Stock Wintered Well, But Spring Will Be Late-County Happenings.

Reports coming in from the district surrounding the city in York County all indicate that the situation is serious in respect to the supply of coarse feeds for horses and cattle, and that if the spring should be prolonged far beyond the ordinary time that loss will follow.

Dairymen especially complain that they are losing money at the prevailing prices. Hay and straw are at a premium, the latter being little used except by way of feed. There are exceptions where farmers are particularly well situated and have plenty to carry them over but this is the exception rather than the rule, and the outlook is not encouraging.

In any vent little or no pasture can be counted on before May 24th and there will be a lot of lean granaries in York County long before that time. Seed grain, too, is hard to obtain, while the wholesale seedsmen in the city declare that clover and timothy seeds as well as mangel-wurzels are higher and scarcer than for years. The excessive drouth and heat of last summer is given as the reason.

To-morrow (Thursday) night the operetta "Sylvia" will be given in the Eglinton Town Hall under the auspices of the St. Clement's Litterary Society. Tickets are still on sale at Mrs. Smith's dry goods store, Yonge-street, and indications all point to a bumper house. Those desiring to secure reserved seats would be well advised to do so at once. Considering the flattering eulogiums passed upon the operetta and the participants at a former presentation in town, townspeople will miss a great treat if they fail to hear "Sylvia."

Last night's meeting of the Davisville people cafled by the school board to discuss the merits of the relative sites did not bring out a very farge crowd, between twenty and twenty-ave attending, but that did not prevent the meeting waxing hot in spots. After a good deal of discussion a resolution was adopted supporting the purchase of a school site near the corner of Glenwood-avenue and the Mount Pleasant-road, at the same time suggesting the acquisition of the Davisville site which the school board have already decided upon. Just what action the council will take on Saturday with respect to this matter remains to be seen.

That there was no truth in the stortes published in the evening press to the effect that the Eaton strikers and locked-out employes had come to an agreement with the firm, was the statement made last night to The World by the strike leaders. Indeed the campaign is to be conducted more strenuously to-day than ever, when an extra numher of pickets will be detailed and the circulation of literature will continue. All look for a settlement at any time now, however, as it is a well-known fact that one of the managers of Eatons has been conferring with the strike committee for the past week or
