anything to date. A conservative estimate of the numbers carried on their
various boats during the day would be
over three thousand persons.

The week before last the mines of
the International Company at Coleman
were idle three days, and the same last
week. Thus it will be seen that the various boats during the day would be over three thousand persons.

The Richelieu & Ontario boat, which sailed on Saturday afternoon, had all her passenger accommodation filled up, and quite a number of berths have been bocked for to-day.

All the passenger lines report a most.

Were idle three days, and the same last would have been deducted from their salaries.

Voived by the captain in capturing them would have been deducted from their salaries.

boat and taken to Shediac, where they lig bonfire that farmers built under it, and then compelled to walk two miles thru the country before they could find share. The renewed break in the stock while the big auto was incinerated in a this stock puts it on the lowest level last year and carried to nearly \$34 a share. The renewed break in the stock has brought about the usual rumors regarding manipulation by the big New York and Boston interests. These rumors was greated whether

were started when the stock was at its highest point, and every fresh outbreak of selling with lower prices has been suggested as emanating from the same source. There is no doubt in the world that the leading interests in the property are the chief factors in shaping the market, but there appears to be no foundation for the retirement. foundation for the reiterated rumors that there is an attempt to shake out small holders and corner the stock. Even at present prices the value of this property is now placed at over ten millions of dollars. This estimation of the property had an influence on other sections of the Cobalt market. Many of the stock whose value is doubtful have practically no market, but such issues as Foster. Trethewey and Silver Queen still find a substantial support at each new conces automobilists in their efforts to secure

sion in price.
There is as yet no evidence that tired holders will not further liquidate in the market, and a continuance of this pro-cess will serve to act against any im-provement as long as it losts.

Rossland Ore Shipments. ROSSLAND, B.C., Aug. 3.—Shortage of coke has kept down tonnage at mines, and smelters here and elsewhere in this district. The trouble is that the collieries and coke manufacturers have not kept pace with the mines and smelters. The excuse of the coal and coke companies is that since the strike ended they have been unable to get as many men as

needed.

Following are the shipments for the week: Centre Star, 2440; Le Roi, 2204; Le Roi No. 2, 245; White Bear, 70; total for week, 4960, and for year to date, 163,232 tons. There were receipts at Consolidated Smelter during the week of 4443 tons. LeRoi Smelter, at Northport, received 2205 tons. ceived 2205 tons.

Southern B.C. Ore Shipments.
