

THE EVENING TIMES-STAR, ST. JOHN, N. B., SATURDAY, FEBRUARY 9, 1924

PRICES IN WALL
STREET BETTER

Ordinarily Inactive Specialties Showed Best Gains This Morning.

New York, Feb. 9.—Stock prices showed an improvement today. Early irregularity gave way to strength when the steel shares were bid up on expectations that a favorable showing in the January unfilled tonnage statement of the U. S. Steel Corporation would be issued after the market closed. Steel common crossing 108 for a net gain of more than one point. Leather and oil shares also made good recoveries from recent heaviness. The best gains were recorded by ordinarily inactive specialties. Fisher Body jumping eight points, Liggett and Myers five, and General Electric, Foundation Company, Remington and Otis Elevator rising one to nearly four points. The closing was strong. Sales approximated 400,000 shares.

New York, Feb. 9.—Stock prices moved within narrow limits at the opening of today's stock market. Oils were again subjected to selling pressure, but they showed good resistance, a few tenets, notably Pacific, recording slight gains. Steel and oil shares were firm. Fisher Body advanced two points and Dupont dropped one.

Montreal Market.

Montreal, Feb. 9.—An easier tone again prevailed during the first half hour trading on the stock market today. There were again prominent. Spanish River again in point of activity and was steady at 11 1/2, and the preferred was up 1/4 to 1 1/2. Laurentide came out with an overnight loss of 1/4 to 3/4. Power sold off 1/4 to 1 1/2.

Exchange Today.

New York, Feb. 9.—Sterling exchange steady. Great Britain, 4.31; France, 4.59; Italy, 4.78; Germany, 10.00/10.01. Canadian dollars 2.27 1/2 per cent. discount.

Bar Silver.

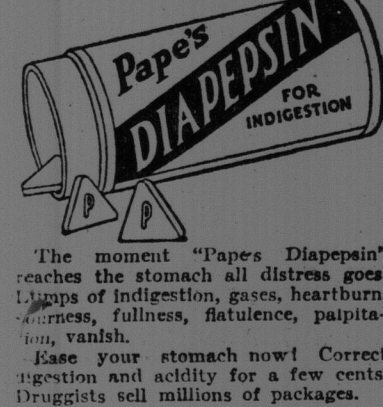

New York, Feb. 9.—Bar silver 64 1/2.

Stocks to 12 noon.

POWER COMMISSION
RECEIVES REPORTS

Engineer's Recommendation Regarding Tenders Accepted.

Referring to a report presented at a meeting of the Civic Power Commission yesterday afternoon that the commission had a surplus of \$10,000 over operating expenses which might be used by the City Council to pay the bill for current, E. Allan Schofield pointed out to a Times reporter today that this report was somewhat misleading to the public.

He said that, when it was taken into consideration that the amount outstanding on the Provincial Commission's books against the city was \$80,000, the fact that the Civic Commission had \$10,000 on hand could hardly be said to indicate a surplus. In his opinion the cost of current should be included amongst the operating costs.

Yesterday's Meeting

At the meeting yesterday it was decided to ask the City Council for another vote of \$10,000 for engineering and incidentals and to notify them that the Commission had a hand balance over operating expenses of about \$10,000 which would be available when needed by the Council to help pay the bill for current. The policy of advertising was discussed and a motion passed that no advertising be done for tenders for tenders in the name of the Civic Commission, be done unless by order of the Board. Tenders for line material and poles were accepted.

R. A. McAvity presided and others present were W. L. Harding, Mayor Fisher, J. N. Flood, A. M. Rowan and F. S. A. McMillan.

The report of Barry Wilson, the engineer, was taken up. He recommended that the City Council be asked to give further consideration to the matter of a water and sewerage system at the sub-station and that tenders for line materials and wire, amounting to \$19,300, from the following firms be accepted: E. Leonard and Sons, Eatey and Co., H. M. Hopper, Irving Smith, Northern Electric Co., Canadian Westinghouse Co., and the Canadian Electrical Co. and for poles, amounting to \$1,962 from the Lindsay Bros. Co. The recommendations were adopted.

Reports Good Progress.

He reported that good progress was being made in the erection of the distribution system. In connection with the tender for wire the engineer reported that the Canadian General Electric had put in a bid some \$80 lower than H. M. Hopper but had since notified him that they would be unable to accept the order for this and he recommended that the order be given to H. M. Hopper. In Fisher expressed the opinion that this was small business for a reputable firm. The recommendation of the engineer was adopted.

A communication from E. J. Henneberry, acting for Robert O'Brien, asking that \$300 damages be paid him for injury received when he was struck by a truck belonging to the Civic Commission, at the corner of Duke and Prince William streets, was read and, on motion of Mr. Rowan, was referred to the insurance company.

The engineer reported that with the number of poles which it was proposed to order from the Commission would have purchased 2,984 poles and it was anticipated these would be sufficient to complete the system and leave some in the yard for renewals and extensions.

Bills amounting to \$7,637.80, of which \$189 was on operating account, were ordered paid.

\$10,000 to Pay for Current.

H. A. Willett, accountant secretary, reported that the engineering and incidental account was depleted and another \$10,000 was needed. Mr. Flood asked what had become of the income from current and was informed that the Commission had in the bank about \$10,000. It was suggested by the chairman that the Council might be asked to authorize the expenditure of this amount against engineering and incidentals.

