was for permitting dense smoke to come from the smoke stack for a period of twenty-seven minutes, when the law provided that it shall not be more than six minutes to the hour. He declared that his company had spent $5000 for appliances and $25,000 in additional fuel in order to try and come within the provisions of the bylaw and had found it impossible to do so. There was no question that they had made an honest effort, and he thought the only thing they could do now was to come to police court and pay their $50 fine every week, or every day, if necessary. This would be preferable to spending more money on costly experiments.

Superintendent Verity suggested that it would be possible to evade the law by placing a smokestack over each boiler and letting each one emit dense smoke for six minutes per hour.

May Amend, Says Mayor.

The mayor replied that in event of such action the city might find it necessary to have the law amended.

Property Commissioner Harris declared that the company could have found a solution long ago had they acted on his advice and advertised for bids from reputable firms in the smoke-consumer business. Such firms put in devices and they would not cost a cent if unsatisfactory. Other large manufacturing institutions were successfully combating the smoke nuisance.

At the mayor's suggestion Mr. Harris agreed to offer no objection to a stay of the police court proceedings pending such a time as he could confer with Mr. Verity and demonstrate to him that the nuisance could be abated.

Off to Ottawa.

Discussion as to the nominees for the position on the board of experts to investigate the water situation was deferred until Friday.

The entire board with the exception of Controller Spence went to Ottawa last night to confer with the Toronto members with reference to legislation before the house, in which the city is interested. They were accompanied by Ald. Maguire, Property Commissioner Harris, City Solicitor Johnston and C. W. Postlethwaite, harbor commissioner.

JOHN LOWDEN PRESIDENT

Presbyterian Sabbath School Association Elects Officers for Year.

Monday night the Presbyterian Sabbath School Association of Toronto held their fifth anual meeting in Bloor-street Presbyterian Church, with the president, John Lowden, in the chair.

The following officers were elected for the ensuing year: President, John Lowden; vice-presidents, east, Walter Davidson; centre, John Gilchrist; west, Andrew Hendry; secretary, J. C. Robertson; treasurer, Theon Gibson; executive, Donald Cameron, George Forster, H. E. Jackson. Rev. A. McGillivray is the assembly's S.S. convenor, and Rev. T. H. Rogers the synod's S.S. convenor.

After the business meeting Rev. G. M. Ross, a returned missionary from Honan, China, delivered an address illustrated by lantern slides on "Sabbath Schools in Missionary Lands."

The orchestra of the Kew Beach Sabbath School and the male quartet of Erskine Church Bible Class rendered musical numbers.

IRISH WILL NOT PARTICIPATE

Assure King, However, of Cordial Reception in Emerald Isle.

LONDON, Feb. 21.—At a meeting of the Irish parliamentary party to-night it was decided to abstain from participating in the coronation ceremonies. A statement was issued in effect that the part ygreatly regretted that the time had not yet come when it would feel free to join other representatives of the King, altho the cause of Irish liberty was on the eve of victory. Promise was made that when the King visited Ireland the people would welcome him with generosity and hospitality.

CANADIAN NAVY IN ACTION.

OTTAWA, Feb. 22.—The department of naval affairs has received a message to the effect that the new Canadian cruiser, Rainbow, while rounding Cape Scott had caught the steamer Edric of Seattle fishing within the three-mile limit, and was proceeding to Esquimalt with the Edric in tow.

Sons of England on Reciprocity.

The S.O.E.B.S. will hold a meeting in Victoria Hall to-night, at 8 o'clock, to consider the proposal now before parliament concerning reciprocity, in relation to its possible effect on the empire, and what steps should be taken for a public expression of views of those assembled. Mayor Geary, Controller Hocken, the Hon. A. B. Morine and others will speak.

Two Grand Trunk Excursions to Buffalo, Saturday, Feb. 25,

leaving Toronto 9 a.m. and 4.32 p.m. Only $2.10 for the round trip. Be sure that your tickets read via the Grand Trunk Railway System, the only double track route to Niagara Falls and Buffalo. Tickets valid returning until Monday, Feb. 27. Secure tickets at Grand Trunk city office, northwest corner King and Yonge-streets. Phone Main 4209.

CHARGE AGAINST GOVERNMENT.

Supt. Tinsley's annual report on the Ontario games and fisheries department, has been published. It charges the Dominion Government with vandalism in abolishing the close season for white fish in the Lake Erie district off Norfolk and Elgin.

Cobalt and Porcupine

We are entering on an era of the biggest mining boom that Canada has ever seen. The Cobalt market is strengthening every day, and no stock should be more attractive to investors or speculators than BEAVER. The workings are now down 400 feet, and continuous shipments of high-grade ore will be kept up. Shareholders are entitled to, and will receive, good dividends. From an investment standpoint, we regard BEAVER as one of the cheapest issues on the market. Porcupine, from the information we receive, will be as spectacular in gold production as Cobalt has been in silver. Two companies give exceedingly great promise of large returns — HOLLINGER and PRESTON EAST DOME. We say, with confidence, to buy these now.

J. T. EASTWOOD - 24 King St. West

PHONE M. 3445, 3446. MEMBER STANDARD STOCK EXCHANGE.

FROM THE CAMP

We are in receipt of information from our Representative at Porcupine which is very favorable to the position of PRESTON-EAST DOME. We will be glad to give particulars to our clients and others who are interested.

W. J. NEILL & CO.

GOULD CONSOLIDATED

We are advised from Cobalt that work has been started on the **GOULD** property and that aggressive development will be carried out from now on. Engineers have advised us that **GOULD** has great possibilities, and we strongly advise its purchase. The shares have already made a small advance, but we believe the movement has not yet really commenced.

PORCUPINE—Among the Porcupine issues we advise the immediate purchase of **PRESTON EAST DOME** shares.

