LEMARIN

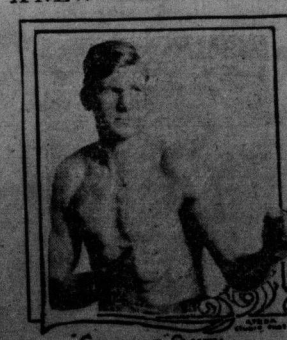

LOOKS LIKE CHAMPION

Montreal, March 24.—If the preparations and plans now under consideration by Georges, who is wrestling promoter, have a successful termination Constant Le Marin will be the next heavyweight champion of the world and Frank Gotch will be a has-been.

Kennedy believed that he has at last secured a man who will beat the American champion. He has secured Le Marin, a French physical instructor from Paris, and the two are hard at work getting Le Marin into the present time weights in the neighborhood of 220 to 240 pounds but it is expected that he will show perfect form when he gets down to 220 or within a few pounds of that weight.

Le Marin has just returned from the United States, where during two months he met all the good fellows over there and not a single fellow was secured against him. He defeated them all, including Zybco. The Point undertook to throw Le Marin twice in an hour, but after half an hour's work, Le Marin put the Pole's shoulders to the mat and got the fall, the first time the feat had been accomplished since Zybco met Frank Gotch two years ago. In fact the work of the Belgian is looked upon as favorably that Kennedy is in receipt of an offer today from Chicago promoters, offering \$15,000 for Le Marin for the championship of the world and the record purse of \$75,000 Kennedy is highly pleased with the offers and believes that Le Marin, with his enormous strength, great stamina and splendid knowledge of the game, will be within the next eight months the conqueror of Gotch. He will likely accept the offer for the contest against Zybco.

A NEW "WHITE HOPE"

"Jumbest" Smith, after defeating "Bomber" Wells, heavyweight champion of Great Britain, is now regarded as an entry in the "white hope" ranks from California.

YOUNG WOMEN PRACTICING FOR WOMEN'S INDOOR TENNIS CHAMPIONSHIP MEET MADE NEW RECORD FOR SWIMMING

Left to right:—Mrs. C. N. Beard, Mrs. L. Z. Murray, Miss Adele Cragin, Miss Alice Fish, Miss Jane Rowson, Miss Gertrude Della Torre, Miss Teresa Kuser, Mrs. G. F. Touchard, Miss O. Bopp, Miss Elizabeth Buncie, Mrs. Lowell Lamb, Miss Marie Wagner, Miss E. Marcus, Miss B. G. Holden, Mrs. Charles F. Porter, Miss F. M. Fish.

More than a score of well known young women are practicing daily at the Seventh Regiment Armory, in New York city, for the national women's indoor tennis championship meet. Several who have in the past won championships also have announced their intentions of entering the meet and are hard at work in the armory. Among the most consistent performers are Miss Elizabeth Buncie, Mrs. C. N. Beard, the Misses Fish and Miss Marcus.

Arrangements for the meet are in charge of Mr. James P. Allen. The great floor space of the armory has been marked off into courts, fully twenty of which can be accommodated should it become necessary. With the completion of the new balcony, now almost finished, the armory will have a seating capacity of 3,500.

BIG BASEBALL PLAYERS TELL OF SOME FUNNY PLAYS

BY HARRY HOOPER, Boston Red Sox.

One sees quick-thinking every day in the big league, but what impressed me as the best exhibition of baseball on the spur of the moment was pulled off by a college player.

When the Boston club trained out here in California two years ago I played with my old college team, St. Mary's College, against the nine representing Sacramento.

I forget just how the game stood, but anyway it was the turn of our catcher, Simpson, to go to bat. Simpson walked to the box slowly, and just as he was getting into position to hit, the Sacramento pitcher shot the ball over the plate.

Simpson looked up and saw the ball coming for a good strike, but it was too late for him to swing. He surely was caught napping. I have seen this trick pulled off by the pitcher many a time, and almost invariably the batter has sheepishly watched the ball while past him, to have a strike called; or else has made a lunge at the ball when away off balance and in no position whatever to make a decent stroke.

