## RUSSIANS WILL SPEEDILY ATTACK FOE IN RUMANIA

### FRENCH REPULSE GERMAN ATTACKS NEAR ST. MIHIEL

#### Law, Balfour, Carson, Derby, Henderson, Smith in Lloyd George Cabinet

### ALLIES AIM TO RESCUE GREECE FROM TYRANNY

Constantine Sets Rights of Subjects at Defiance, Says Viscount Gray.

ALL PLEDGES VIOLATED

Allies Treacherously Attacked and Venizelists Are Most Brutally Treated.

London, Dec. 8.—The following statement on the Greek situation, which is authorized by Viscount Grey of Fallodon, British secretary of foreign affairs, has been handed to the Associated Press:

"It sometimes has been said, not by our enemies, but by critics in neutral countries who are not too well disposed towards us, that our presence in Greece does not differ appreciably from the presence of the Germans in Belgium. By this it is not meant to suggest that our troops have ever been guilty of the excesses and atrocities which are now reaching their climax in the Belgian deportations, but that the landing of our troops at Salonica can no more be defended from a juristic point of view than the German invasion by way of Liege, in August, 1914.

Germany's Pretext.

"At this period of the war the position of Belgium before the German invasion needs no further explanation. The ablest historians have made it perfectly clear that the neutrality of Belgium was guaranteed by certain powers, one of which was Germany; that Germany on the desirous pretext that she might have to meet a French invasion thru Belgium first delivered to that country an ultimatum requiring her to allow the unhindered passage of German troops and that then, on the demand being met with an unqualified refusal (Belgium's only possible reply consonant with loyalty to her other guarantors), she proceeded to occupy the country with the result which are only too well known to us all.

"The form in which the protecting powers—Great Britain, France and Russia—guaranteed the kingdom of Greece is less well known to the neutral world.

"It is more ancient history, and to some extent wrapped up in the technicalities of diplomatic language.

Status of Greece.

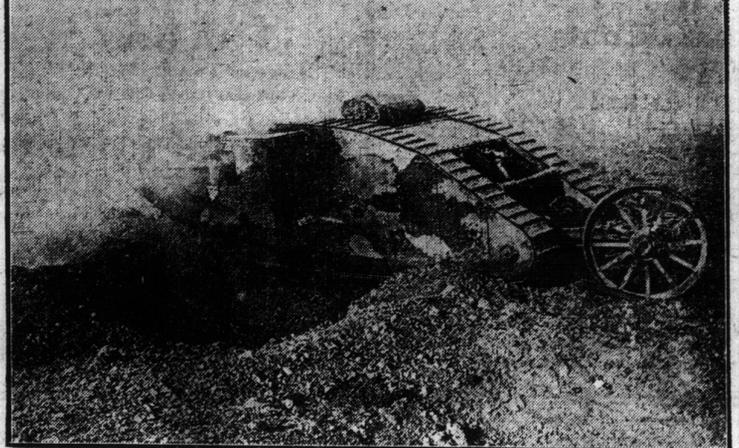

"On July 12, 1883, a treaty was signed, containing the following as its third article:

"Greece, under the sovereignty of Prince William of Denmark, and the guarantee of the three courts, forms a monarchical independent constitutional state."

"The first article of the same treaty provides that Greek sovereignty should

### OFFICIAL PHOTOGRAPH OF A BRITISH "TANK"

Sir Max Aitken yesterday released in Canada the official photographs of the British "tanks" used in the battle of the Somme. This one is shown crossing a large shell crater.

## LLOYD GEORGE SPLITS PARTY BY CHOICE OF NEW MINISTERS

### New Cabinet's Personnel His Cabinet Will Command More Support from Conservatives Than Liberals, But This Position is Not Unusual.

London, Dec. 8.—Premier Lloyd George's "win the war" government is well on the way to completion. Its personnel will apparently include: A. Bonar Law, chancellor of the exchequer; Arthur J. Balfour, secretary for foreign affairs; Sir Edward Carson, first lord of the admiralty; The Earl of Derby, secretary for war; W. T. Henderson, secretary for labor.

The allocation of offices has not yet been fully decided upon. Most of the under-secretaryships have been settled, but the home office portfolio remains in doubt. It is currently reported that Sir F. E. Smith, attorney-general, had been offered the post, but that he preferred to remain in his present position.

