EXEMPTED FARMERS MAY BE EMPLOYED BY LUMBERMEN

Hon. W. E. Foster was recently requested by lumbermen to see what he could do to provide them with help this winter for the purpose of getting their lumber out. The premier promptly took the matter up with Brigadier-General A. H. Macdonnell, commanding this military district and has received the following reply which will be gratifying to all concerned.

St. John, N. B., Oct. 8, 1918.

Hon. W. E. Foster, Premier of New Brunswick, St. John, N. B.

Dear Mr. Premier,—With reference to your favor of the 28th ultimo, in connection with the release of men in category "C," for the purpose of assisting the lumbermen in getting their lumber out during the coming winter season, I am pleased to advise you that the matter has been taken up with militia headquarters, Ottawa, and they have ruled as follows:

"In order to facilitate productive employment during the winter months, men exempted as farmers should apply to the registrar for permits to engage for the winter in some occupation of nature, such as, lumbering, munition work, etc. Such permits will serve to enable exempted farmers to pursue other useful occupations for the months during which farming operations cannot be carried on."

In connection with the above, it will be necessary for each individual man, who is exempted on the grounds of being a farmer, and who can be spared from his farming duties, may engage in the pursuit of lumbering, during the winter months, no matter what category the man might happen to be in.

Advertisements to this effect have been placed in all the newspapers in the province, beginning today.

I trust this will be satisfactory.

(Signed) A. H. MACDONNELL,
Brigadier-General, Commanding M. D. No. 7.

SIFT YOUR COAL ASHES

It is impossible to make an exact estimate of the coal wasted in Canada each year through the carting away of unconsumed carbon, but it is tremendous. A glance at any ash heap in the spring, after the melting snow or spring rains have washed away ashes from the cinders, will show much coal unconsumed. The most careful furnace or range firing will not overcome this loss. Coal which lies against the metal drop burns only from one side, and, when shaken out, it has not done its full duty. This coal when separated from the ash, is again available. All ashes should, therefore, be well sifted to secure this fuel. You may be able to afford to throw these cinders away. You may, by some means, be able to secure all the coal you require. You, however, owe it to your less fortunate brother Canadian to see that he and his children are not compelled to suffer for lack of coal during the coming winter through your waste.

LOAN COMMITTEE MEETS

Great enthusiasm was shown by the large attendance of the committee for the Victory loan campaign which met at headquarters last evening with Stanley E. Elkin, M. P., in the chair. Encouraging reports were submitted from the representatives of the different wards. It had been the intention of the committee to hold several public meetings in connection with the campaign and ways and means were discussed to offset the prohibition against public meetings by the provincial department. The committee expect the hearty cooperation of the citizens in overcoming this difficulty.

DODD'S KIDNEY PILLS

DIABETES, GRAVEL, RHEUMATISM, NEURALGIA, MIGRAINE, INDIGESTION, BILIOUSNESS, AND ALL THE AFFECTIONS OF THE URINARY SYSTEM.

NUMBER 23 THE PROPRIETOR

COMFORTS FUNDS SENT OVERSEAS

The October meeting of the Soldiers' Comforts Limited, was held yesterday afternoon. In the absence of the president, Mrs. H. B. Peck, 1st vice-president, occupied the chair. Regular business was transacted and special mention was made of the proposed visit of Miss Arnold, lieutenant, C. F. C. C., who will be in New Brunswick in November and will speak in St. John in the interests of the organization. A letter received from Miss Mary Plummer, lieutenant, C. F. C. C., in England was read. Miss Plummer told of her visit to France last year and of the appreciation shown by the officers in France who commended highly the work done by the S. F. C. L. Through this agency over 5,000 lone soldiers received parcels in 1917 who had never been remembered before. The S. F. C. L., decided to send Miss Plummer a generous cash donation to be used to send parcels to lone soldiers of New Brunswick battalions now in France, by this means saving much time in packing and shipping. It was suggested that the friends of the association who have every year remembered lone soldiers might prefer this method of helping.