Write us for information regarding this proposition.

A. J. BARR & CO.,

Members Standard Stock and Mining Exchange,

Phone Main 5492. 43 SCOTT ST., TORONTO.

GOLD—SILVER PORCUPINE COBALT

Cobalt market gives evidence of much further improvement and we recommend the purchase of **BEAVER** and **COBALT LAKE. BEAVER** will become a dividend payer and when this occurs the shares will be worth much more money. In the **PORCUPINE** stocks **HOLLINGER** is an exceptionally good buy. Full particulars are now available of the **Preston East Dome Co.** Write us for prospectus and other information. This company starts with $150,000.00 in the treasury, and will be one of the large gold producers of the new camp.

LORSCH & CO., 36 Toronto St.

Phone M. 7417. Members Standard Stock Exchange.

Hollinger and Preston East Dome

Before **HOLLINGER** stock was dealt in on the Exchanges it was selling around $4.00 per share. After being listed it advanced to above $6.00, and will, in all probability, sell very much higher.

PRESTON EAST DOME stock is now selling at 40c, and will be listed about the middle of next month, when we look for the shares to have a good advance. Write us for full particulars of both these Porcupine stocks.

ORDERS EXECUTED IN COBALT AND PORCUPINE STOCKS

24 KING STREET WEST, TORONTO

CAUSE OF PLAYGROUNDS MAKING GREAT HEADWAY

Association Reviews Progress at Annual Meeting—F. G. Osler Chosen President.

The history of the Toronto Playgrounds Association, as outlined at the annual meeting held yesterday afternoon in the city hall, was that of a most successful institution. The attendance was all that could be desired and the expressions of enthusiasm by the different members bespoke an added interest and greater effort on behalf of the work in the next year.

President C. A. B. Brown occupied the chair at the opening session and reviewed the work of the year, which, he declared, reflected great credit on those associated with him. He announced his retirement from the chief executive office, but assured the association of his hearty co-operation at all times

Finances in Good Shape.

The report of finances by the retiring honorary treasurer, James L. Hughes, showed general receipts of $1538.56, and a balance to the credit of the general account of $278.52. The summary showed the Osler account with a balance of $741.36, and the McCormack account $10,000. This, with the balance to the credit of the general account, made the total cash balance to the credit of the association of $11,019.88. Of the general receipts $600 was for six life members at $100 each. They are hon. George E. Cox, W. J. Gage, Chester D. Massey, George H. Gooderham, M.L.A.; W. R. Johnson and Aemilius Jarvis.

Dean Pakenham of the faculty of education of Toronto University, warmly commended the work of the association and declared himself heartily in accord with the movement.

S. Dillon Miller spoke of the proposals under consideration for the establishment of the McCormack Playground, the exact location of which has not yet been decided on.

Mrs. A. M. Huestis gave a thoro review of the work and suggested a scheme for the parks department, the board of education and the association to work together with a view to getting the best possible results. She said they had already seven playgrounds in operation.

Like City's Attitude.

Rev. Father Minehan congratulated the various prominent workers on the success attained and proposed a vote of thanks to them. This was heartily concurred in.

James L. Hughes referred to the encouragement that a committee from the association had received from the board of control and remarked that the association was but pointing the way in the movement. There would be a conference with the board of control as to the policy and that body was willing to take the matter of supervision in hand. He was of the opinion that the McCormack Playground should be in the east end of the city and preferably in the vicinity of the Woodbine.

The constitution was amended so as to provide that those occupying the position of auditor and assistant secretary need not be included in the membership of the executive.

F. G. Osler President.

The following officers selected by the nominating committee were unanimously elected:

Hon. president, E. B. Osler, M.P.; president, F. Gordon Osler; vice-presidents, S. Dillon Miller and Mrs. H. D. Warren; hon. secretary, Dr. Helen MacMurchy; hon. treasurer, Geo. R. Warwick; solicitor, Mr. Harry Symons, K.C.; auditor, Geo. U. Stiff, F.C.A.

Executive: Ex-officio—Jos. T. Clark and C. A. B. Brown.

Executive committee: A. J. Russell Snow, K.C.; Mrs. H. S. Strathy, C. J. Atkinson, Park Commissioner Wilson, Miss Grace T. Walker, Jas. L. Hughes, Mrs. A. M. Huestis, Rev. L. Minehan, Miss M. Curlette, Mrs. F. H. Torrington, J. J. Kelso, Ald. R. H. Graham, A. P. Lewis and S. Frank Beer.

On the new president taking the chair a vote of thanks was unanimously tendered the retiring officials.

It was decided to appoint two members of the association to confer with two from the board of education and two from the city park department for the purpose of making a harmonious arrangement for handling the playgrounds in conjunction with the school playgrounds and the city parks.

C. O. F. Celebration.

LONDON, Feb. 22.—Arrangements have been completed for a celebration to be held in this city in June of the Canadian Order of Foresters. The celebration will last three days, and 2000 Foresters are expected.

Tobacco Habit

Dr. McTaggart's tobacco remedy removes all desire for the weed in a few days. A vegetable medicine, and only requires touching the tongue with it occasionally. Price $2.00.

Liquor Habit

Marvelous results from taking his remedy for the liquor habit. Safe and inexpensive home treatment; no hypodermic injections, no publicity, no loss of time from business, and a cure guaranteed.

Address or consult Dr. McTaggart, 75 Yonge-street, Toronto, Canada.

Porcupine Talks

Our aim is to select the stocks that have the best chance for success. Our correspondent at Porcupine will report to us from time to time what he thinks of the different properties that are being offered for public subscription, and we will in turn recommend the purchase of those that have, in our opinion, the best prospects. Correspondence invited.
