## E. H. Harriman Flies From Coast to Coast in 71 Hours

Route of Mr. Harriman's record-breaking trip across the continent.

New York, May 11.—E. H. Harriman arrived here Tuesday night at fifty-nine minutes past nine o'clock, completing his record-breaking trip between Oakland and New York in the unprecedented time of seventy-one hours and twenty-seven minutes.

He left the Empire State Express, on which he came from Buffalo, saying unconcernedly that he knew nothing of records and was merely trying to get to this city in time to meet some important business engagements.

"Our time," he added, "was thirty-three minutes less than three days. Various railroad officials accompanied me as far as Buffalo, where the special train was left, and with my secretary I boarded the Empire State Express for this city."

This journey across the continent, recalls the effort made by Mr. Harriman last October to establish a record to New York but the train was slowed down half way across to about the usual running time and he did not proceed to the end of the journey, going to his country home in New Jersey.

Calculations made on this unfinished trip have placed the time at seventy-one hours and seven minutes between Oakland and New York City. As an actual race against time, however, the journey completed Tuesday night has established a record.

## AFTER 18 YEARS OF SUFFERING

An Ontario Farmer Finds a Cure at Last in Dodd's Kidney

THE DIRECT CAUSE OF HIS TROUBLE WAS A STRAIN IN THE BACK WHICH AFFECTED HIS KIDNEYS. DODD'S KIDNEY PILLS CURED HIM.

ARDOCH, Ont., May 11.—(Special)—Mr. Ardoch, of this place, gives a very interesting account of his experience with Dodd's Kidney Pills. He says—

"I hurt my back and strained my kidneys and for 18 years I suffered on and off intense agony. I was subject to attacks of Rheumatism and Lumbago. My joints were stiff, my muscles cramped. I lost my appetite, my flesh began to fall away, my nerves were shaken, I could not rest or sleep at night and I was sinking into a deplorable condition when I was advised to try Dodd's Kidney Pills. I used six boxes and I am now as strong and healthy as ever I was. I am certain I owe my cure wholly to Dodd's Kidney Pills."

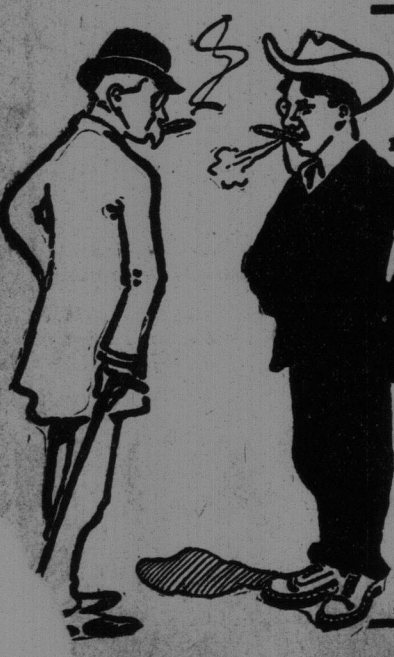

## RIVAL TELEPHONE COMPANY HERE

Central People Say They Will Have St. John Exchange Here Next Fall

Telephone monopoly in St. John promises to be a thing of the past, for the Central Telephone Co. of this province are to establish an exchange here. H. P. Robinson, of Sussex, manager of the Central Co., is at the Royal. He says that they already have wires here, coming in by way of Robbsey, where they are connected with the New Brunswick Telephone Company line. The connection with the latter company, he says, means that the Central's wires run into the exchange of the N. B. Co., and it is therefore possible to reach central subscribers from this city.

Asked if it was the intention to wage war on the company now operating, Robinson said that it was of course a matter to be decided upon, as it would be impossible to say at the present time; he would have no idea just what the rates would be until their telephone engineers went over the whole matter and reported.

Asked whether the exchange would be located Mr. Robinson was unable to say. What, he would say, however, was that they would be here before the snow flies. Of course with two companies in business here Mr. Robinson suggested that a lower rate would seem to be a natural consequence. His company, he said, had long been urged by St. John business men to come to this city.

## DYING OF HEART DISEASE

Firmly Convinced of This Are People Who Often Have Strong Hearts.

