There's Money in Chicks

Chick Raising Pays Big Profits

The Early Pullet Lays the Early Egg

And the early egg—say late November and through December—commands the top price of the year.

Start a **BUCKEYE INCUBATOR**

in March or early April; raise the many chicks you'll hatch in a cool-burning Standard Colony Brooder, and this good money is yours.

We know the Buckeye Incubator and the Standard Colony Brooder will do exactly what we say. We guarantee it, and our guarantee is backed by the manufacturer. Everybody gets a square deal. Nothing beats the "Buckeye," and the Standard Colony Brooder has no equal. Come in and see them.

Notice To Advertisers

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m. (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and changes.

LOCAL NEWS

EXPECTED THURSDAY.

The S. S. Minnedosa is expected in St. John on Thursday, with twenty-one officers, 375 other ranks and dependents on board.

THE MILLS

The four mills which were idle yesterday are still down. It was announced today that negotiations are under way between the men and mill owners to reach a settlement. The workers who struck are said to be non-union men.

HER BROTHER DEAD

Friends of Mrs. J. R. Shields, Murray street, will sympathize with her in the death of her brother, Jordan Clarke, of Hillsboro, who died on Monday morning. Mrs. Shields left today to attend the funeral.

PINED \$250.

In the police court this morning the firm of McCormack and Zisman, 77 Smythe street, were charged with allowing fish to be caught in their weirs on Sunday. The full penalty for an offence of this kind is a fine of \$100, but Magistrate Ritchie considered the matter and as it was a first offence, a fine of \$250 or three months in jail was imposed.

HEALTH MATTERS

Another case of smallpox from Westmorland county was reported to the department of health this morning. It originated from Halifax, breaking out one day after the patient's arrival at his home from that city. The department, through its district medical health officer, Dr. Desmond, and the sub-district board of health for Westmorland county, have taken every precautionary step necessary. It was reported to the board of health today that another family in the city is infected with influenza.

POLICE COURT

One man was in the police court this morning charged with drunkenness. He told the court that he became intoxicated on lemon extract given to him by a man he had met in France. When asked by the court if he had ever lost any money while he was drunk, he said no. This question was asked, because it had been reported that some persons are doping returned soldiers and robbing them. He was fined \$8 or two months in jail.

A BIT DEARER.

A local ice company has made a slight increase in the cost of ice sold out of the team to casual purchasers as a matter of equitable dealing with those who subscribe to a monthly or yearly service. This increase amounts to about 25 per cent and is along the lines followed by similar corporations in the larger cities. The ice crop this year has been about an average and if anything slightly below.

WEST INDIES STEAMER

The R. M. S. P. Chaudiers, which left Bermuda on April 12 docked here this morning at eight o'clock. She had eighty-two cabin passengers on board, among whom was Senator N. Curry, formerly of Amherst, now of Montreal; C. H. Harvey of the Marine and Fisheries Dept., Halifax, with his wife and daughter; T. A. Linton of this city. There were also military officers, most of them returning after duty in Bermuda. Most of the passengers were tourists making the round trip and they said that they had had a very pleasant voyage. The Chaudiers' cargo was 1,000 tons of sugar and 500 barrels of molasses.

LOCAL MILITARY NEWS

A party of imperial army men arrived this morning on the S. S. Chaudiers from Bermuda, where they have been doing garrison duty since the outbreak of the war. They are in the city awaiting transportation to England. Among them were Canadian officers who have been on leave in St. Lucia and Bermuda, including Captain McFarland, Lieut. Harrower, Lieut. Reddy, Lieut. Crowley and Lieut. F. H. Powell. Lieut. Powell of Ottawa has been doing duty with the No. 6 Company Royal Canadian Garrison Artillery in St. Lucia, West Indies, for the last two years. He was formerly in the Canadian field artillery in Canada. He is in this city awaiting his transportation to Ottawa. Captain G. N. Walker of the imperial army and Mrs. Walker arrived this morning on the S. S. Chaudiers. He is of the 8th Gloucesters and has been in Bermuda on leave. He has one month's leave in Canada before sailing for England. Major K. W. MacDougall returned from the West Indies this morning. He has been on leave there. He will take over the duties of the senior supply officer of M. D. No. 7 under the department of the assistant director of supply and transport. Two officers and five other ranks of the royal army medical corps, who conducted imperial details to Canada recently, will return to England on the S. S. Scandinavian, which is expected to sail tomorrow.

LOYAL TO CUSTOMERS.

