

See the girl with the axe!
See the old rooster with his neck stretched out for the ginger snap!
Where will the rooster get the axe?
Well, we can guess!

This picture is an allegory. The girl with the axe represents Dineen's—the axe is Dineen's price axe—the ginger snap is what the hat buyer gets—the axe is what the rooster gets—and the rooster's name is PRICES.

Dineen's sell more hats on Saturdays than any other hatter in Toronto

WON'T GIVE GOODMAN BAIL TWO COURTS REFUSE HIM

Accused of Receiving and Disposing of Stolen Goods Which Detectives Recover Out of Town.

Charles Goodman, charged with receiving property stolen from the Monynny and Lugand firms, and who, in spite of strenuous efforts to secure his release on bail, has been detained in custody, appeared in two courts yesterday.

A Woman's Friend

Because Ferrozone Brings Good Health, It Brings Good Looks, and is Invaluable on This Account.

Many women look old and lose their beauty, not through age, but through disease, ill health and suffering.

If you don't feel your best, and as long as your blood remains impure, your nerves unsteady, don't expect to feel tip-top.

If you have no appetite, poor digestion, are bilious and constipated, your skin will be sallow and pimply, with an unnatural palor about the cheeks.

Women without number who have suffered the mortifications of this run down condition, have made themselves healthy and well by taking Ferrozone.

It is a wonderful restorative course you won't look your best, and as long as your blood remains impure, your nerves unsteady, don't expect to feel tip-top.

Take Ferrozone for your beauty. It is a wonderful restorative course you won't look your best, and as long as your blood remains impure, your nerves unsteady, don't expect to feel tip-top.

Nothing can possibly do you so much lasting good as Ferrozone. It will enable you to go through life with pleasure and assurance, free from sickness and worry. We are quite sure you need Ferrozone, and know it will do you immeasurable good.

Price, 50c per box, or six for \$2.50, at all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

YORK COUNTY AND SUBURBS REQUEST SUBURBAN SERVICE

Largely Attended Meeting at Agincourt Appoints Committee to Wait on C.P.R. Officials.

Agincourt, Jan. 26.—(Special).—The question of a Canadian Pacific Railway suburban service from North Toronto to Agincourt, a distance of nine miles, or even to Locust Hill, seventeen miles, was discussed at a public meeting in Agincourt this afternoon, held immediately after the Milk Producers' Association had held their meeting in the Temperance Hall. There was a large attendance. James Chester presided. W. T. Maclean, referred to the fact that there was for such a service. It would improve the value of all the property, especially if the company would give an early morning and late evening service. The farmers would get their garden and dairy products to the city more rapidly. People would settle all along the line if they had such a service. The stops from North Toronto eastward suggested were: Summit Hill, a distance of one-half mile; Locust Hill, five miles; Elmhurst, seven miles; Agincourt, nine miles; Brown's Corners, eleven miles; Locust Hill, seventeen miles. A canvass of the meeting showed that over 100 cans of milk were now taken to the city over the roads from this territory. It was also pointed out that people would come from Markham to catch the train at Locust Hill or Brown's Corners. Slaley also spoke warmly in commendation of the service. He was sure it would be to the advantage of the district as it would enable them to go more frequently to town. Mr. Elliott also commended the project. The meeting unanimously adopted the following resolution: "Moved by Dr. Slaley, seconded by Mr. Elliott, that a committee be appointed to lay the matter before the railway officials." Details as to the nature of the service were left to the committee.

County Council. Yesterday's meeting of the York County Council was largely given up to the matter of the proposed right-of-way for the proposed railway line. It was in the desire to regulate and, if possible, eliminate what they call the "autobuses" of the county. At the same time, the council is also considering a petition from the residents of the county, asking for a by-law to regulate the use of automobiles. The council is also considering a petition from the residents of the county, asking for a by-law to regulate the use of automobiles.

Business Man Humiliated. Sentenced to Work on Streets for Assaulting His Wife.

New York, Jan. 26.—A Decatur, Ala., despatch to The World says: With shackle on his ankles and with a pick to do business, a man was forced to work on the streets at Decatur on Thursday with a gang of white and negro city convicts, and with a boss standing over him.

Bradstreet's Trade Review.

Montreal reports to Bradstreet's say: "The country continues to show a quiet tone in all lines, no doubt largely due to the continued mild weather which has worked against trade generally. Orders for spring business have also been a little slower than in the past, but the fact that winter goods may remain in the market for a longer period than usual, is a factor which will not encourage free buying of spring lines. Deliveries of spring goods are advancing, but dress goods are slow and unsteady. The market for metals and hardware are reported to be quiet. Metals and hardware are reported to be quiet. Metals and hardware are reported to be quiet.

HAPGOOD IS NOT GUILTY OF LIBEL OF JUDGE DEUEL

District Attorney Jerome Declares After Loathing of Some of His Own Newspapers.

New York, Jan. 26.—An unusually sensational trial came to an end today when a jury in the criminal branch of the supreme court reported that Norman Hapgood, editor of Collier's Weekly, was not guilty of criminal libel. The case had been on trial several weeks. The verdict was rendered ten minutes after the case had been given to the jury. The charge against Mr. Hapgood was brought at the instigation of Justice Deuel of the court of special sessions, and was based upon an editorial article in which the editor criticized Justice Deuel for his connection with Town Topics.

The real interest in the case was due to the fact that scores of persons of the highest social and financial standing became involved thru the efforts of the defence to prove that the statements contained in the alleged libel were correct, and therefore justified. To attain this end, some of the inner workings of Town Topics, a weekly publication which circulates extensively in the city, were laid bare.

The officers of the Epitome Lodge of Chosen Friends were installed Thursday night, the ceremony being followed by an oyster supper and highly sociable talk.

Offers have been submitted for the Skinner estate of 11 acres at Davisville, and it is thought that the land will be sold in connection with the tower and light companies with development plants at Niagara, or the Radial Railway.

York Mills. The Rev. Canon Dixon will give a lecture on the Book of Job, illustrated by light views, at St. John's Church on Wednesday evening, the first night, at 8 o'clock.

High Park Court. The Rev. Canon Dixon will give a lecture on the Book of Job, illustrated by light views, at St. John's Church on Wednesday evening, the first night, at 8 o'clock.

Stouffville, Jan. 26.—The election to fill the vacancy in the Stouffville council was held to-day. F. Wilson was elected.

Guelp's Collegiate Re-opens. Formal Ceremonies Attended by Many Prominent Speakers.

Guelp, Jan. 26.—(Special).—Guelp's Collegiate Institute, which has been closed for several years, was formally re-opened this afternoon. The opening ceremony was attended by Hon. Dr. Pyne, minister of education; Hugh Guthrie, M.P.; J. W. Downey, M.L.A.; the members of the board of education; the teaching staff, and a large number of prominent citizens.

The collegiate cadets gave an exhibition of their drill and public schools, and a number of cadets were drilled. The R. L. Torrance, chairman of the board of education, held that, contrary to the contention of a certain number of existing in almost every community, there should be no dividing line between the public schools and public schools.

Dr. Torrance, who is regarded as the father of Guelp's educational system, terminated the ceremony by reading a paper on the importance of the school system, which he said should be more fully taught in the school.

Mr. Guthrie was happy in visiting his alma mater and seeing the improved conditions.

Mr. Downey paid high tribute to Dr. Torrance on the consummation of his labors and the completion of the school system, and publishing the standing of pupils in classes. He thought it would be a great satisfaction to the school system, which he said should be more fully taught in the school.

Mr. Guthrie was happy in visiting his alma mater and seeing the improved conditions.
