Have You Ever Stopped To Think

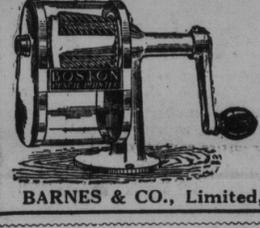

How much better value you would get for your money if you purchased durable furniture, instead of spending it in a lot of other ways? For instance, the very best mattress that money can buy only represents an outlay of 40 cents a week for one year, and it will give you a lifetime of comfort.

One third of your life is spent in bed, or should be, and the perfect rest and relaxation which you will get on a first-class spring and mattress will improve your health and lengthen your life.

It is worth considering.

POTATO PRICES TAKE BIG JUMP

Quotations Higher in New Brunswick and Maine — Heavy Demands from Upper Provinces Boost Values

As a result of Ontario and Quebec dealers making efforts to secure large quantities of New Brunswick potatoes, the prices have taken a big jump, and potato dealers in Carleton county paid the farmers as high as \$2.50 per barrel.

While this price is not as high as that paid last spring, yet it is higher than was anticipated a few weeks ago. The stock is being held by the farmers until after they have completed their fall ploughing and, in the meantime, the Ontario and Quebec dealers have become anxious and the price being offered is really in excess of market value.

Last week several thousand barrels of potatoes were purchased in Carleton county for \$2.50 per barrel, and that price is prevailing in that section now. In the Fredericton market the price of potatoes has also taken a big jump and as high as \$2.75 per barrel was paid to the farmers.

In Aroostook county, Me., seed potatoes will be the highest in several years next spring, some of the big farmers predicting a price as high as \$4. A good quantity of seed potatoes is in hand in the county now, in this vicinity at least, and the Boston, New York and Philadelphia seed distributors are now looking over the stock on hand.

Many of the farmers who have come out of the present year with a good pot of money are planning on retiring from the farm work for a year or so and several good farms may be leased for a year. A number of young men have come up into the county and are going into the potato raising business. In Caribou potatoes have sold at \$3.20 a barrel.

WHY THE GIRLS LEFT.

St. John, Oct. 23. To the Editor of The Standard. Sir,—In reading over your article Oct. 23 issue, on page 5, on the scarcity of female labor, I was struck with the account of the experience of one man who sent \$150 to Glasgow to get two girls, and after they arrived and worked for him several weeks, they left and took another place, because they were without any money and couldn't get any until they had worked out the amount advanced.

Your statement said they were penniless, also had to get money from their new employer to get necessary clothing. This is the answer to this man's loss of girls and money, if he had paid them something to put them over their distress, keeping a reasonable amount every month or week as he paid them, to go against the advance of their passage money, he might have kept them until now, or at least until they had returned all he advanced.

If your report is true he deserved to lose his money and girls. Yours respectfully, JAMES S. MCGIVERN.

A CUSTOMS REGULATION.

The various shipping offices in the city received a letter yesterday morning from the collector of customs calling their attention to the fact that it was necessary to get permission from him before certain supplies could be delivered to foreign vessels. The letter said in part: "I beg to call your attention to the fact that wire rope, hemp rope, flour and various other articles are upon the prohibited list for exportation, and would ask you that before delivering any such ships supplies to foreign vessels you will notify me and secure my permission for same to be delivered."

OBITUARY.

Miss Elizabeth J. Rowe. The death of Miss Elizabeth J. Rowe took place at the Old Ladies' Home on Sunday night, Oct. 22nd, after a brief illness. Miss Rowe was born in Ireland about eighty years ago, being a daughter of the late R. A. Rowe, professor of music, and at one time well known in St. John. Miss Rowe spent the greater part of her life in New York, where she gave music lessons. She carried on this work when she came to St. John until her entrance into the Old Ladies' Home, about eight years ago. She is survived by one sister, Miss Annie, at present in the same institution, and by several nieces.

Miss Rowe will be greatly missed, and her sudden death has cast a gloom over the home, where she was beloved by all for her helpfulness and brightness of disposition. Here her musical ability proved of great benefit to the pianist at the various services which were held.

The funeral service will be held at the home on Tuesday afternoon at three o'clock and interment will be made at the Church of England cemetery.

Miss Elizabeth Holmes. Newcastle, Oct. 23.—Miss Elizabeth Holmes, a respected resident of Halcomb, died on Friday morning of cancer, with which she had suffered two years. She was 49 years of age. The following brothers and sisters survive: John and Everett at home; David, of Halcomb; Robert, of Littleton; William, of Sillioh, Me.; Mary (Mrs. Morrison), Douglastown; Jane (Mrs. Morrison), Douglastown.

FUNERALS.

The funeral of Mrs. Susan Elizabeth Logan took place yesterday afternoon from her late residence, 55 Kennedy street, to the Mission church, where services were conducted by Rev. J. V. Young. Interment was made in Fernhill cemetery.

Believes She Was Saved From Stroke of Paralysis

All One Side Was Cold and Powerless When She Began Using Dr. Chase's Nerve Food.

A dead nerve cell can never be replaced. In this way it is different to other cells of the human body. But feeble, wasted nerve cells can be restored, and herein lies hope.

In this fact is also a warning to take note of such symptoms as sleeplessness and loss of energy and ambition, and restore the vitality to the nervous system before some form of helplessness results.

Nervous prostration, locomotor ataxia and paralysis are the natural results of neglecting to keep the nerves in healthful condition. The use of Dr. Chase's Nerve Food when you suspect there is something wrong, will soon restore vitality to the nervous system, and thereby prevent serious developments.

Mrs. Merritt Nichols, R. R. No. 3, Dandak, Ont., writes: "I take pleasure in writing to tell you the great benefit I have derived from the use of Dr. Chase's Nerve Food cures in my way by nourishing the feeble, wasted nerves back to health and vigor. COMMODORE STEWART IN ROLE OF MARRIAGE MEDIUM

A young girl of Green Point, N. Y., advertised that she would marry any respectable man who would take good care of her and her mother, and received 500 offers within a week—offers from young men, old men, rich men, poor men. She will make her selection as soon as she looks them over. Now, girls, here is a hint for you. An announcement of your readiness to marry will cost only ten cents a line in The World.—Chatham World.

LOOK!

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is on diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial?

Peps is the discovery! Peps are little tablets, containing certain medicinal ingredients, which when placed upon the tongue, immediately turn into vapour, and are at once breathed down the air passages to the lungs. On their journey, they soothe the inflamed and irritated membranes of the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs.

In a word, while no liquid or solid can get to the lungs and air passages, these Peps fumes get there direct, and at once commence their work of healing.

John Crocker, Nelson; Catherine (Mrs. John Stimpson), Redbank; and Miss Fannie, at home. Deceased was a member of the Presbyterian church. The funeral, which was largely attended, was held at one o'clock Saturday afternoon. Rev. J. F. McCurdy conducted the services at the home and grave, assisted at the latter by Rev. W. E. Piper of Cavendish, P.E.I., the former Baptist pastor of that district.

Men's Overcoats Ready to Put On

Overcoats that are cut, that are tailored to live long and hold their shape as long as they live. It is the hidden parts of clothing—the linings, canvas and inside details—that make the right kind of clothing, the sort that looks right in the beginning and holds its shape until the cloth is gone, and that is the character of the clothing you buy at Gilmour's.

With the well-known 20th Century Brand label, \$18 to \$40. Others, made expressly for us, \$12 to \$25. Early selections are unusually prudent as repeat orders are practically impossible.