Sometimes you wake up at night, heart throbbing like a steam engine. Your breathing is short and irregular; pain shot through the chest and abdomen and cause horrible anxiety.

Your trouble isn't with the heart at all. These sensations are the outcome of indigestion which has caused gas to form on the stomach and press against the heart. But how long can your heart stand this? You know well enough it will soon pay out.

Then remove the cause. It can be done with Dr. Hamilton's Pills. They correct indigestion, disengage the tone of the liver and kidneys, guarantee your freedom from further attacks.

Is it not your plain duty to get this grand remedy today? Better you are sure to feel at once. Just read what happened to Isaac Mallox of Bella River, Ont. He used Dr. Hamilton's Pills—they made a new man of him.

"Three months ago I was a weak, sickly man. My appetite was poor, food fermented in my stomach, I had sour risings and indigestion. At night I would often wake with gas in the stomach and heart palpitation.

"I consulted my doctor, and used remedies that my friends advised. Nothing helped.

"One day I received a sample of Dr. Hamilton's Pills, and my cure commenced. Today I have a vigorous appetite, strong heart action and no sign of indigestion. I feel younger and healthier than ever before.

Your dealer sells Dr. Hamilton's Pills, 25c. per box or five boxes for \$1.00. By mail from N. O. Polson & Co., Hartford, Conn., U. S. A. and Kingston, Ont.

## HON. MR. EMMERSON CORRECTS REPORT

Didn't Say That Government Would Take Jurisdiction of All Railways

Ottawa, May 11.—(Special)—Hon. H. R. Emmerson, when the house met today, said that an editorial paragraph in the Globe had stated that he had said that when the conference between the dominion and the provinces took place the government would arrange for taking the jurisdiction of all railways. He (Emmerson) did not say anything of the kind. He merely stated that the railway committee that the subject would be discussed at the conference.

Mr. Bole (Winipeg), complained of the acoustical qualities of the chamber and the minister of public works said that he had no report upon it.

The commonsense today continued the discussion of the land matters in the North-west, which was started by Mr. Ames yesterday on a motion to go into supply.

The debate was conducted by western members and was along the same lines as yesterday, the government members laying particular stress on the land and immigration policies of the government, contributing to the general prosperity of the country.

The debate was continued by Dr. Chisholm and Mr. MacDonnell, the latter claiming that Mr. Ames' note book of his western trip contained a lot of gossip and every day. Bole's reply was that the Lacated Food was always secure from such insinuations as disrepute, disrepute and bowel consumption. In a word, Lacated Food "keeps babies' lives" when all other foods fail to nourish and strengthen. Try it mothers, the result will delight you. Druggists everywhere.

**Bills Assented To.** Ottawa, May 11.—(Special)—Justice Bede, acting for the governor general, attended in the senate today and gave royal assent to all the bills that have been passed so far this session.

The meeting between the board of health and the committee from the Milkmen's Association will take place on Monday next. The action of the local milkmen is arousing attention among men engaged in the same business in Kings county, and in case any feel disposed to come to the city in time for the meeting, the committee say they will be pleased to receive them.

## NORTH SHORE WOMAN BURNED TO DEATH

Miss Jane Betts, of Millerton, Likely Met Her Tragic End While Building Fire in a Stove.

There was a frightful tragedy at Millerton, Northumberland county, on Wednesday of the week which resulted in the death of Miss Jane Betts, a familiar figure of that place and a person who was generally respected. Miss Betts, who lived alone in a small house, had been at John Betts' for tea on Wednesday afternoon and went home, at about 6 o'clock. Soon after she entered the house volumes of smoke were seen pouring out of the place. A man named Failes ran to the house but found the front door locked. Later he secured an axe and broke down the front door. The place was full of smoke and it was so dense that as often as he tried to enter he was forced back.

It was some time before the fire could be put out and the smoke cleared away enough to allow anybody to enter, but by that time Miss Betts was dead. Her body was found not far from the stove and it is supposed that while trying to light the stove her clothes caught fire and she was burned to death.