This day Simpson did not see the ball in time to take a swing at it, but he did not stand there and take the strike. He shifted bunted the ball, thereby catching every one off his guard, and it was an easy matter for him to beat the ball to first base.

I believe it takes about two-fifths of a second, for the ball to reach the batter after it leaves the pitcher's hand. In less than that time Simpson changed his intention of hitting the ball out and made a perfect bunt. It was as pretty a turn as I ever saw called in a ball game, and certainly call it mighty quick thinking on the part of the college player.

One of the funniest things I ever saw in a ball game also occurred on Thanksgiving Day at the Old Soldiers' Home near Napa, Calif. We were not playing against the old soldiers, but in an exhibition game that had been arranged for their amusement.

During the game one of our men, Tom Mullen, reached first base. A couple of balls were pitched to the next batter and then the first baseman left the bag and stood about 15 feet from it.

Mullen did not notice this, and thinking that he was standing near the bag himself, he took a long leap off the first baseman.

Then the pitcher threw the ball over to first and Mullen made a break to get back to his base. He slid feet first and sort of backed up on his hands and knees. Then he commenced to feel around for the base, which he could not find. In the meantime the first baseman had tagged him out.

To see Mullen on his knees with his back turned toward first, trying to reach the base which was fully 15 feet away, and to see the look of foolish surprise that came over his face when he found and realized his mistake, was a wfully funny.

He did not get the situation all in a moment, either, but groped with one foot and then the other. Then he turned around, and realized what a bad mess he had made of it all.

THOUSANDS OF DOLLARS FOR RACERS

Grand Rapids, Mich., March 22.—Nineteen thousand dollars will be offered in the early closing events of last year.

MITCHELL BACK IN OLD COMPANY

Mike Mitchell is back in old company. He was with the Chicago Nationals for a short time in the spring of 1905 but didn't stick. The year before, Mitchell and Schulte played side by side with Syracuse in the New York state league, and although they will probably be separated by a centre fielder this season, they will be fairly well acquainted.

Mike came to the Cubs in the whole sale swap with Cincinnati, whereby the Reds acquired Tinker and gave five players in exchange. Mitchell is considered a regular 300 hitter, although he has been just below it for the last three years, but batted .310 in 1909. It is thought that a change of scene will be of great benefit to his ambition.

Toronto, March 24.—President McCaffery, of the Toronto club, left last night for Macon, Ga., via New York. The trouble at the Toronto training camp and the holding out of some of the players are the reasons for his leaving for the south. While in New York the president will likely have a conference with Tim Jordan and if he expected therefore, that it will be definitely known within a few days, whether or not the big fellow will join the Leafs. A number of holdouts are signed with the consideration of a conference with the president. There may be trouble with some of them, but it is believed all difficulties will be smoothed over without much difficulty. Hally has not reported as yet.

Come-back Crowd" is Gaining Recruits Daily.

With Peter Maher, Joe Choyne, Kid McCoy, Tommy Burns, Young Corbett and other former pugilistic stars, making loud conversation about "come-back" and with recruits added almost daily to the ranks of the old-time fighters who think they have another fight in 'em, the bugs have been provided with a lot of amusement lately. Pretending to be a boxer, Thomas Sharkey and Jim Corbett. Another would-be come-backer who is making earnest attempts to regain former laurels is Joe Thomas, the California boxer who once claimed the welterweight championship of the world. Six years ago Thomas was the pride of most of the coast. He had beaten out in Marysville, Cal. The cowboy made Thomas look like thirty cents in the early rounds, and once handed Joe a wallop that downed him for the count of nine. Thomas recovered in the latter rounds and earned a draw. Joe's admirers considered that he had not trained properly for the bout, and there was a public demand for another meeting. It took place at Colma. This time Thomas had all the best of it in the early rounds and Joe's backers considered it all over but the shouting. In that fight, above all others, Stanley was forced to demonstrate his gameness. Thomas, clever and scientific, smashed him at will, but the cowboy only grinned and waded in for more. Stanley began to tire, while Ketchel, despite his terrible punishment, remained fresh and confident. In the thirty-second round Stanley sent over the solar plexus that ended the fight. In a third battle Thomas was knocked out in twenty rounds. The three fights with Ketchel took much of the ginger out of Thomas and he was never as good again.