Mrs. George McAvity has kindly donated gift cards to be used in these parcels forwarded by Miss Plummer to New Brunswick men. The cards will read as follows: "Christmas Greetings and Best Wishes for the New Year from the Soldiers' Comforts Limited, St. John, New Brunswick, Canada."

The report of the treasurer showed that cash received during September amounted to \$209.44. Mrs. Holly reported for the wool committee that 1,709 pairs of socks had been received besides many mitts and caps and that there are now on hand for distribution 1,000 pounds of wool. The girls' circle reported through Miss Hilda Shaw, having donated 120 Christmas parcels. The Douglas avenue circle had also forwarded a large consignment. Cases of socks, assorted comforts and Christmas parcels have been received from the following: Rothbury, Sussex, Upham, Milltown, Chipman, Moncton, Woodstock, Apohaqui, the Y. W. P. A., and the Centenary M. E. Church. Special mention was made of the donation received from Campbellton too late to be listed with the September cases. The Campbellton consignment contained 1,001 pairs of white socks and 206 Christmas parcels.

SELECT MEDICINE CAREFULLY

Purgatives are dangerous. They grip, cause burning pains and make the most astounded condition worse. Physicians say the most ideal laxative is Dr. Hamilton's Pills of Mandrake and Butterbur. They are exceedingly mild, composed only of health-giving vegetable extracts. Dr. Hamilton's Pills restore activity to the bowels, strengthen the stomach, and purify the blood. For constipation, sick headache, indigestion and disordered digestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a 25c. box yourself.

MUTT AND JEFF—MAYBE THERE WERE "COOTIES" IN NAPOLEON'S TIME, WHO KNOWS?

(COPYRIGHT, 1918, BY H. C. FISHER. ER, TRADE MARK REGISTERED IN CANADA.)

NO USE TALKING, NAPOLEON WAS A WONDERFUL GENERAL. EVEN IN THIS PICTURE HE HAD HIS CLASS STICKS OUT. HE WAS A GENIUS.

WHAT'S THAT, MUTT, SOME BULLSHIT?

NO, IT'S A PICTURE OF NAPOLEON. I'VE BEEN IMPRESSED WITH THE CLASS IN THE PICTURE.

CLASS?

SURE! SEE THE WAY HE'S STANDING. HE SEEMS TO BE IN DEEP THOUGHT.

NOTE THE POSE. NOTE THE POSITION OF HIS HANDS. ONE HAND BEHIND HIS BACK AND ONE UNDER HIS COAT LIKE THIS. THAT SIGNIFIES DEEP THOUGHT!

DEEP THOUGHT MY EYE! I'LL BET "NAP" HAD THE "COOTIES"!

NEW RECTORY FOR ST. PAUL'S CHURCH

The intention of the late Chief Justice Chipman that a rectory should occupy part of the lot which he donated for the erection of St. Paul's church has at last been realized. The present rectory, Ven. Archdeacon Crowfoot and his family are now occupying their new home in Wall street—the bright newly remodelled house beside the church.

A house was erected many years ago on the north side of the same lot on which the church stands, built by a private individual who leased the land from the church and at the expiration of this lease last May, it was not renewed and the new house was rebuilt from the old structure.

St. Paul's parish can now boast one of the finest rectories in the diocese. The congregation have long had in view the building of a house for their rector and a fund for this purpose was started several years ago by Rev. E. B. Hooper. This fund gradually increased and will largely meet the expense of the undertaking.

The new house is of modern colonial style and is being painted to harmonize with the church. The interior is nicely finished in modern style with hardwood floors and bright sunny rooms. A unique colonial porch opens into a spacious hall which contains a modern staircase. The rector's study and a reception room open off either side and present a neat and homelike appearance. The house is fitted with all modern improvements. The whole appearance reflects great credit on the architect, George E. Fairweather.

Fine Furs

In the most approved styles and combinations

Having effected large purchases of high-grade skins far in advance of the season, H. Mont Jones is now in a position to offer the completed garments at prices that cannot fail to interest prospective buyers.

