### UP TO BRITAIN TO TAKE THE LEAD

Countries of Europe Must  
Start on New Fundament-  
ally Sound Basis.

London, Jan. 26.—Speaking at the  
annual meeting today of Barclay's  
Bank, Limited, one of the "big five"  
banks, Frederick C. Goodenough, the  
chairman said, that until the coun-  
tries of Europe started on a fresh and  
fundamentally sound basis their  
markets would remain partially or  
wholly closed. Credit schemes were  
merely palliative.

"I feel that it will fall to this  
country to take the lead in these matters,"  
said the speaker. "Because we have  
knowledge and experience not pos-  
sessed by any other country, and al-  
though giving a lead involves great  
responsibility, it also brings with it re-  
sults which will benefit the whole  
world."

"It would pay us to make conces-  
sions in respect of debts owing us by  
allied governments, provided we did  
not prejudice our own ability to pay.  
We might, for instance, consider the  
possibility of part cancellation of  
those sums lent to our allies for the  
purpose of purchasing munitions in  
this country, while retaining their  
liability for those sums which, in ef-  
fect, represented money lent to them  
by the United States through ourselves."

### U.F.O. MEMBER FOR CONTROL OF HYDRO

(Continued From Page 1.)

done for the rural parts of this pro-  
vince.

Should Exercise Control.  
"If the movement is to guarantee  
the bonds of the Hydro Commission,  
it is only right for the government  
to control to some extent the ex-  
penditures of the commission," said Mr.  
Johnston. The commission had fallen  
short in its estimates by about \$19,-  
000,000. He thought something was  
radically wrong with a system which  
would permit of such a mistake.

The government's decision to ap-  
point a commission of inquiry into  
Hydro affairs was approved. It was  
a wise step and tended to increase  
confidence in the province.  
Mr. Johnston complained that the  
eastern part of the province was not  
receiving its fair share of the expendi-  
ture for good roads. He thought, too,  
that the minister of public works  
would be careful to see that the pro-  
vince got a fair return for all the  
money spent.

Remove Normal Schools.  
The removal of the normal school  
from Toronto to Guelph was urged by  
Mr. Johnston, and also the Ottawa  
school to Kempenville. Teachers would  
then be enabled to secure instruction  
in agricultural subjects. Further, he  
would establish a system of model  
schools throughout the province.

Member for Waterloo.  
K. K. Homuth, in seconding the ad-  
dress, after felicitating the speaker,  
said the idea of a people's progressive  
party, as announced by Premier Drury,  
was a forward step, and doubtless  
there were thousands in the province  
who would be willing to cast their  
lot with the new party, whose plat-  
form would be broad enough for all  
shades of opinion.

Agitators causing trouble between  
labor and capital were scored for their  
mischievous work. Labor would re-  
pudiate any suggestion that they use  
revolutionary methods to attain their  
ends; they realized that they could do  
this by means of the ballot.

As for the government's good roads  
policy, Mr. Homuth felt that it would  
work wonders for the province. The  
scheme should be rushed along with  
every possible despatch providing it re-  
sulted in value for every dollar expended.  
He would extend the program so as  
to include the north country. Good  
roads up there would bring thousands  
of tourists to the province.

Hydro Development.  
As for Hydro-Electric development  
he looked forward to the time when  
the province would receive the ad-  
vantages of a forward  
Hydro policy.

The formation of a standing labor  
committee for the consideration of  
proposed labor legislation was an ad-  
vanced move that would give the  
workingman a voice in the making of  
laws affecting his welfare. The  
workingman would be much better un-  
derstood in view of the opportunity  
which would now be given of thoroughly  
discussing them.

The government should, Mr. Homuth  
thought, look into the question of pub-  
lic hospitals, which would give treat-  
ment to those unable to pay for it. The  
ment to those unable to pay for it. The  
fear of sickness, with its attendant  
cost, was always a horrible nightmare  
for the workingman.

What Loans Floated.  
Mr. Hay has given notice of the fol-  
lowing inquiry:  
"What loans have been placed by  
the government since November 11,  
1919? With whom were each of the  
loans placed, and what are the re-  
spective amounts of such loans, rates  
of interest, terms, commissions paid  
in each case, and to whom?"  
Mr. Rennie wants to know the date  
of the first employment of Rev. J. O.  
L. Spracklin by the gas and water  
board of license commissioners;  
is he now retained in service and in  
receipt of pay, also the amount of  
his salary or remuneration?  
Mr. Tolmie is inquiring if W. J.  
Lannin's appointment was recom-  
mended by the superintendent of the  
provincial police, and also what his  
salary and duties are.

What Do Government Say?  
Another notice asks if the attention  
drawn to the following statement in  
The Bracebridge Gazette, Dec. 18  
1920:  
"But the main reason why the Ont-  
ario government has adopted a new  
policy was so quickly over-  
subscribed was the high rate of  
interest offered. When money lenders  
can get over six per cent from the  
Ontario government they will certain-

ly produce the money, but those  
money lenders do not care a hoot  
whether it is a Farmer-Labor, a Lib-  
eral, or a Conservative government;  
all they want is a gilt-edge security  
and big interest. Mr. Drury does not  
consider the Ottawa government a  
popular one, and yet that discredited  
organization floated an immensely  
bigger loan at a very much lower  
rate. As a matter of fact, the Drury  
government made a very costly error  
in paying a higher rate than nec-  
essary."

