Send your Favorite Recipe to Borden's for a Cash Prize

THIS contest among Canadian housewives is being conducted by Mrs. Ida C. Bailey Allen, foremost specialist in home economics and well known magazine writer on home subjects. Associated with her as judges in the contest are two other well-known domestic science specialists. For the best recipe, requiring milk, in which Borden's Evaporated Milk (St. Charles Brand) is used, Borden's will pay \$25.00; for the second and third best recipes, \$10.00 each. In cases of ties, full prizes will be paid to both entrants; and \$1.00 will be sent for every recipe acceptable.

To enter the contest, you need to know full particulars. Please write to-day to Borden's for "Information regarding Mrs. Allen's Recipe Contest," and receive also, free, Borden's Recipe Book.

REGISTRATION OF VITAL STATISTICS TO BE CONSIDERED

St. John Presbytery Appoints Committee To Look Into This Matter—Harvey Minister's Resignation Accepted.

The Presbytery of St. John at its quarterly meeting held yesterday appointed a committee to consider the matter of vital statistics and report on the best methods in their estimation of having these registered. A committee was also appointed to confer with the Anglican committee on the Bible in the public schools. The resignation of Rev. J. F. MacKay, Harvey, was accepted and the pulpit will be declared vacant the first Sunday in September, and several matters of routine business were disposed of.

Two sessions, morning and afternoon were held. Rev. W. M. Townsend acted as moderator and Rev. Frank Baird of Woodstock as secretary. At the morning session the report of Rev. James Ross, superintendent of home missions, was received; permission was granted to the trustees of Watford, Kings County, to sell the church property at Long Settlement; an increase of thirty per cent. in the synod fund allocations was approved, and the elders of St. Francis were authorized to assist in dispensing communion at Port Kent. Rev. H. S. Baynor of Waweg was received, and enrolled as a member of the court and Rev. A. D. Archibald of the Pictou Presbytery and Rev. W. T. Buchanan of the Philadelphia Presbytery were invited to seats.

At the afternoon session the moderator, Rev. W. M. Townsend, the clerk, Rev. Frank Baird and Judge Forbes were appointed a committee to confer with the Anglican committee in regard to the use of the Bible in the public schools. The matter of co-operation with the Methodist body was referred back to the home mission committee. The resignation of Rev. J. F. MacKay, minister at Harvey, was received. R. P. Byers spoke on behalf of the congregation and expressed their appreciation of the services of Mr. MacKay during the four years of his ministry and their wish that he would reconsider the resignation. Rev. Mr. MacKay in reply stated that owing to his wish to further pursue his studies at Princeton he must ask that the resignation be accepted to take effect the last Sunday in August. Rev. A. Grant of McAdam was appointed moderator of the session and instructed to declare the pulpit vacant the first Sunday in September.

A grant of \$100 was made to the church at Bristol and it was recommended that steps be taken to take the transfer of the property to the Presbyterian congregation at Greenfield.

A committee composed of Revs. Baird, Ross, Dowling and Morash was appointed to consider and report on the matter of the registration of births, deaths and marriages and how this could be best carried out. In the matter of the application of Mr. Elson, pastor of St. Matthew's, to be received, Rev. Mr. Dowling reported that the General Assembly had transferred this to the Synod of the Maritime Provinces to be dealt with. Those present were: Revs. J. Ross, Frank Baird, W. M. Townsend, J. H. Manuel, R. J. Miller, J. C. Mortimer, E. E. Mowatt, G. Gough, A. P. Logan, S. S. Dowling, M. J. MacPherson, A. V. Morash, S. R. Prince, A. Grant, H. C. Fraser.

**GEN. VON BELOW
IS IN COMMAND**

Victor of the Isonzo and Noted
German Military Chief
Takes Charge in Italy.

Zurich, July 2.—General Otto Von Below has been appointed commander in chief on the Italian front, according to Munich papers. Among the other changes reported were: Field Marshal Arthur Arz Von Straubenberg chief of staff, in replaced by General Krauss; Major Wallstettin, vice chief of staff, is superseded by General Von Arldorf.

According to the Munich Zeitang, Austrian military circles attribute the defeat on the Piave mainly to the strike in the Budapest munition factories.

