

SACKVILLE NEWS

SACKVILLE, Nov. 27.—The Reading Circle met last evening at the home of Mrs. Woodford Turner, a large number present. Mrs. W. W. Andrews presented. Miss Cole read an interesting paper on Coral Islands; Miss James gave a talk on the eddy missionaries of the South Sea Islands; the greetings they received from the king of the islands. Miss Nellie Copp gave a summary of the work of John Williams on the Society Islands. This was supplemented by a talk from Mrs. Borden. This was followed by a general discussion of the chief characteristics of the native religion of the South Sea Islands. Miss Marshall gave an instructive paper on Druidism. At the close of the meeting refreshments were served.

Middle Sackville Ladies' Aid Society entertained Main street Baptist church ladies Aid and Upper Sackville W. M. B. yesterday afternoon in Middle Sackville Baptist church. Mrs. Hiram Reid presided and Mrs. Cahill gave a Scripture lesson. Miss Anna Harrison, a returned missionary from India, gave a very excellent address on mission work. At the close of the meeting tea was served in the church parlors.

Each, chief superintendent of education, is the guest of his daughter Mrs. Hutton, York street.

Mrs. R. A. Borden and Miss Borden of Moncton are the guests of Mrs. J. L. Black.

Rev. C. W. Hamilton, grand scribe, will give a temporary lecture at Middle Sackville this evening.

Mrs. Geo. B. Gray has opened a home bakery in the Fridham block, York street.

Herbert C. Atkinson entertained his class yesterday at the university to a supper last evening.

Mrs. Sweetzer was the hostess at a pleasant tea yesterday.

GIRLS OF TODAY ARE WEAKLINGS!

Few Possess the Vitality and Girlish Beauty of Olden Times.

Never before was physical health and vigor so highly esteemed and so eagerly sought for as today.

No man finds happiness in a sick wife, and the woman who wishes to enjoy the pleasures of life should spare no effort to maintain perfect health.

Is your daughter growing up strong and ruddy? Has she strength to drink greedily all the pleasures that youth affords? Is she contented with the use of the street car instead of enjoying the delightful exercise of walking—does she after the ball arise refreshed and vigorous, or is she exhausted, indifferent, and perhaps irritable?

When strength and vigor can be so easily maintained by Ferronze, when the glow of health is so quickly brought to the cheeks and elasticity to the step, it is plainly a mother's duty to see that Ferronze is on hand to assist her daughter back to health.

Upon the wake of Ferronze quickly follows a stream of rich, nourishing blood which imparts that power and surplus energy so earnestly desired by those in ill-health.

Think and think what this means for your daughter—certainly a great deal, and it can be accomplished by Ferronze.

Every growing girl and young woman derives enormous benefit in many ways from this nutritive, vitalizing tonic.

It is specially suited for young women and is a guarantee of health and regularity as long as it is used.

Ferronze is free from alcohol and perfectly safe to use. Prepared in the form of a chocolate-coated tablet and sold in 50c boxes or six for \$2.50, at all dealers.

WENT TO MEET FATHER; WERE LOST IN THE STORM

AMHERST, N. S., Dec. 4.—Two children, Cath Stedman, aged 9 and 10, who live on the Halifax road about two miles from Amherst, came into town last evening to meet their father who works in one of the industrial establishments here. In some way they missed him and were found wandering about in the storm. They were taken to police headquarters where they were returned this morning to their anxious parents.

TRUE PHILANTHROPY.

Mrs. F. R. Curran, Windsor, Ont. will send free to any woman who suffers from female weakness or painful periods, a sample of the remedy that cured her.

TWO BIG COMPANIES ARE FAR FROM SETTLEMENT

MONCTON, Dec. 4.—President Plummer of the Dominion Iron and Steel Co., returned from Ottawa this evening where he went to consult with Mr. Piddington in reference to the difficulties of his company with the Dominion Coal Co. While there he admitted having James Ross, but quite accidentally. He stated that the difficulty is in exactly the same position as it was when the last letter from the coal company was received.

LIVED AS OTHER WORKMEN DID

Dr. Crapsey Talks on Earthly Life of Jesus

Preached Farewell Sermon in St. Andrews Church, Rochester, Yesterday—His Belief Still Unshaken

ROCHESTER, N. Y., Dec. 2.—Dr. Al. Crapsey, who preached his farewell sermon at St. Andrews church today, his text was taken from Matthew xii, 5. He said in part:

"Jesus was just such a man to the outward seeming as are the millions of workmen who, with dinner pails in hand, go forth every morning to their duty. For thirty years he lived as child and lad and youth and man with others of his age and station, and there was nothing to distinguish him from his neighbors. At the age of 30 he entered upon a public career as a rabbi or teacher in Israel. But still there was nothing to indicate that he was a king. He put to death every unholiness and every unclean thought. He did what no other king has ever done. He mastered the royal law and found it in the heart of man. He gave the law to the people. He did not hesitate to repeal all ancient law and enact His own. Surely no king of earth has ever put forth such claims as this and had them seriously considered. But the law which Jesus gave has been the law by which countless millions have striven to order their lives, and though countless millions fall they do not cease to see in the keeping of that law the salvation of their souls."