Legislative Notes.  
The superintendent of maintenance  
of the board of education has re-  
ceived instructions to proceed with  
the work necessary for the installing of  
a thoroughly efficient fire escape system  
in all of Toronto's public schools,  
particular attention being paid to  
basement exits.  
Tom Magladery, M.L.A. for Timiskam-  
ing, will introduce a bill to in-  
crease the charge for statute labor  
from \$3 to \$5 a day. It is claimed  
that at \$3 too many farmers find it  
cheaper to pay than to give their  
time, and that the roads are suf-  
fering.  
Hon. Peter Smith, provincial treas-  
urer, has announced that it is the  
intention of the government that he  
shall present his budget to the legis-  
lature as soon as the debate on the  
speech from the throne is ended.  
With reference to the statement  
that the province of Ontario had dis-  
posed of a bond issue of \$10,000,000  
to a syndicate of local houses, Hon.  
Peter Smith, provincial treasurer,  
yesterday said the money was almost  
entirely for the provincial Hydro  
commission in connection with the  
completion of the Chippawa develop-  
ment.  
Hon. G. Howard Ferguson, second-  
ed by Hon. G. S. Henry, moves that  
a return be made to the house, with  
copies of all correspondence between  
the minister of lands and forests, the  
prime minister or any member of the  
government, and E. W. Backus, or  
any other company, firm, or person,  
together with all estimates, reports,  
advertisements, conditions of sale, ter-  
ms, agreements, maps, documents  
and papers of every kind.  
Mr. Ferguson asks also what is the  
cost to date to the province of the  
Riddell-Latchford timber inquiry;  
what is the whole amount paid to  
R. T. Harding for fees and traveling  
expenses.  
Capt. J. E. Thompson asks if the  
government has received an interim  
report from the commission on Hydro  
radials; if so, is it the intention of  
the government to present it to the  
house? Will the final report of the  
commission on Hydro radials be laid  
before the house this session?  
Thomas Magladery of Timiskaming  
inquires if construction work has  
been started on the extensions of the  
T. and N. O. Railway from Coch-  
rane north.  
W. T. Allan has a query as to how  
many commissions and special com-  
mittees have been appointed by the  
government since Nov. 13, 1919.  
Dr. Forbes Godfrey moves for a re-  
turn showing the number of convic-  
tions under the O.T.A.: (1) at the in-  
stance of officers of the board of  
license commissioners; (2) at the in-  
stance of officers of the Ontario pre-  
cinct police; (3) at the instance of  
municipal police officers; (4) the  
number of cases in which fines have  
been remitted, reduced, or com-  
mitted; (a) upon the recommendation  
of the board of license commissioners,  
(b) without the recommendation of  
the board of license commissioners.

LETHBRIDGE TEACHERS.  
Lethbridge, Alta., Jan. 26.—Leth-  
bridge school board has adopted a new  
policy of placing the minimum  
at \$1,100. Teachers must have two  
years' experience before being taken  
on the staff.

### MR. IDA HAMBURGH, of Brattleboro, Vt., who says she never dreamed there was any- thing on earth that would do what Tanlac has done for her. Gains twenty-seven pounds.

"I think it is perfectly marvelous  
the way Tanlac has built me up. Be-  
fore I began taking it I was in  
wretched health and only weighed 113  
pounds. I now weigh 144 pounds and  
my health is splendid.  
"I never dreamed that there was a  
medicine on earth that would cause  
me to regain my former weight and  
health in so short a time, but Tanlac  
did it and I simply can not tell you  
how grateful I am to this wonderful  
medicine.  
"I suffered for two years from in-  
digestion and dyspepsia and was in  
a very badly run-down condition. I  
had a tired, worn-out feeling nearly  
all of the time and rarely had any  
appetite.  
"At times I would have indigestion  
so badly that I could hardly breathe.  
I also suffered from palpitation of  
the heart, severe headaches and pains  
in my back, but thanks to Tanlac, all  
of these terrible symptoms have left  
me and I now feel as well as I ever  
felt.  
"Another thing: I sleep just splen-  
dently at night now and never suffer  
from nervousness like I used to. Tan-  
lac is certainly a wonderful medicine,  
and I am only too delighted to re-  
commend it to my friends." The above  
statement was made recently by Mrs.  
Ida Hamburg of 318 S. Main street,  
Brattleboro, Vermont.  
Tanlac is sold in Toronto by Tam-  
blyn Drug Stores and by an estab-  
lished agency in every town.

committed more than 20 burglaries here  
recently. The proceeds, amounting to  
more than \$20,000, he told them, he  
invested so well that he has an in-  
come of several thousand dollars year-  
ly. The police said he begged them  
to tell his wife the source of his  
revenue.  
His arrest resulted when he accepted  
a cheque in payment for an alleged  
stolen diamond brooch.

guilty of guessing at facts  
instead of knowing them.  
Knowledge is Power.