General Otto Von Below led the Austro-German forces in the great offensive along the Isonzo last October. He remained there until last winter, when he was transferred to the German armies on the French front. He was in the Bapaume sector during the March offensive and was in command of a portion of the German army during the battle south of the Aisne late in May.

C. P. R. GETS ORDER TO EXPROPRIATE REQUIRED LAND

Board of Railway Commissioners So Rules on Company's Application—Other Applications Heard.

The Board of Railway Commissioners in session in St. John yesterday at the court house ordered an order for expropriation proceedings to enable the C. P. R. to secure property situated on the Bay Shore line in order that the company may complete the double track from Fairville to Bay Shore. The property in dispute is owned by a party in Montreal, the C. P. R. having an option on it. However a St. John lady who holds a mortgage on the property, contends that the purchase price should be paid to her.

The application for the order was opposed by J. King Kelley, county secretary, who advanced to support his argument that the double track would add to the traffic congestion. The company's solicitor, E. P. Plimpton of Montreal, replied that it was to do away with the congestion which sometimes blocked the highway that the double track was required.

In the matter of the Dominion Express Company for permission either to charge an additional rate for delivering parcels to St. John West, or, in the alternative, to cease making deliveries, decision was deferred until the company submitted a report regarding the amount of business done and the result of such business.

It was contended by G. N. Ham of Montreal, solicitor for the company, that owing to the cost of carriage and the small amount of business done it was unfair that the company should have to deliver parcels in West St. John at the same rate as in the city proper.

J. B. M. Baxter, K. C., city solicitor, opposed the application, and asked that a report of the business done during the last year be submitted to show what profit or loss had resulted.

In an application for increased rates on coal from Minto to Woodstock judgment was reserved.

Sir Henry Drayton, chairman of the board, presided, and S. J. McLean, Ph.D., commissioner, and Mr. Simpson, assistant chief engineer, and Mr. Richardson, assistant secretary, were present.

The car containing the party left attached to the Atlantic express for Halifax yesterday.

PRESENTATION**

Farewell Party To Retiring Superintendent and Head Nurse of the Jordan Sanatorium.

The Jordan Memorial Sanatorium at River Glade was the scene of a pleasant evening on Friday, which took the form of a whist party after which a short programme was carried out. Mrs. Annie L. Fincher gave a patriotic reading and Miss F. Morris a solo, which were much appreciated.

The event marks the departure of two prominent members of the staff, Dr. Townsend, superintendent, and Miss F. Burns, head nurse, who leave to join the medical branch of the U. S. army. Each was made the recipient of an address and the doctor a pair of military brushes and Miss Burns a signet ring. Doctor Townsend in his reply asked the hearty support which he himself had received for the last year he had received for the form of a whist party after which a short programme was carried out.

The event marks the departure of two prominent members of the staff, Dr. Townsend, superintendent, and Miss F. Burns, head nurse, who leave to join the medical branch of the U. S. army.

Families Moving Into City Every Week—Where One Family Has Moved Away Three Have Moved In.

Halifax, July 2.—Evidence of flourishing times in Halifax is the fact that every week sees families moving to the city from the surrounding towns. This has been brought about by mechanics coming here since the explosion and later deciding to become permanent residents of the city. Then again there are four families planning in moving here this summer from Digby, the heads of which never worked here, two of them being in business there at the present time. It is estimated that where one family has moved away from Halifax since the explosion, three families have moved in.

EIGHT DRUNKS IN THE POLICE COURT

Almost Looked Like Anteprobhibition Days in Court Yesterday.

Yesterday looked like "anteprobhibition" days in the police court, when eight drunks appeared. All paid the usual fine, or an option of two months in jail. An old offender appeared among the number.

Three men allowed out on a deposit of \$8.00 in the morning did not appear in the afternoon's session. Honor remarked, "no persons had authority to allow freedom on deposit except himself or Chief Simpson."

Ethel Chapman, charged with the theft of a watch and hat pin appeared. On a former occasion she pleaded guilty. She was remanded yesterday again, awaiting word from her father, who resides on Prefecture Road.

