Arch. Gosline and Robert Lambert Meet Death in the Lake--Third Man is Saved After Clinging Two Hours to Upturned Boat-Gosline, Soon to Be Married, Was Warned of His Fate.

Robert Lambert, married, drowned. Archibald Gosline, single, drowned. Joseph Henry Ross, saved.

Telling his landlady that he had a weird dream Saturday night that he would be drowned, Archie Gosline, an employe of the Canada Foundry Co. and Robert Lambert of 107 Armstrongavenue went to a watery grave in the lake off Mimico yesterday afternoor about 2 o'clock. The two men, in company with Joseph Henry Ross of the Canada Cycle & Motor Co., were upset from a sail boat. Ross was rescued after clinging to the boat for over two hours by F. G. Campton, cigar traveler of 1006 Dundas-street; John Harvey of Cladstone avenue; Arthur Turp of 421 Symington avenue; and Charles Turp, florist, corner Dundas and Bloor-streets, owner of the motor boat Peggy, in which the four men were. Ross for-merly lived at Chatham, N.B. Rented Boat in Morning.

Rented Boat in Morning.

The three men about 9 o'clock in the morning hired the sail boat from Devins at Sunnyside and sailed about five miles out. When they were "tacking" Gosline was standing up in the boat. The sail swung round, struck him and knocked him overboard. He fell against the side of the boat, which turned over. Ross determined to try and swim ashore. He managed to get his coat and vest off, in which were his watch and chain, and went a short distance, but found that his boots were too heavy, and so he returned to the boat. All three then clung to the boat. Lambert stayed for twenty minutes and then decided to move around to and then decided to move around to one side where he could secure a bet-

Gosline managed to hold on for half an hour longer, but his hands finally became so numb that he had to let go. He went down, but in a second came up again and called to Ross to give him his hand.

Ross reached out to do so, but he too slipped off and by the time he had scrambled into the boat again Gosline had gone down. Boss continued to Vice President and General Manager.

Ross was completely exhausted, but a little liquor which the men happened to have with them revived him, when he was able to recite the sad story. He fainted, however, at Sunnyside, and had to be taken in a cab to his boarding place at 48 Union. to his boarding place at 48 Unionavenue, Toronto Junction.

A peculiar circumstance connected with the incident was the fact that Gosline dreamed about the scale the night before. When leaving the house he bade the landlady "good-bye." She replied, "You shouldn't say goodbye, it's just good morning." said Gosline. "I tell you its "goodbye Gosline did not want to go sailing at first after having the dream, but on afterthought laughed the feeling off and said he would go. "It had to be," said Ross in relating the story. Lambert was a married man with seven children, and worked at the Canada Foundry, and he and Gosline lived in the same house. Gosline was to be married in a week.

pliance with its demands, and little attention need be paid to the reports of a conditional surrender, that phrase probably being intended to satisfy the Turkish people. At the foreign office to-night the Associated Press learned that it was quite unlikely that Great Britain would accept anything in the nature of a mixed or international commissioner at Cairo.

Gives an Opportunity.

The present controversy may easily develop an opportunity for Great Britain to regularize her status there. The delimination of the frontier will be with English, not Egyptian officials. Moreover, Great Britain will probably insist upon the removal of the last vestige of the sultan's authority there in the person of the Turkish high commissioner at Cairo. Like Rockefeller, Livingston was a traveling doctor addicted to long absences from home. Witness Before Commission Reveals Amazing Trickery With Common Lamps to "Prove" Superiority of Product.

Chicago, May 13.-An amazing story of Standard Oil corruption and bribery, of the systematic training of employes to commit deceitful practices, if not actual crime; wholesale debauching of human characterstory that disclosed a business re-cord so black as scarcely to be cred-ible in the twentieth century—such a tale was told upon the witness stand yesterday before the interstate com-

merce commission.

The story was the climax of a three days' investigation, during which former employes turned informers on Standard Oil. It was the day of the independent dealer, and if the record goes for anything it serves to even up a long score in which the debit side heretofore was largely in favor of the Standard Company.

After hearing the revelations of alleged crime committed to drive independent dealers out of business, of deceit practiced to convince dealers that there was no virtue save in Standard Oil products, of men's honor purchast.

Oil products, of men's honor purchased by wholesale that Standard Oil monopoly might be strengthened and increased, of a well-kept school for increased, of a well-kept school for crime which was, perhaps, no better and no worse than that of the celebrated Fagin of storybook, the commission adjourned to meet again in Cleveland, May 24.