"To find Christ is to find salvation for one's self. To follow Jesus is to win salvation for others. Let us who will find Christ, let us follow Jesus. Let us despise any salvation that is not the salvation of the cross. We will not enter into the kingdom of heaven except we may take it by violence."

ALLEGED LAXITY IN SCHOOL FOR BLIND

BRANFORD, Ont., Nov. 29.—The inquiry into the alleged laxity in the administration of the Principal, Herbert G. Gardner, of the Ontario Institution for the Blind, was formally opened yesterday, and early developed startling features. The inquiry is being conducted by J. Russell Snow, of Toronto, for the Ontario Government; W. S. Brewster, K. C., of Brantford, is government counsel. The only witness yesterday was Thomas Truss, for 32 years trade instructor at the Institution, who retired about a year ago. He was charged with a disagreement with Gardner, which resulted in his resignation, and this culminated in Mr. Truss's resignation and the subsequent filing of charges which led to the present inquiry.

The described the strict discipline that formerly prevailed in the Institution and contrasted it with Gardner's discipline, which he called a go-as-you-please system, under which pupils were permitted to visit bar-rooms and questionable houses. Alleged instances of immorality were related, involving a blind pupil named Saunders, whose home is in this city, and who, he asserted, induced other pupils to go there for immoral purposes.

"There has been so frequent for the last two years that I have repeatedly spoken to Gardner, saying 'eternal vigilance is the price of moral excellence, and to this he replied boys would be boys and he would not put a girl in a glass house to preserve her from evil. Formerly no pupil was allowed outside after 9 o'clock, and Gardner changed this, and many times the pupils came in at 9.45. One evening, as witness was out walking in the grounds, rather late he recognized the voice of one of the pupils and heard a female voice. This was in a place where no female was allowed and the proceeding was very improper. Gardner, when spoken to about it, looked angry, but said nothing. There were at that time no lights in that part of the grounds and as the doors were not locked there was opportunity for public of both sexes to go out, and witness knew they did go out. The rules regarding smoking were also openly violated. Mr. Gardner's defense, it is said, will be a complete denial of the charges and the contention that these are the outcome of ill feeling on the part of Truss because of the loss of his position."

MONCTON WEDDING.

MONCTON, N. B., Dec. 5.—An interesting wedding took place at 5 o'clock this afternoon at St. John's Presbyterian church, when Miss Louise Elizabeth McKenzie, only daughter of Mr. and Mrs. J. J. McKenzie, was married to James McD. Cooke, the well known druggist. Rev. D. Macdonald performed the ceremony, and the couple were unattended. The bride wore a rich broadcloth with ermine trimmings, and immediately after the ceremony the couple left for a wedding tour in Upper Canada.

ST. GEORGE GRANITE MEN PLEASED WITH NEW TARIFF

ST. GEORGE, N. B., Dec. 4.—The granite men here feel that the new tariff is in the interests of the granite industry, but claim a higher protective duty is necessary and that column cutters and carloadmen should be placed on the free list, as they are the manufacturers in Canada. Alfred Wallace, while at work on the schooner Margaret, was struck on the head by a falling block and quite badly injured. Dr. Alexander rendered necessary medical aid.

About four inches of snow fell and good sleighing is enjoyed.

J. O. Baldwin, barrister, left today for Calgary, Alberta, where he will reside in the future.

Dr. Dick is visiting in Montreal.

Schooner Margaret, ice-bound here, is on account of the snow storm the Shore Line train was three hours late.

I.C.R. DRIVER WAS BADLY SCALDED

MONCTON, Dec. 4.—Driver Daniel McQuarrie of Newcastle was quite severely scalded when at Red Pine last evening the locomotive of the I.C.R. engine in charge on north-bound freight No. 27 jumped the rails and toppled over into the ditch. The cause for the run-off is not known, but as the train was moving out of the Red Pine station, the locomotive was derailed as described, and three or four cars derailed and were also derailed but not badly broken up. It is thought that the breaking of a gauge glass in the cab of the locomotive was responsible for Driver McQuarrie's scalding, which extended over his arms and shoulders to a considerable extent. The fireman was fortunate enough to escape uninjured. The train was in charge of Conductor W. W. Irving.

Frank O. Gardner and Joseph Weldon, two I.C.R. employees who went West with ideas of locating, have returned to the city. They were not greatly enamored of the West.

TEETOTAL LORD MAYOR.

LEEDS, Dec. 4.—Joseph Hepworth, the new Lord Mayor of Leeds, is a right teetotaler, and his acceptance of the office has caused speculation in Leeds as to his fulfilment of the duties of civic hospitality. The present Lord Mayor says that he was once a teetotaler, but is now a man of temperance rather than abstinence.

SCOFFERS Often Make the Staunchest Converts

The man who scoffs at an idea or doctrine which he does not fully understand has at least the courage to show where he stands.

