HALIFAX NOTES.

The farewell dinners this week have been strictly masculine in character. On Monday night the Lei-cesternhire regiment, or such of them as belong to the Halfax Club, were catertained at that institu-tion by some of the members addicted to whist and other kindred diversions. This was a most cheer-ful and successful entertainment, and devidedly in-yeded the small hours before it broke up.

On Wednesday the officers of the Leicestershire regiment were entertained by the officers of the R. A. and R. E. at dinner, and all the usual fareweil speeches were in order. Colonel Rolph has been extremely popular during his stay here, and his departure is sincerely regretted. The "Jelanga" sails on Sanday in all probability, and there will be the usual crowd of people on the wharf anxious to have the last possible glimpse of their departing friends.

Trends. T regret very much to hear that it is proposed to close the Church Hospital in College street, princip-ally, it appears, from lack of funds to keep it in working order. It seems a great pity that this is-stitution should be abandoned, especially just now, when it is in such good working order, under such capable hands as those or the Sisters in charge. The committee of the Church Hospital probably know what they are doing, but to the outsider it seems as though the hospital should be keep up it posseble. Having gone so far with it, and being possessed of nearly all the fittings needed in such a place, it seems that the committee would not be wrong in making one more gallant struggle before giving up. The Victoria Gieneral Hospital will not, to many individuals, at all fill the place of the Church Hospital, even though there were not always pa-tents enough in the latter to make it pay.

Oa Sunday morning there was an enormous con-gregation present at the Garrison chaplel, on the oc-casion of the farewell service for the Leicesterbire regiment. Not one more person could, I believe, have found a seat in the church and, as it was, in the galiery people were standing. The kev, F. B. N. Norman Lee, garrson chaplain, gave the farewell sermon, which was very much liked, as much from its earnest delivery as anything eise. The band of the regiment assisted the choir in one instance with somewhat startling effect. Mar. 20.—on Thursday evening of last week a namoer of talented men and women in town came before the Yaranouth public in a very creditable manner, in the Cantat "Under the Palms", performed in Providence church. The majority of the numbers were well readered, although the absence of one or two of our best singers who usually assisted in such entertainments, was greatly feit. The choruses were particularly pleasing, and/the orchestra mesic good. the atten tance was as good as could be expected considering the number of amusements on the week's programme. Mr. J. D. Society (for the first time this Lent) has rested this week from its labors in the way of card and linner parties. • • •

On Tuesday evening the Orpheus Club and Jadie's Auxiliary gave their long talked of Lent n concert, with the usual bage audience in attendance. Out of regard to the season the ladies of the chorus had put on black dresses, a change which was rath-er waning in point, since they had seen fit to retain their quite incongroups red and blue sakes. The effect of these was anything butgood from an artis-tic point of view. Plain black would have been far better. From an ecclesiantical point of view violet sames would have been permissible, and red and blue were as incorrect in this way, as they were un-pleasing to the eye. which was fully as pleasant as could be expected for such a large gatherine. A part of the fund donated was for the Rev. Mr. McDonald, assistant pastor, and was a goodir amount all round, considering the congregation has recently subscribed very largely for a fund to build a new charch, which is to be above and beyond any other in town.
