There was a fog at the time and the vessels collided, the schooner's bowsprit broken off and the hulls of her planking on one side of the stem being started off from the overbearing assault down to the water line. The steamer, which was in charge of Pilot Wm. Tait at the time, passed on without stopping to ascertain what damage had been done, or those on board her knowing whether the schooner would sink or not. The "Sinclair," which was proceeding to some of Mr. Logg's fishing establishments on the coast with a load of supplies, was obliged to return to Chatham for repairs. The matter of damages has been amicably settled between the Captain of the steamer and Mr. Logg, the latter accepting a compensation which was very moderate under the circumstances.

THE ARMY OF CATERPILLARS which is coming so much trouble on the Canadian Pacific Railway is with common knowledge steadily increasing between Brownsville Junction and Mattawamack. A well known Bangor man, who had much experience in that direction, tells us that their devastations are not only in that section. For several years they have frequented the country and seem to prey especially upon the poplar trees. Last year a crew of men which was sent in to spray wood spruce towards No. 3, Range 8, was obliged to leave the woods on account of the enormous number of caterpillars which would fall upon the heads of the axmen. The same thing has been noticed there too in other years. Thursday the train was delayed five hours by the caterpillars. Men were obliged to go ahead of the engines and keep the pests from the tracks with brooms before the engines were possible. The women have made great devastation in that region, having eaten everything in their way, stripping bare all the poplar trees especially. The army is composed of millions, and is causing great excitement in that locality.—Bangor Commercial.
