TEN PAGES—ONE CENT

SCOUR WOODS FOR CURLEY

Alleged St. John Man Hunted for Part in Big Camp Row

FIFTY WERE DRUNK

Trouble Among New Hampshire Loggers Followed by Arrest of Curley and Companion—Former Escapes and Takes to Woods—Searchers on All Hands

Woodstock, N. H., Jan. 19.—(Special)—Another man hunt, the second in the foothills of the White Mountains since last summer, has aroused the sheriffs, deputies, and constables of central New Hampshire, and blooded will probably follow.

The man hunted is a young giant named Frank Carey, of Curley, about 200 pounds. He comes from St. John, N. B. He is 34 years old and is powerfully built, tall and broadshouldered.

Together with a comrade, Henry Fiske, also from the Canadian provinces, he came here several days ago. He had been drinking. He applied for work at Johnson's lumber camp, and readily obtained employment. Within twenty-four hours fifty men in the camp were badly intoxicated and one had a full fight followed.

Officers came to the camp from Lincoln, Plymouth, and Johnson and arrested Carey and Fiske. They handcuffed them and started for Lincoln, where they were to be held until they could be removed. On the way Carey suddenly jumped from the sleigh. The officers gave chase, but he was going down and they made good his escape into the dense woods.

Gets Away Again

The officers of the surrounding towns were at once notified and men surrounded the woods but Carey managed to keep his pursuers at bay. Days were brought into play, but to no avail.

Early this forenoon two officers, John Gray and Harvey Tucker, both of the town of Thornton, who had been given a description of the man, and were on the lookout for him, saw him near the road tracks of the Boston & Maine about half way between the stations of Thornton and West Thornton.

They called to the man to halt, and started after him, but he again dashed into the woods and vanished from their view. They were sure that the man was Carey, and Officer Mitchell of Plymouth in an interview this afternoon said that Carey was armed. Every town for miles south of the scene of the trouble has been notified and the railroad terminals are being watched.

The deputies, on account of many desperate crimes of Carey, and they are prepared for a battle.

At a late hour tonight the man had not been seen farther south than Thornton.

CURTISS DECLINES

FLIGHT TO SAN DIEGO

Los Angeles, Calif., Jan. 20.—With the end of the Aviation meeting at hand, Glenn H. Curtiss, made it known today that he had no intention of making a flight to San Diego for the \$5,000 prize offered by the business men of that city.

"Hamilton may attempt the flight if he remains over for a day or two," said Curtiss. "The amount of money for Hammond's flight will be at least \$10,000."

By many at aviation field this was taken to mean that Curtiss doubts the ability of the planes he has built to make the flights over mountains and across the Bay and inlets of the sea that lie on the air line route to San Diego. The assumption was strengthened by the further announcement that as soon as Curtiss finishes with his appearance in Court, in connection with the infringement suits instituted by the Wrights, he will begin constructing an immense flying machine of the biplane type.

CHICAGO LOOKS FOR 20C. BUTTER

Chicago, Jan. 20.—Local commission men predict that the price of butter will fall to 20 cents a pound. The fact that butter of the first quality is coming into the local market in excess of the present demand is given as the reason for anticipating a lower price. The amount of butter in storage is said to be normal for this season of the year.

EUROPE STORM SWEEP, WIND 10 MILES AN HOUR

Paris, Jan. 19.—Storms of exceptional violence have been raging for the past 24 hours, the centre being in the east of France. The rivers have overflowed their banks in many places. Belfort is completely under water and Moselle is partially flooded.

Geneva, Jan. 19.—Scores of American visitors at the fashionable Alpine resorts are impressed indefinitely on account of continuous rains. In the upper regions snow has fallen on many of the peaks.

C. N. R. LINE TO OTTAWA ADVANCING

Has Progressed Far Enough to Have Stations Named—Construction of Central Ry. of Canada Believed Assured

Toronto, Jan. 20.—(Special)—Development along the right of way on the Canadian Northern line to Ottawa has progressed far enough to allow naming of the stations along the route. There will be sixteen stations, both the union station and Trenton, the eastern terminus of the building division.

Every confidence is expressed at headquarters here that the road will be finished on schedule time, the end of this year. Montreal, Jan. 20.—(Special)—It is announced that financial arrangements have been made which will assure the construction of the Central Railway of Canada without further delay, the line to go up the Ottawa river from Montreal on the north side to the Great Lakes and it is said Mackenzie & Mann will get running rights from Montreal to Hawkesbury.

Toronto, Jan. 20.—(Special)—Mr. Blake, more proprietor and editor of The Week, a semi-political paper issued in Victoria (B. C.) who is in the city, says the deep-rooted objection of British Columbians to the employment of Orientals in the project is leading to an organized attempt to bring in Italians for railway construction and public works. There is 10,000 needed for railway work alone.

