It was resolved that Rev. C. W Townshend question the candidate in behalf of the council, the council reserving the right to ask questions also as they were moved.

The candidate, Bro. H. Davies, was then called upon to give statements as to his conversion, call to the ministry, and views of Christian doctrine, which he did in a clear and comprehensive way. His views of Christian doctrine were given in a systemati and scholarly way, showing an appreciative and strong grasp of the great truths held by the Baptist denomina tion. A very searching and extended examination was given as the different doctrines were stated, which the canstory may be correct. HIGGINS CAN APPEAL.

SEMI-WEERLY SUN, ST. SORR, S. B. SATURDAY, NOVEMBER 5 1902.

Mr. Mullin Granted Leave By Supreme Court to Ask for New Trial,

Argue Case Next Tuesday-Points on Which Appeal Chiefly Based.

FREDERICTON, N. B., Nov. 4.-At the Michaelmas term of the Supreme Court, which opened this morning, all the judges present, Daniel Mullin, K. C., moved this afternoon for leave to appeal in the Higgins murder case on the following

First-That the judge was in error in erence to his ruling as to selection of tales Second-That the judge was in error in not discharging jury and empanell-

ing a new one when it appeared that one of the jurors John A. Pooley, who had already been sworn stated that he could not give the prisoner a fair trial as he had his mind already made up.
Third—Error in admitting rebuttal
testimony of Harry McGinley and Mrs. Fourth-Misdirection of learned judge

with reference to comments made by his honor on the silence of the prisoner after consulting counsel and inference which might be drawn from such sil-

Upon Mr. Mullin's first point, the judges were clearly against him, and it also seemed that they were adverse to admitting Mr. Mullin's contention with reference to empanelling a new jury. So far as might be judged from emarks let fall by their honors whilst counsel was arguing the third point, two at least were disposed to agree with him. Upon the fourth point it is thought that their honors may be equally divided. The court considers and will give

decision some day during term. Mr. Mullin returned to St. John upon this evening's train.

The supreme court now in session at Fredericton has granted Frank Higgins leave to appeal. Their decision was a surprise to many and is by no means a small victory for Mr. Mullin, who applied for that leave earlier in the week. His grounds for so asking were based on alleged irregularity in empanelling the jury list; on the fact of the pro-claimed prejudice of some of the jurors; on the irregular admission of evidence by the crown in rebuttal and on alleged direction by Judge Landry in his charge to the jury.

The chief justice announced this decision just before the court arose for recess at one o'clock. He stated a majority of the court were of the opinon that there was sufficient ground for the leave applied for and that the court would hear the appeal on Tues-

The particular grounds upon which the leave is granted were not stated, but from the observations of the judges during Mr. Mullin's argument of the motion it is inferred that it is the comments of the trial judge in his charge to the jury respecting the pris-oner's silence after his arrest and em-The decision means that 2. full bench for a new trial for his client. His grounds for so appealing will be the same as those upon which he based last month totalled \$174, \$150 of which his argument for leave to appeal early in his case. Attorney General Pugsdrown's argument against Mr. Mullin's

Legal opinion in St. John seems to think that the application for a new trial is not based upon sufficient grounds for the supreme court to grant the plea. The acts of 1897 with neference to appeals says: "A new trial shall not be granted on the ground of misdirection or improper admission of evidence unless in the opinion of the court some substantial wrong or miscarriage has been thereby occasioned in the trial of the action." It is for the present bench to decide whether the evidence of Mrs. Marshall and Harris McGinley improperly admitted, and if it was whether it was strong enough to substantially affect the verdict and whether Judge Landry's reference to the prisoner's silence until the coiciai moment in the case could be con-strued as misdirection, and, such being the case, if it did materially influence the jury.

U. S. ELECTIONS. WASHINGTON, Nov. 5.—The latest returns received up to 10.30 o'clock tonight show that the republicans (including in this description the fusionists, elected from the Pittsburg-Alle-gheny districts in Pennsylvania), will control the next house by a vote of 204 republicans to 179 democrats, with one district, the eighth Tennessee, and two California districts remaining so much in doubt that the official turns will be needed to decide the re-sult. The totals given are believed to be correct, although there are a few districts, such as two in Colorado and one in Minnesota, where the republican and democratic party managers respectively do not concede defeat, but the general result could not be affected even should their claims prove well founded.
