CLASSES PERFORM IN Y. M. C. A. CIRCUS

Large Audience Enjoyed Work of Boys in Annual Gymnastic Display.

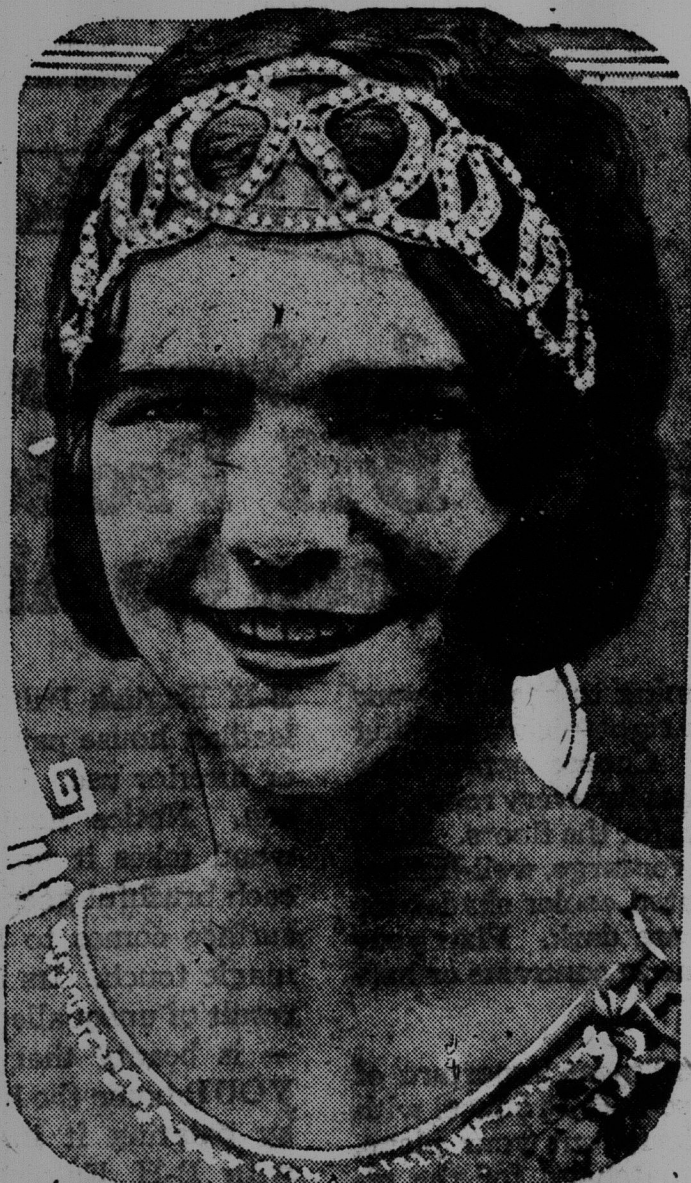

A large and greatly appreciative audience last night witnessed the first performance of the Y. M. C. A. annual circus. Ronald Shaw with a fine flow of oratory last night made another big hit as showman for the circus. The gymnastic classes gave excellent demonstrations, reflecting credit on their own aptitude and the careful training given by H. T. C. Hutton, physical director.

The programme opened with a march part of the combined classes of 150 pupils. The comers' class, under the direction of W. S. Allan, staged a nicely executed dumbbell drill. The High School boys did some difficult pyramid building with smartness and precision. The junior school group gave a demonstration of free arm drill and the "all together" movements were like clock-work for mechanical exactness.

An Outstanding Group. The junior leaders' corp, which had been described by National Physical Director Crocker as the most outstanding group of its kind in Canada, did some remarkably neat and clever work on the horse and parallel bars.

The senior leaders' corp took part in an athletic dance interpretive of the motions of various kinds of athletics had acquitted themselves very well. They also gave a splendid demonstration of parallel bar work. The business boys gave a fine demonstration of tumbling and the senior school boys gave the Caedra dance effectively. The young men's section was seen in some very difficult bar exercises which were carried through in an adroit fashion. The senior class had the closing number, an Indian club drill with lighted torches that was an artistic spectacle. The Y. M. C. A. orchestra, under the direction of H. C. Clayton, furnished pleasing selections. Mrs. Hogge played for the drills. The circus clowns were even funnier than usual and made a big hit. The circus will be repeated tonight and tomorrow night.

ANOTHER BUILDING CASE AT CITY HALL

Suggestion of By-law Till Code Adopted—Asphalt Tenders Are Opened.

Tenders for asphalt, disposal of the lands owned by the city in the Parish of Lancaster and the hardships of the present building law were among the matters discussed yesterday afternoon by the Common Council, sitting in committee of the whole.

Commissioner Bullock reported progress in the matter of dealing with the protest from West Side residents about the coal quit on the west side ferry boats and said the question was being taken up with the Dominion Coal Company.

On motion of Commissioner Bullock, John Gray was given a lease of a lot in Lancaster for pastures at \$50 a year. Commissioner Bullock said he had been considering the matter of the city lands in Lancaster. The taxes on these lands had increased from \$1,805.45 in 1909 to \$4,806.55, and the holdings were less today than they were in 1909. Last year there was a net loss of \$3,101.07 on these lands and he thought they should be disposed of. No action was taken.

Building Matters. C. J. Mellday appeared for Kenneth Raymond and asked that his client be allowed to make some improvements to his property, 62 Queen street, which the building inspector contended were contrary to the law. It was suggested that a by-law might be passed to deal with cases of this kind until the new building code had been adopted. Commissioners Harding, Bullock and Wigmore were appointed a committee to look into the matter and report back. Two tenders for asphalt were opened and referred to the Commissioner of Public Works and road engineer for a report, as follows: Carrille Company, Ltd., \$29 a ton; Imperial Oil, Ltd., \$30 a ton. Commissioner Prink remarked that this was \$4 a ton higher than last year.

HOLDS SUPPER AND SALE.

Carlson Methodist church held a well patronized supper and sale last evening in the church hall, under the auspices of the Ladies' Aid. Mrs. J. P. Burpee was general convener.

Pink flowers, lighted candles and harmonizing tints in other decorations made the tables very attractive.

Mrs. William Haslam and Miss Ella Parks had charge of the fancy work

and Miss E. Jenkins of the candy table. The supper conveners were Mrs. W. D. Williams, Mrs. S. Nichols, Mrs. W. H. Rowley and Mrs. A. R. C. Clark. Mrs. J. Sharpe made the tea and coffee, assisted by Miss Kate Brittain and Mrs. J. MacKinnon. The members of the Ladies' Aid served.

The patron of the saloon-bar tasted his portion suspiciously, and then remarked to the duchess behind the counter: "This is a curious whiskey

and soda. May I ask which you put in first, the whiskey or the soda?" "The whiskey, of course," said the barmaid. "Oh, all right," said the thirsty one, raising his glass, "I daresay I'll come to it presently."