J. G. Merrick, president of the Canadian Amateur Athletic Union, says the union stand on the issue of the amateur officiating as referees of professional hockey matches is apparently misunderstood in the east. In view of the fact that Russell Bowen and Duncan Campbell of the Montreal-Quebec Victoria, handle the Edmonton-Ottawa Stanley Cup games in the capital, a small vote of the board of governors will be taken right away and is expected to make it clear that amateurism in hockey is a professional matter and will not be tolerated.

The report of the special committee appointed to investigate the recent fire in St. Clair Avenue public school will recommend that the senior boys in the schools be trained in the use of fire extinguishers so as to assist the caretaker in putting out incipient blazes before the fire department arrives.

SOCIETY WOMEN BLAMED FOR KEEPING UP STRIKE

New York, Jan. 20.—The part taken by women of means, refinement and education in supporting the striking shirt-waist makers, is strongly criticized here in a petition just submitted by the employers to the supreme court.

"This strike would have been called off long ago," says the petition, "if it had not been for the support of society women."

The employers ask that a temporary injunction already granted, which forbids the strikers from picketing a factory, be made permanent. Justice Gerard has reserved decision.

HUGH GASOLINE TANK EXPLODES, MAN IS KILLED

Pittsburg, Pa., Jan. 20.—One man was consumed by the flames and six others are in hospitals suffering with burns received a little after 3 o'clock this morning, when a huge gasoline tank exploded in the soap works of Walker Bros., on Kirtz Island, a few miles from this city, on the Allegheny.

The tank was 20 by 10 feet, and was almost full. The explosion caused a fire that consumed the big garbage drying plant and it was in this blaze that one man lost his life. The cause of the explosion is not known.

WANT BEST THERE IS IN BASKETBALL

Chicago, Jan. 20.—Charles A. Dean, chairman of the National A. A. U. championship basketball committee announced yesterday that the unlimited championships would be held in the First Regiment Armory on March 17, 18, and 19. As an incentive to bring the best teams together in this meeting, Dean has offered to pay the expenses of the Montreal five champions of Canada, the Birmingham, Ala. team, one of the strongest aggregations in the south; the Salt Lake City Y. M. C. A. which has had an unbeaten record in the last few years, and the San Francisco A. C. which is represented by one of the strongest teams on the coast.

CHARGE THAT PREMIER ASQUITH HAS PLAYED FALSELY WITH IRISH

BREAKS IN ON POKER GAME IN AMHERST

Police Chief Arrests Eight Young Men—Town Tax Rate Likely \$2.00

Amherst, N. S., Jan. 19.—Nominations for town councillors will take place next week. So far their only on team talked of that of the labor party headed by Mayor Lowther who offers for reelection with Henry McLean, Howard Ripley and James Forsyth for councillors.

The retiring councillors are J. M. Curry, A. S. Chapman and A. C. Casey. Mayor Lowther's report for the year gives the following figures of assessed valuation:

Real estate, \$2,308,967.00. Personal, \$229,968.00. Income, \$74,680.00. The rate will be about \$2. The year has been a fairly satisfactory one in all departments.

For some time it has been known to many that gambling joints have been run in different parts of the town in open violation of the law. Since Chief Corlies was appointed he has in a quiet way been trying to have these places closed but without avail. Many complaints have been made to him by members of the families of those frequenting these places.

Early last Sunday morning, armed with a warrant issued by Stipendiary Magistrate Corlies, he raided one of the most objectionable and found eight young men with the necessary poker equipment. He arrested them and seized the table and cards. Each man gave bail to appear Monday morning to answer the charge. The case was adjourned and will come up later. The chief is to be commended for his work and law-abiding citizens must stand behind him or not complain if this sort of thing continues.

GREW HUNGRY, DISTRESS SIGNALS WERE RUN UP

Schooner for Lunenburg, Four Days Out of Provisions, Encountered Off Seal Is

Digby, N. S., Jan. 20.—(Special)—The Digby fishing schooner, Albert K. Lutz, Captain John A. Lutz, which arrived at Lower East Point on Tuesday night, reported falling in with the schooner, Lilla B. Hurler, Captain Gildert, from St. Martins, West Indies, bound to Lunenburg, her home port with a cargo of seal, and was putting out distress signals and was about thirty miles south west from Seal Island.

The captain says he went to and waited for her to come up. Capt. Gildert reported he had been out of provisions for four days and the weather being thick he did not care to approach the harbor.

Capt. Gildert sighted Cape Sable light on the 14th inst. and had to put to sea again as a gale was coming on. He broke his main boom and tore his mainmast badly. When the gale abated he was in distress in seventeen fathoms of water. On the 16th inst. he signalled a steamer for provisions, but the steamer paid no attention to the signals.

This is the second vessel Capt. A. Lutz has fallen in with this season and supplied with provisions. Both were coming from the south.