Garment Workers' Strike May Hold Back Uniforms

New York, Dec. 8.—A strike, involving not less than 60,000 garment workers in this city within a few days, was considered unavoidable tonight after unsuccessful conferences during the day between representatives of the Amalgamated Clothing Workers of America and the contractors who manufacture men's clothing. An increase in wages is demanded. It was said tonight that the strike, if called, would interfere with the manufacture of uniforms for the entente allies and that workers in Montreal and Toronto would be affected.

### PHOTO IDENTIFIED BY TORONTO OWNER

#### Picture Found on Somme Battlefield Was of Miss A. Dunn.

Another picture lost and picked up on the battlefield in France has been identified by a Toronto publication in "The World." Yesterday morning's edition bore on its front page the reproduction of a photograph of a young lady who had been forwarded to this office by Mrs. Tom Eastworth, whose husband had picked it up in No. Man's Land after the Canadians had raided a section of the German trenches.

Shortly after nine o'clock in the morning The World phone rang, and the speaker proved to be Miss Angela Dunn, of 450 1/2 Ontario street, whose attention had just then been called to the fact that her photo prominently adorned The World's front page. Her next door neighbor had seen it early in the morning and had hurried in to tell the news.

According to Miss Dunn the photograph left Toronto in the possession of Pte. W. Morrison, of the 1st Construction Battalion, of the late Canadian Trenchers, who was killed in action in the battle in which it was lost. Pte. Morrison was born in Toronto 22 years ago, and at the age of 16 went to New York, where he took a position on a steamship plying between that city and France. At the call of duty he returned to Canada to enlist, and arrived in England on Sept. 23, proceeding to the western front about a month later. His two married sisters live in Toronto. Pte. Morrison has been heard from regularly every week since he left Canada. None of his letters tell of his being wounded, and it is supposed the photo dropped from his pocket in the excitement of the battle on the Somme.

### PTE. MORRISON LOST IT

#### He Has Been in France Since the First of October.

London, Dec. 8.—According to a Berlin despatch to Dutch newspapers, says Reader's Amsterdam correspondent, three Bavarian ministers have resigned—Minister of Interior Baron von Soden-Fraunhofen, Minister of War Baron Kress von Kressenstein and President von Bressow. Baron von Kressenstein has been reappointed commander of the 8th Corps of the Bavarian cavalry. The cavalry general, Baron von Stendel, has been appointed war minister.

## WAR SUMMARY

### THE DAY'S EVENTS REVIEWED

AN attempt against allied and neutral shipping in the north Atlantic is revealed by the British Admiralty in the announcement that a German armed commerce raider, disguised as a neutral merchantman, was sighted in those waters on Dec. 4. Since that date, the admiralty says, nothing has been seen or heard of the raider. No reports of vessels destroyed, captured or missing in that part of the ocean have come to hand. The fact that the admiralty is alert and is plainly hunting her is a good sign that no room exists for German surface craft upon the seas. Before being run down this craft, however, may inflict some casualties in ships to which no admiralty warning has penetrated.

In order to prevent the Germans from settling in winter positions across central Rumania and the lower Danube, the Russians will promptly launch a big counter-offensive in the direction of Bucharest. This important news is published on the authority of The Ruskly Invalid, a military journal at Petrograd. This organ forecasts great military events, and it says that if permitted to remain in strong positions on the lower Danube all winter, the Germans could support themselves on the rich supplies of the country for at least five months. They could develop operations about Salonica, and in the spring they could hurl themselves at the chief points of the Russian main front. Before beginning extensive operations

### GERMANS MAKE ATTACK AT APREMONT FOREST

#### Gain Footing in French Trench Elements—Counter Attack Ejects Enemy Immediately.

Paris, Dec. 8.—The Germans, southeast of St. Mihiel, in the forest of Apremont, by an attack today succeeded in gaining a foothold in French trenches, but later were forced to give up their gain, according to the official communication issued tonight.

The communication says: "In the forest of Apremont, in the course of an attack this morning, the enemy gained a foothold in some trench elements. Thru a spirited counter-attack our troops ejected the Germans immediately."

## CANADA WILL BE SENIOR PARTNER IN THE EMPIRE

### Lord Shaughnessy Says Dominion Will Bear Equal Share in Burdens and Reap Proportionate Profits—White's Statement Expected Today.

New York, Dec. 8.—Among the passengers on the steamship Finland, which arrived today from Liverpool, were Lord Shaughnessy, Sir Thomas White, Canadian minister of finance; J. W. Flavelle, chairman of the imperial munitions board; and George McL. Brown, European manager of the Canadian Pacific Railway.