Mr. Flood said he thought this money should be handed over to the city to apply against the bill for current and the Council should be asked to vote a sum for engineering and incidentals. It was moved by Mayor Fisher and seconded by Mr. Flood that the Council be asked to make another vote of \$10,000 for engineering and incidentals. Carried. It was then moved by Mr. Flood that a communication be sent to the Council informing them that the Commission had this surplus in the operating department and that it would be available when required to help pay for current. Carried.

Must Sanction Advertising.

Mr. Flood asked what the policy of the Commission was in regard to advertising and who had authorized the advertisement which appeared in a recent issue of a weekly paper. He thought all advertisements should be ordered by the Commission.

Mayor Fisher said he agreed with Mr. Flood that all advertisements should be ordered by the Commission.

Mr. McAvity said the advertisement in question had been inserted by himself and was being paid for by himself.

It was then moved by Mr. Flood and seconded by Mayor Fisher that in future no advertisements be placed in the name of the Commission, except in the case of call for tenders, be made unless on the order of the commission. Carried.

SEEKING CAUSE OF DEATH OF CHINESE

The dead body of Wong Chung was found in his laundry in Moncton on Sunday morning and when the inquest was held there seemed some doubt as to the cause of death. Portions of the body were forwarded to Dr. H. L. Abramson, provincial pathologist. Dr. Abramson said last night that it would take a few more days to complete the examination. He would make his report to Dr. H. H. Coleman, coroner in Moncton.

BOYS FAIR AHEAD

The boys were in a big majority in the births reported to the deputy registrar of vital statistics for the week ending today, twenty of the twenty-seven being of the sterner sex. Six marriages were reported for the week.

WOULD NOT HAVE ULCER
CUT OUT OF STOMACH

Took "Fruit-a-tives" Instead and this Medicine made from Fruit Juices Relieved the Trouble.

MAPLEHURST FARM, HILLHURST, P.Q.
"About 25 years ago, I began to have trouble with my stomach."

Three years ago, I consulted one of the best specialists in Montreal. He said I must go to the hospital, have an ulcer cut out of my stomach and gall stones removed. I was then 74 years old. I said "NO."

Then, I began to take "Fruit-a-tives."

I am so much better that my old friends often ask me what I have done to myself to look so well. I am gaining in weight and enjoying life very much." H. W. EDWARDS.

"Fruit-a-tives" is made from the juices of apples, oranges, figs and prunes, combined with tonics, and gives quick relief in stomach troubles.

This fruit medicine actually strengthens the stomach muscles and enables the stomach to get sufficient gastric juice to digest the meals.

"Fruit-a-tives" also corrects Constipation and Bilelessness from which so many Dyspepsies suffer.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent post paid on receipt of price.

B. C. HERRINGS TO IMPERIAL EXPO.

Victoria, Feb. 9.—Samples of Scotch-cured British Columbia herring will be displayed at the British Empire Exhibition, London, 1924. The herring exhibit is being prepared by the Barclay Sound Fisheries, which recently put up a pack of Scotch-cured herring at its plant on Barclay Sound. It is believed that the exhibit will show fish merchants and the public generally in Britain that British Columbia can produce equal to any of those secured in the old country.

The Barclay Sound Fisheries, one of the enterprises initiated by the department of industries, had orders this year for 2,000 barrels of Scotch-cured herring. The difficulty in obtaining skilled labor at the necessary season, however, made it impossible for the company to pack more than a small quantity.

DISSOLVES ONE PAN AMERICAN CO.

New York, Feb. 8.—Dissolution of the Pan-American Western Petroleum Company, formed to develop the California naval oil reserves, was announced tonight by Edward L. Doherty, chairman of the Pan-American Petroleum and Transport Company. The action, he said, resulted from the attack on the validity of the leases in the Senate's investigation.

THORNTON AGAIN IS OPTIMISTIC

Montreal, Feb. 8.—Addressing the Westmount Women's Club here this afternoon, Sir Henry Thornton, president of the Canadian National Railways, predicted that "within three years with any sort of luck, I anticipate that we will no longer be a burden upon the taxpayers of Canada; and within ten years we will be efficient a railway system as can be found anywhere in the world."

N. B. LUMBER TRADE IS MORE ACTIVE

Winnipeg, Feb. 8.—The weekly trade report of the Canadian Credit Men's Trust Association, limited, states: "Halifax—General trade conditions unchanged. Volume of wholesale business about normal."

St. John—Wholesale trade quiet and dull. Little activity in lumber. Lumber industry reported to be getting more active.

BAND AUXILIARY SOCIAL.

The Ladies' Auxiliary of the Carleton Cornet Band gave a social evening and dance in Oddfellows' Hall, West St. John, last evening for their friends. A pleasing program was given in which the following numbers were included: Piano solo, Miss Gertrude Belyea; vocal solo, Mrs. Rosch; piano solo, Mrs. Huggard; toe dance, Miss Angevine; Gregory's vocal solo, Miss Belyea; dancing was enjoyed after the program and refreshments were served. The committee in charge were Miss Frances Lanyon, the president and the Misses Gertrude Belyea, Pearl Howard, Dorothy Lanyon, Evelyn Brown, Maud Reed and Muriel Ellis.
