Stylish Fall Clothing

AT PRICES WITHIN REACH OF ALL.

Buying a suit of clothes is not an every-day affair—a fact that makes the man of small income use considerable discretion and judgment. When buying a suit, you want one that not only wears well, but one that will FIT and LOOK well, for an indefinite period; a suit that you can depend on to keep its shape. Our clothing is guaranteed to do this because the materials are good, thoroughly seasoned and shrunk and tailored by hand. You will readily see that you can save money by purchasing here inasmuch as the same suit, custom-made would cost much more and in most cases not as well made. Not only are the materials of the most favored patterns, but the workmanship is difficult to equal.

SUITS AND OVERCOATS FROM \$10 TO \$27.

SUPERIOR PAINLESS DENTISTRY!

"There is a world wide cry against the dentists that they torture their patients. Those of strong physique submit and endure the agony. With a second class, this is simply impossible, and thousands of teeth are neglected and lost, even though the patients may be able to pay for our most skillful services. Then there is a third class who, after months of mental torture in anticipation, finally come into our hands, and with nerves strung to a hurtful point, pass through the ordeal, but at what a cost! We do not sufficiently consider the consequences of shock in the dental chair, yet undoubtedly many suffer for months and even years from injuries to the nervous system received whilst in our hands.

The greatest duty of our profession today is to discover and adopt a mode of painlessly performing our operations."

NOTE—The above is an abstract from a paper read by an eminent dentist of New York City before a society of dentists in Philadelphia. The famous Hale Method of painless dentistry, for which we are sole agents for Canada is the best Method on earth.

THE ST. JOHN PUBLIC AND CLEAN STREETS

During the summer the street department of the city had placed at various street corners and public places, garbage barrels on which an invitation was given to the public to place waste matter, instead of littering the streets. According to Superintendent of Streets Winchester, the people generally have adopted the habit of using the new receptacles and the men who daily call to inspect ypppp material, report that they find some of the cans pretty well filled.

Twelve were put in commission this season and the superintendent intends next summer to procure at least that number more.

At first the people did not bother much about saving their waste matter for the cans, but they are gradually getting into the way of doing it, and while the effect on the streets is not very noticeable as yet, it has been some improvement, and with the cans more numerous it would probably soon result in the streets presenting a much cleaner appearance. It will also save the services of one or two of the men who are now engaged in going about with baskets picking up refuse.

It was suggested by one civic official that the streets would be kept much cleaner if the police would report one or two offenders for throwing waste paper, empty boxes or like materials on the street and have a fine imposed by the magistrate as a caution to others.

FIRST GAME IN MARKET TODAY

In the country market this morning there was a plentiful supply of meats, vegetables and dairy products. Meats were especially abundant. Prices, except in lamb, ranged about the same as last week. Lamb is selling from 10 to 14 cents a pound.

Moose and deer were in evidence this morning and were very plentiful. Moose steak sold for from 15 to 20 cents and venison brought from 10 to 20 cents a pound. A few black ducks brought from 80 cents to \$1 a pair.

A large moose with an antler spread of nearly fifty inches, shot by Harvey McCarran at Norton was being cut up this morning in the market, and attracted quite a number of people who watched the operation with interest.

SGHUMANN-HEINK COMING OCT. 4

Concert Under Patronage of Governor and Mrs. Tweedie, Premier and Mrs. Hazen, Mayor and Mrs. Bullock

F. G. Spencer takes very great pleasure in announcing definitely that Madame Ernestine Schumann-Heink will be heard at the Opera House under his direction Monday evening, Oct. 4. The subscription list as it is at present plainly indicates that the wonderful singer will be greeted by an audience fully equaling that which Madame Nordica attracted five years ago. The culture of this audience will be presented in this audience, and one of the most fashionable gatherings ever seen here may be confidently expected.

Sghumann-Heink as "Arguena" in "Trovatore."

The concert will be under the distinguished patronage of Lieutenant-Governor and Mrs. Tweedie, Premier and Mrs. Hazen, Mayor and Mrs. Bullock, all of whom have expressed deep interest in the coming of Schumann-Heink, and assisted materially in making the important occasion possible to St. John. The reserved seat plan will open to subscribers only Wednesday, the 29th inst., and the list which is now at Landry's music store can be signed at once by intending patrons.

LOOKS GOOD FOR E. D. G. SPORTS

The fall sports of the Every Day Club on October 9, should see the gathering of some good athletes. From the interest now being taken in the meet, the affair will be highly successful. It is certain that all the best athletes in the city will compete, and it is expected that there will be some good ones from outside.

The probability is that there will be a special three mile race pitting Smith of this city and Cribbs, the Chatham flyer. Another proposition that is talked of is a meeting between Ernie Stirling and Fred Cameron, the Amherst runner. Such a contest would be full of interest and would be a race indeed.

TWENTY-SIX DEATHS IN CITY THIS WEEK

The causes are as follows:—Cholera infantum, 5; natural causes, 2; paralysis, 3; enteritis, 2; typhoid, diarrhoea, marasmus, alcoholism, convulsions, heart disease, gastric ulcer, premature birth, spinal sclerosis, cancer of stomach, contusion of brain, chronic nephritis, cardiac insufficiency and congestion of lungs, one each.