When seen by a representative of The Canadian Press, Sir Thomas White was hastening to a hotel preparatory to leaving tonight for Ottawa. He will issue a statement immediately on his arrival in the capital. Mr. Flavelle, other than to express satisfaction with the results of his visit to London, had nothing to give out for publication.

"Great Britain wants peace just as soon as her demands and those of the entente allies are won from Germany. Anything less than that is not victory," Baron Shaughnessy said at the Plaza tonight.

The elevation of David Lloyd George to the premiership, he said, indicates that the people of Great Britain wish to utilize every resource and every

### BEGIN OFFENSIVE IN CARPATHIANS

#### Russians Attack Heights South of Javornik in Wooded Region.

London, Dec. 8.—Interest is aroused in the offensive just assumed by the Russian forces in the wooded Carpathians. The attacks are being directed against a height five versts south of Javornik and heavy fighting is in progress. This position has been the matter for hot contention for several days, for it is on the flank of the Russian line of advance towards Transylvania.

The Russians are also engaged in trench warfare at other points of their front. Their attacks on the Golanites-Ponlati front were bombarded with mines of powerful destructive effect, they report.

The Germans laid an ambush against a Russian advance eight miles northeast of the Torog Mountains in the Carpathians, but it was attacked by the Russian scouts and dispersed.

### AUSTRALIAN MINISTERS WISH PREMIER SUCCESS

#### Lloyd George Receives Cablegrams on Elevation From Antipodes.

London, Dec. 8.—Lloyd George has received the following telegram: "The New South Wales ministers send their heartfelt wishes for complete success in the great task now before you. The deep concern which the crisis has created is now followed by profound gratification at the finding of further guidance of the struggle in your strong hands. We are profoundly confident that your wisdom and energy will shortly extricate our cause from the difficulties which now beset it."

The message is signed by Premier Holdman.

Premier Hughes cables the single word, "congratulations."

### U. S. SENDS STRONG PROTEST TO BERLIN

#### German Treatment of Belgians Declared Contrary to All Precedents.

Washington, Dec. 8.—A note to Germany protesting against the deportation of Belgians for forced labor as contrary to all precedents and principles of international practice was made public tonight by the state department.

The note was cabled to Charge Grew at Berlin on Nov. 29, the day Ambassador Gerard discussed the subject with President Wilson, with instructions that he read it to the German chancellor personally. In making it public, the state department announced that the interview had taken place, but said nothing about results.

The decision to protest formally against the treatment of the Belgians followed unsuccessful informal efforts by Charge Grew, under instructions that he say informally to the Berlin foreign office that the deportations were having a most unfavorable effect upon neutrals, particularly the U. S.

### LOST THIRTY-ONE MACHINES.

Berlin, Dec. 8.—The German war office has issued a statement on aerial fighting during November. It admits that the Germans lost 31 machines on all fronts, and it says that the allies lost 24 machines, of which 42 are in German hands and 82 were seen to fall behind the allied lines.

### CAPT. MATHIAS DEAD.

London, Dec. 8.—Capt. John Mathias, the well-known skipper of the White Star Canadian services, is dead as the result of an accident.

### Great Military Events Impending in Rumania—Allies Will Not Permit Germans to Entrench Along Danube All Winter.

London, Dec. 8.—A Renter despatch from Petrograd says: The Ruskly Invalid, the military organ, in forecasting great military events in the direction of Bucharest, says that it is impossible to allow the enemy to settle in winter positions in central Rumania, and on the lower reaches of the Danube, which would be equivalent to submitting to his initiative and enabling the enemy to support himself on the rich supplies of the country for at least five months. Should the enemy succeed in fortifying himself between the lower Danube and the Carpathians, the newspaper adds, he would not only be able to develop the operations about Salonica, but in the spring could hurl himself at the chief points of the Russian main front. The enemy is hastening to finish with the Balkans prior to beginning extensive operations against Russia.

The retreat of the Rumanians from Bucharest continued yesterday and the Germans are following them to the line on which they are retreating. The Rumanian army continues intact, and it is believed here that the Rumanian retreat has been perfectly executed. It is believed that the Rumanians are planning their organization north of that part of Rumania situated just below Moldavia. This will bring the Rumanians close to the Russian supply depots where their deficiencies in shells and big guns will be corrected. The Russians are reported to be on the move from Jansy, near the Rumanian-Russian frontier.

The Germans reported today that they had taken prisoners the Rumanians left in the Predeal and the Altchans passes by their retreating armies. It is claimed that 10,000 of these were captured by the 9th Rumanian army, and that on the Alt the Rumanian forces cut off at Orsova were surrounded and captured to the number of 8000.