U. S. TROOPS IN FRANCE TOTAL 1,019,115 NOW

(Continued from page 1)

"War Department," "Washington, July 1, 1918.

"My Dear Mr. President,

Dear Sir:

"More than one million American soldiers have sailed from the ports in this country to participate in the war in France. In reporting this fact to you, I feel that you will be interested in a few data showing the progress of our overseas military effort."

"The first ship carrying military personnel sailed May 8, 1917, having on board base hospital number 4 and members of the reserve nurses' corps."

General Pershing and his staff sailed on May 20th, 1917. The embarkation in the months from May 1917 to and including June 1918, are as follows:

1917, May 1, 1718; June, 12,261; July, 12,983; August, 18,323; September, 32,523; October, 38,259; November, 23,016; December, 48,840;
1918, January, 48,776; February, 48,027; March, 53,811; April, 117,212; May, 244,345; June, 276,372.
Aggregating 1,019,115.

291 Lost At Sea.

The total number of troops returned from abroad, lost at sea and on shore, is 8,165 and these, by reason of the superbly efficient protection which the navy has given our transportation system, only 291 have been lost at sea.

The supplies and equipment in France for all troops sent is, by our latest reports, adequate and the output of our war industries in this country is showing marked improvement in practically all lines of necessary equipment and supply.

Respectfully yours,

Newton D. Baker.

To which I replied:

The White House.

"My dear Mr. Secretary:

"Your letter of July 1st contains a very significant piece of news and an equally significant report of the forwarding of troops which I think must cause universal satisfaction, because the heart of the country is unquestionably in this war and the people of the United States rejoice to see their force put faster and faster into the great struggle which is destined to redeem the world."

Cordially and sincerely yours,

Woodrow Wilson.

GERMAN COUNTER ATTACKS FAIL

Village of St. Pierre Aigle Captured by the French, Who Take Prisoners.

Paris, July 2.—German counterattacks west of Chateau Thierry against the positions captured by the American troops have completely failed, according to the war office announcement tonight.

The village of St. Pierre Aigle is again in French hands. The statement reads: "Between the Oise and the Aisne we repulsed two enemy attacks east of Vigne."

"South of the Aisne a local operation enabled us to occupy the village of St. Pierre Aigle, where we took about 30 prisoners."

"West of Chateau Thierry German counterattacks against the positions captured in the region of Vaux by the Americans completely failed. Additional prisoners remained in our hands."

"Eastern Theatre, July 1.—The day was calm along the whole front. British aviators bombed enemy establishments in the Rupel Valley."

The Same Result.

GOOD PROGRESS IN SHIPBUILDING UP THE BAY OF FUNDY

Hillsboro Business Man Tells Halifax People N. B. Much Alive.

Halifax, July 2.—A business man from Hillsboro, N. B., who returned home today after spending a few days in Halifax, winding up some affairs connected with recent sale of vessel property, told of shipbuilding prospects at the head waters of the Bay of Fundy in his province. Good progress is being made on the new vessels being built at Harvey Bank, and the residents along the Shepody, will before many weeks pass, have the opportunity of witnessing once more a launching, a common sight in the old days before the steel vessels crowded the wooden ships from the ocean trade. At Alma, shipbuilding is giving the village a great boom.

Two vessels are on the stock and one, it is expected, will be launched this month. The plant at Alma is very complete and modern. There is a possibility of a vessel being built at Hamilton Creek, where vessels were constructed years ago. Timber is reasonably near all these places and the facilities good for getting it out. A three-masted schooner is at Hillsboro loading plaster, but they are few these days, because of the scarcity of tonnage.

Time was when a fleet of fifteen or twenty three-masted could be seen at Hopewell Cape, either bound up the river for plaster cargoes or bound out loaded. Those were the days when the pilots had something to do. Now the vocation of these guides of the bay and river is practically gone.

Shell Shocked Nerves

Shattered nerves are the source of greatest suffering to many a returned soldier.

The doctor can give something to relieve physical pain, but when the nervous system breaks down and you are sleepless, nervous and mentally worried, real cure only comes when the exhausted nerve cells are nourished back to health and vigor by such restorative, upbuilding treatment as Dr. Chase's Nerve Food.