## Educational Contest Lists

Destroyed By Fire

CONTEST EXTENDED TO July 31st, 1906

Messrs. Armour Limited, Toronto, regret to advise all who have so kindly forwarded lists of names as per the conditions of their Educational Contest, that their building, with its entire contents, was destroyed by fire on the evening of March 19th, and all records of lists they have received, as well as all lists, were destroyed.

We are, however, very glad to be able to extend the Educational Contest until July 31st, 1906.

We offer \$200.00 in gold to those sending in the largest list of correct words made from the twelve different letters used in spelling the four words.

## Armour Limited MORE DAMAGING EVIDENCE AGAINST STANDARD OIL CO.

Chicago, May 11.—Direct charges of collusion between the Standard Oil Company and the St. Louis & Iron Mountain railroad were made today at the hearing before the interstate commerce commission of the investigation of the relations between the Standard Oil Company and the common carriers of the country.

H. J. Cohen, of St. Louis, for fifteen years connected with the Standard Oil Company, declared that the agents of the railroad acted as agents of the oil company and received a commission on oil they sold.

Attorneys for the Standard Oil Company denied the charges, claiming that Maxon, an Illinois oil dealer, formerly employed by the Standard Oil Company, showed that Maxon repeatedly wrote letters to officers of the Standard Oil Company threatening to make trouble, because he did not consider himself well treated. Maxon said he wrote the letters "just for amusement."

Mr. Tucker, who resumed the stand in the afternoon, said that on September 29, 1888, the protesting oil west of Detroit was withdrawn.

H. J. Cohen, of St. Louis, declared that certain territories in Illinois were divided between the Waters-Pierce Oil Company and the Standard Oil Company for the sale of oil. The accounts of the former company were, he said, checked up by the auditors of the Standard Oil Company. Cohen said the Iron Mountain railroad had acted as an agent in securing business for the Standard Oil Company from all small towns in Southern Missouri, receiving compensation for all work done.

The last witness of the day was Secretary H. I. Hibbs, of Peoria (Ill.), who gave evidence regarding the methods of crushing independent dealers similar to that given by previous witnesses. The hearing will be continued tomorrow.

## Sid Bay Died of Hemiplegia.

Tuna, May 11.—Sid Bay, of Peoria (Ill.), who gave evidence regarding the methods of crushing independent dealers similar to that given by previous witnesses. The hearing will be continued tomorrow.

## BASEBALL

**The Society League.**

Matters are assuming definite shape in the Inter-Society Amateur Baseball League, the opening game of which will take place Monday night at 6.45 o'clock between the St. Peter's and Father Mathew Association teams. As yet the lineup of the competing teams is unannounced.

The St. Peter's will have Davey at third, Mahoney at short and Howard, all of last year's Portlanders, as a nucleus, while younger members of the society in base ball will complete the roster.

The St. Peter's lineup will be the same last year with a few changes, and on good grounds the team should be strong.

Long, George and Burke to help matters along, while plenty of material is available to fill out.

The Father Mathew lineup is not just known but McDermott, of last year's Victorians, will probably catch and Howe will be seen at third.

The St. Joseph's and St. Rose's will clash for the first time on Tuesday night. The St. Peter's and F. M. A. players have ordered new suits in Toronto.

D. Connolly and R. Atchison will umpire during the season, while P. Carroll will be official scorer.

The grounds are being prepared and with good weather should be in first class condition for the opening game.

A Consulting Chemist Makes a Novel Experiment. An Unsolicited Letter that Explains Itself.

"I write to state that on account of your '2 in 1' Shoe Polish being criticized, and the charge made that it injured leather, I made this test as follows:

I mixed the contents of a box of '2 in 1' Shoe Polish, bought at a retail store from regular stock, with four ounces of water and into this mixture put a kid glove, and left the said glove in the mixture in a bottle from June 15th to December 15th, 1905—a full six months. I then took the glove out, washed it and examined it. The fine leather of the glove was not affected in the least. It was as pliable and soft as when new, and was not altered in condition, nor were the stitches affected in any way. This test, I consider, proves that '2 in 1' does not injure the finest leather."

I hereby state that these facts are correct and true.

J. M. WILLIAMS, Consulting Chemist, Hamilton, Dec. 15th, 1905.