COMMISSIONERS ON WEST INDIES TRADE ARRIVE IN NEW YORK

New York, Jan. 20.—English members of the royal commission on trade relations between Canada and the West Indies, arrived in New York tonight on the steamship Oceanic, ready to join a delegation from Canada before setting out for Jamaica next Saturday. They will visit various islands in the West Indies with a view to increasing their trade with Canada.

Among those who arrived tonight in the delegation are Lord Balfour of Burleigh, chairman, and Sir Daniel Morris.

URUGUAY'S TURN FOR TROUBLE NOW

Montevideo, Uruguay, Jan. 20.—The surgeons are reported to be on the Argentine border today still holding the position in which their presence was first learned. The Uruguayan government has taken the precaution of requisitioning all the horses in that vicinity so that in the event of an invasion the rebels will be unable to augment their transport facilities.

ENDS SENSATIONAL CAREER WITH ACID

Boston, Jan. 20.—Eugene Lefevore Stafford, whose career as an aeronaut and parachute jumper was only exceeded in sensationalism by his killing of his first wife's friend, Maxine B. Trussell in Boston six years ago, is dead here as the result of swallowing carbolic acid with suicidal intent.

Stafford was discouraged because he could not support his second wife as he had wished.

County Council Passes Strong Resolution Endorsing Valley Line—Woodstock Speaker Says This Project Forms People's Politics

Fredericton, N. B., Jan. 20.—(Special)—The York County council this morning adopted, without discussion the following resolution, on motion of Coun. Grant, seconded by Coun. Timmins:

"Whereas we note with gratification the signs of expansion and development in the different sections of the province, and whereas transportation is the basis of a country's commercial growth and industrial expansion and further more,

"Resolved that we, the York municipal council, do hereby endorse the movement now on foot to secure the immediate construction of the Valley Road and we most heartily endorse the guaranteeing of bonds in a sufficient sum to provide or facilitate the road being built without further delay with the understanding that the road to be of such a character as to be suitable to form part of a transcontinental line."

"Furthermore we desire to place on record our unanimous approval of the recent resolution of the Carleton County council in demanding prompt recognition of justice for the valley people from the federal and provincial governments' proposed line from Millville to Pokokio was also endorsed by resolution and a committee was appointed to wait on the local government and urge that the company be granted the assistance asked for."

A report from Scott Act Inspector McFarlane showed that \$350 had been collected in fines during the year and \$2,000 worth of liquor seized. Included in the inspector's expense list was an item of \$130 for counsel fees in a suit brought against him by Spitzer Belya for alleged breach of contract. Exception was taken to this item and also to the expenditure of \$60 incurred in connection with Scott Act prosecutions.

Coun. Essencey moved that Mr. McFarlane be offered \$100 in settlement of his bill. (Continued on page 3; fourth column)

FOUR GIRLS AND MAN LEAP TO DEATH

Panic Follows Fire in Shirt Waist Factory in Philadelphia

Philadelphia, Pa., Jan. 19.—Five persons, four girls and one man leaped to their deaths today, in a panic caused by a fire in the four story factory building at 200-30 Chancery street, near Second and Walnut streets. Five others suffered injuries from which they will probably die, and many more were less seriously hurt.

The dead: Morris Pessen, aged 20 years, fractured skull. Clara Swartz, aged 18, crushed by fall. Ida Greenburg, aged 20 years, burned and crushed.

Rebecca Kaufman, aged 10 years, fractured skull. Elizabeth Chackin, aged 16, burned and crushed.

Nearly all of the dead and severely injured were employed in the shirt-waist factory of Joseph Chackin, which occupied part of the fourth floor of the building. Chackin himself was injured. One of his daughters is dead, and another dying. A third daughter probably escaped a life fate by being at home attending the mother who is critically ill.

The flames, which originated in the elevator shaft on the fourth floor, are supposed to have been caused by the short-circuiting of the electric motor which ran the elevator.

THE SKATING TROUBLES

Chicago, Jan. 20.—President E. C. Brown of the Amateur Athletic Union last night refused finally, he said, to interfere for the Eastern Amateur Skating Association recently voted from the International Skating Union of America. This action was taken on a direct appeal from the officers of the deposed eastern association.

STORROW GAINS ONE MORE

Boston, Mass., Jan. 20.—At the close of the recount of the mayoralty vote for city last night, James J. Storrow, the defeated candidate for mayor, had made a net gain of 34 votes over Mayor-elect John F. Fitzgerald, reducing the latter's plurality announced by the election commissioners to 1,381 from 1,415.

MOTHER'S SACRIFICE VAIN; SHIPLEY BOY DIED TODAY

New York, Jan. 20.—Six-year-old Arthur Shipley gave up his brave fight for life today. His mother's sacrifice had proved vain, the blood infused from her veins giving only temporary relief to the desperately wounded lad.

Another murder is charged against the maniac who appeared among a party of boys on Washington Heights last week and shot and killed six-year-old Robert Lomas, and wounded the Shipley lad. The search for the murderer went on with fresh eagerness today and another suspect was taken into custody at Astoria, Long Island.
