A POOR WAY TO ECONOMIZE

Neglecting to have your eyes examined at least every two years, is a poor way to economize.

Eyes will often improve materially under the proper treatment—and a slight change in the lens may make a great improvement.

Rest assured we will not advise a change unless we are convinced it will improve your eyes.

WILLIAM FARNUM IN DRAMATIC PICTURE AT THE PATRICIA

"Wolves of the Night" Showing On Monday, Tuesday and Wednesday Next.

William Farnum, the famous star of the Patricia Theatre on Monday, Tuesday and Wednesday in his latest de luxe production, "Wolves of the Night," said to be the most powerfully dramatic picture in which this great screen star has been seen.

The story is of a mining engineer who, having sought in vain for copper ore in his land in the Northwest, has converted it into a sheep ranch. Adjoining is a mining plant in full operation, owned by three men who covet his property.

The hero, Bruce Andrews, portrayed by Mr. Farnum, is sent to Chile to investigate some mines. While there he is imprisoned in a mine through an explosion, and news is conveyed to his wife that he has been killed. He escapes after days, but is crazed by his sufferings.

The denouement of the story, according to report, is one of the most dramatic ever seen on the screen.

We'll admit it's a big job getting up these mornings, especially if you did not doze off till the "wee small hours."

Matters are very much simplified, however, if you trust to a Westclox Alarm to remind you of the time clock.

An inexpensive Westclox Alarm will save you the humiliation and lost pay of pushing the time recorder ten minutes late.