Early selections are earnestly recommended.

EAT LESS MEAT IF BACK HURTS

Take a Glass of Salts to Flush Kidneys in Bladder Bothers You

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

The work of reconstruction was done by Contractor Edward Bates. George E. Blake installed the plumbing and heating, and the painting is being done by Charles Barbour.

The generosity of the late Chief Justice Chipman who founded St. Paul's church in 1843 was referred to by the late Rev. A. H. Bicker on the occasion of the sixtieth anniversary, in the following words:

"It has not been reared as other churches have by means of public funds or general subscription, but by the munificence of a single individual. The Hon. Chief Justice Chipman has built it at his own expense. He has given the lot on which it stands, which is valued at \$200, and his family and other lot valued at \$1,000, and advanced a loan of \$1,100 more for the completion of the building. So that the whole funds amounting to \$2,300 have been supplied by himself alone, of which \$1,400 is a free gift forever for the promotion of religion and the honor of Almighty God."

PLAYING THE GAME

If you fail to save that you may help Canada bear the burden of war, and finance the problems of peace you are not playing the game.

Under British standards the man who refuses to "play the game" is regarded with contempt. If in the midst of the present war prosperity, you, who are profiting by it, merely waste instead of saving, you come under that category.

Save, even though it involves sacrifice. Such sacrifices should be made when you think of the sacrifices of life and limb that have been made by the boys "Over There." They have played the game manfully. What about you?

Sacrifice to Save! Save that you may Lend—to Canada!

S. S. CONVENTION OPENS AT MONCTON

Moncton, N. B., Oct. 8.—The new Brunswick and Prince Edward Island Sunday School Association is holding its thirty-fifth annual convention in Moncton. The convention opened this morning in the First Baptist church with large attendance of delegates.

The morning was occupied by the registration and enrollment of delegates and assigning them to homes. Prominent Sunday school workers are present including Marion Lawrence, E. O. Excell and Alvin Roper, of Chicago. At the afternoon session county reports were read by Rev. W. A. Ross and by county officers. Rev. C. J. Crowds, of Halifax, secretary of the union association for the maritime provinces gave an address.

At the evening session Rev. T. P. Drumm presided and gave a brief address of welcome and Mayor Toombs also welcomed the delegates. Rev. W. B. Wiggins, of Woodstock, replied to the address of welcome. Mr. Lawrence, who is general secretary of the International Sunday School Association, gave an address on "The Relation of Sunday Schools to the War."

A private company will be granted a thirty-year permit by the Dominion government to graze reindeer in the Northwest Territories.

Polarine

FRICION REDUCING MOTOR OIL

"Makes a good car better"

For Piston Pins

PISTON pins receive the full force of every explosion. Unless their bearings are adequately cushioned with oil of correct body and lubricating qualities, they soon wear loose, with vibration that racks connecting rod and crankshaft bearings. Correct lubrication guards your motor against this danger.

BEWARE OF "KNOCKS"

Every "knock" in your engine is a danger signal. Knocks mean extra strain, excessive wear on moving parts. They foretell increased repairs—decreased intrinsic car value. And often the cause of these "knocks" is the use of the wrong lubricant. Don't wait for that metallic warning from a worn part before you realize that there is a great difference between lubricants. Help save your engine to-day from that possible breakdown of to-morrow by the use of

Polarine

It has both body and lubricating qualities that minimize wear and friction. It flows freely at all temperatures—does not break down and run thin when your motor heats up. It lessens carbon trouble—softens vibration—keeps your car running smoothly and delivering full power day in day out.

Polarine is made in two grades—Polarine and Polarine Heavy. It is supplied in one-half, one and four gallon sealed cans, also in 12½ gallon steel kegs, barrels and half barrels.

There are also Polarine oils and greases for effective transmission and differential lubrication.

Buy Polarine where you get Premier Gasoline—at the sign of the "Red Ball."