There is at least one patriotic butter dealer in the community as an incident disclosed in the city market on Saturday relative to price would indicate. A little old gentleman, who hails from one of the Kings county villages, has been selling butter at the public stalls for several seasons. He has never exceeded the market quotations and by reason of fair dealing and satisfactory product has worked up a profitable line of business. The other day he returned to the market after a winter's lay-off and to a confidential friend made the following assertion: "That he had been offered seventy-five cents for his butter by agents of upper Canadian firms scouring the country but, knowing that prices were already excessively high and that he had a line of customers awaiting him in St. John with whom he wished to play the game fairly, he refused the alluring proposition of the butter scouts from Montreal and Toronto and brought his goods to town to be marketed at the ruling prices. So much for a spirit of fair dealing and good citizenship which seems a rare thing in some directions nowadays when every trifling advantage is taken of the upward tendency in the cost of living."

SAVINGS IN SCHOOLS GROWING LARGE

High School Pupils Alone Put Away \$1,000 in Thrift Stamps in Two Months

The war thrift stamp campaign in the public schools seems to have taken a firm hold upon the pupils and by educational system and organization is now rolling like the proverbial snowball into a large and important factor in St. John's patriotic financial effort. Dr. H. S. Bridges, superintendent of schools, tells the Times that in the High school alone during the first month, that of February, the pupils contributed \$450 by systematic weekly stamp buying and in the month of March, which was the last accounting, the sum of \$550 was accumulated, making an even \$1,000 in the first two months of the campaign. The school superintendent says there are ten well organized savings clubs in the school system of the city and more are in process of organization. In some of the intermediate grades, such as 7 and 8, the boys and girls collect as much as \$5 to \$10 a week which, when totalled throughout the city, runs into a large sum of money. In fact the schools here are showing such enthusiasm in the matter of thrift stamps that it would not be surprising if they show the way to the whole of eastern Canada when the year's totals are struck and comparisons made.

FREE CLINIC FOR CHILDREN

Proposal to Treat at Hospital School Boys and Girls Who Need Dental and Eye Treatment

It is expected that a free dental and eye clinic, for the benefit of the school children, whom Dr. Mabel Hanington, in her inspection of schools in this city, had found that treatment will be established in the General Public Hospital. The matter was talked over this morning, but no definite plans have been made yet. It is felt that a department of this kind is necessary, as a large number of children are afflicted in this way. This matter was recently before the hospital commission, but was not given full consideration. It is hoped when it again comes before the commission they will consider it favorably.

INTEREST IN VISIT OF SIR ROBT. BADDEN-POWELL

St. John Hopes There Will Be Change That Will Bring Scout Chief Here

A great deal of interest has been stirred up in local boy scout circles over the coming of General Sir Robert Baden-Powell, chief and father of that famous body. The famous defender of Mafeking is due to arrive on this side of the water during the month of May and so far it is reported the only Canadian places at which he will be heard are Ottawa and Toronto, although local scout officials can hardly credit this rumor. It is thought Sir Robert will not pass by the important scout division of eastern Canada, especially since he has been literally bombarded with telegraphic and written requests to visit here. An official inspection just now would give the organization added stimulus as well as showing some mark of appreciation to the lads who have done so much in their boyish yet effective way in fitting into wartime schemes at home. The report that the head of the scouts is to spend some three weeks on the American side of the boundary naturally creates a little feeling akin to jealousy, but those in the high command argue that since the noted Englishman is head of the scouts for all the world, he must, of course, deal with each country according to its importance in organization and where the most work would be done upon him. In the meantime Sir Robert has not started his journey and there is still a strong hope that his itinerary will be so changed that St. John and Halifax will at least be included and that he might make his plans to arrive either in the sister city or at this port.

FURTHER PREPARATIONS FOR THE CELEBRATION OF BIG BATTLE ANNIVERSARY

Further details were worked out this morning at an executive meeting of the committee in charge of the arrangements for a banquet by the men of the first contingent who were in France early in the war and up to the end of April, 1915. The returned men from this vicinity who were in France during this period are entitled to attend the banquet. Tickets are in the hands of Major Peat of the medical corps; Louis LeLacheur, representing the signallers; Lieut. S. C. Tippet, infantry; Sergeant McCarthy, army service corps, and Sergeant Fowle, the artillery.

It was announced this morning that General Macdonell, G. O. C. M. D. No. 7, had kindly loaned all the facilities of the new mess room in the armory where the banquet is to be held. The function will take place in celebration of the commencement of the famous battle in 1915, which included St. Julien, Ypres and Langemarck. It is planned to make the anniversary one of the biggest military events of the season and the veterans are sure to receive all the co-operation that is due them. Nothing will be overlooked to make it a grand success.