NEW YORK UNWILLING TO MEET LIPTON

New York, N. Y., March 24.—The New York N. Y. Club is unwilling to meet Sir Thomas Lipton in a match for the America's cup so long as Sir Thomas insists on limiting the size of the defending yacht to that of the challenger. Announcement to this effect was made this evening on behalf of Secretary McCormick, of the club. A copy of the reply of the club committee of the New York Yacht Club to the Royal Yacht Club's request for a reconsideration of its recently declined challenge of Sir Thomas also was made public.

New York, N. Y., March 25.—Percy McGillivray, of the Illinois A. C. Chicago, established a new American swimming record at 500 yards in a 25 yard pool in winning the A. A. U. national championship race at this distance in the New York Athletic Club's pool tonight. McGillivray's time of 4 min. 29.35 secs., displaces the former American record of 6:21.25 made by C. M. Daniels on February 22, 1907, in the same pool. N. T. Nerich, of the New York A. C., was second, and H. J. Hebner, of the Illinois A. C., third.

Nerich led for the first 250 yards, with J. H. Kelly, of the home club, shoulder of the mile record in open tidal water, second. At the 16th lap beginning the last 100 yards, McGillivray went to the front and in a hot struggle from that point to the finish, he led Nerich out by 4.45 seconds. Kelly did not complete the distance, and the last half of the race was practically a two man competition between Nerich and the winner. There were only four starters.

SPALDING BASEBALL GUIDE.

That annual harbinger of spring, the Spalding Official Baseball Guide, now in its 37th year, has made its appearance for 1913. As usual, it is full of interest for the fan and it would be hard to say which pleases him most, the text or the illustrations, the latter lending additional interest to the subject. The season in each of the minor leagues is described, together with other important happenings in the world of baseball, the official rules and schedules closing the volume.

The illustrations, as before mentioned, form a very important feature and include portraits of prominent personages connected with the game, action pictures of the leading players on all of the teams in both major leagues, numerous world series scenes, group pictures of the winners and principal teams in all minor leagues, and varied other illustrations of interest.

Spalding's Guide will be sent to any address on receipt of 10 cents by the publishers, the American Sports Publishing Company, 21 Warren Street, New York City.

SUMMER DEFEATS PICTARO. Sydney, N. S. W., Mar. 24.—Johnny Summer of England knocked out Frank Pictaro, of Los Angeles, here today in the 10th round of a scheduled 15 round bout. Summer was at all times the cleverer. The knockout followed a heavy knockdown that dazed Pictaro.

For Two Years SUFFERED SEVERE PAIN IN THE BACK.

Many people fail to understand the significance of a lame, weak, sore or aching back. When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Take notice to the warning and cure the backache on the first sign, for if you don't do this, serious complications are sure to arise, and perhaps develop into Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Doan's Kidney Pills go right to the seat of the trouble, cure the back and prevent any further trouble from the kidneys.

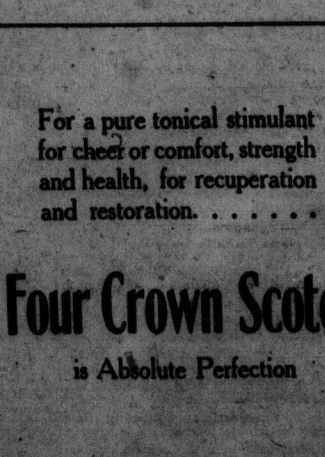

Mrs. D. J. McNally, Carleton, P.E.I., writes:—"For two years I had a severe pain in my back. I was so bad that when I would stoop down I could not straighten up for quite a time. I got a box of Doan's Kidney Pills and they helped me so I kept on using them until I had used three boxes, and now I am completely cured. I think they are the only remedy for disordered kidneys."

Doan's Kidney Pills are 50 cents a box, 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. McBurn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."