The gospel of Health has many converts who formerly laughed at the idea that coffee and tea, for example, ever hurt anyone. Upon looking into the matter seriously, often at the suggestion of a friend, such persons have found that Postum Food Coffee and a friend's advice have been their salvation.

"My sister was employed in an eastern city where she had to do calculations," writes an Ohio girl, "she suffered with headache until she was almost 'unfit for duty.'"

"Her husband persuaded her to quit coffee and use Postum and in a few days she was entirely free from headache and her sleep was undisturbed. It was on trying it, he had the same experience."

"My father and I have both suffered much from nervous headache since I can remember, but we were slow to be convinced by my sister, that coffee was the cause of our trouble."

"However, we quit coffee and began using Postum. Father has had but one headache now in four years, due to a severe cold, and I have lost my headaches and sour stomach which I am now convinced came from coffee."

"A cup of good hot Postum is satisfying to me when I do not care to eat a meal. Circumstances caused me to move in a new country and I feared I would not be able to get my favorite drink, Postum, but I was relieved to find that a full supply is kept here with a heavy demand for it." Name given by Postum Co., Seattle, Wash. "Send The Food to Me" We will.

THE NEWS, ST. JOHN, N. B., FRIDAY, DECEMBER 7, 1906

SAYS MINISTERS ARE ONLY RELIGIOUS TRAMPS

MONCTON, N. B., Dec. 3.—Customs returns for the local port for the month of November show an increase of more than a thousand dollars over collections for the same month of the previous year. The imports last month totalled \$57,889, five thousand more than in the year previous while the duty collections amounted to \$4,303.45, an increase of \$1,428.25 over November, 1905.

"There were thirteen deaths in Moncton last month, pneumonia claiming three victims. This is a decrease of six from November of last year."

"Baptists here now are nothing more than religious tramps," said Rev. E. E. McLatchey last evening in the course of a sermon at the West End Baptist church.

"New Brunswick," he said, "is not a hard place for Baptist clergymen and the fact that we have not the quality of men wanted is due to the changeableness of the people. First class men have noted the changes and there is not now any progressive work."

Missionaries suffer and Rev. Mr. McLatchey said he had visited what he termed unbroken ground only a few miles from Moncton and baptized nine persons. A preacher comes here, stirs up things in readiness for the harvest and then goes.

Rev. Mr. McLatchey's sermon has created a mild sensation in view of the fact of the recent departure of Rev. C. B. Whitehouse from the Baptist church and another amendment to the whole act as submitted by the commission accepted by the council and sent to the legislature, reserving the right of a man to be heard before that body.

Ald. Collier's amendment carried and the rest of the act as amended by the council in committee was passed as a whole. Alderman Collier made a strong plea for the amendment, which was placed on a level footing. He finally accepted, on suggestion, that instead of taxing real and personal estate one-quarter, the assessed value be placed at one-half, and he moved an amendment to the effect that the amendment be defeated by a vote of five to four, and so the act will go to the legislature as regards the taxation of real, personal and incomes as presented by the majority of the commissioners. At 11:15 the meeting adjourned.

LABOR CANDIDATE WINS OVER CONSERVATIVE

HAMILTON, Ont., Dec. 4.—A slaying defeat was inflicted on the Conservative government at Hamilton today, when the electors of East Hamilton E. W. Jones, a Liberal, defeated the Conservative candidate, by a majority of eight hundred and thirty-nine.

The Conservative candidate was J. J. Scott, a well known lawyer, and the election turned largely on the question of municipal government. The railway strike in Hamilton helped Studholme.

The Liberals made no nomination, but supported the Labor man.

ABDUCTED GIRL RESCUED BY POLICE

After a Desperate Fight in Chicago Tenement—She Tells of Brutal Treatment.

CHICAGO, Dec. 5.—After a desperate battle in which a shotgun and several revolvers figured and in which two doors were battered down by the police, Giovanna Unida, the fourteen-year-old Italian girl, who was kidnapped from in front of 184 Milton avenue, Monday night, was rescued last night from a vacant flat in the same building. Her abductors, Samuel Marino, 28 years old, who with his brother, Charles, kidnapped her and detained her in the untenanted flat were arrested.

Through an interpreter the little girl told the story of the kidnapping and the subsequent torture she was made to suffer at the hands of Marino. She said that the two brothers were assisted in the kidnapping by the wife of Charles Marino. She says that after she had been forced to marry the son of a poor man, she was taken to a vacant flat above that occupied by Charles. The door was then locked by the latter who pocketed the key and left her alone with his brother.

MANUAL TRAINING

Announcement by Dr. Inch—A New Drawing Book for New Brunswick Schools.

The following notice from Dr. J. R. Inch appears in the Educational Review:

A New Brunswick Edition of August's Drawing Standard Course, has been prescribed by the Board of Education for use in the schools. The Graded Practice Book for pupils, price 10 cents each, and the Manual for Teachers, price 75 cents, will be on sale in the book stores early in January.

Training courses for teachers desirous of qualifying as licensed Manual Training instructors, will be held at the Provincial Normal School, during the session of 1907-8 as follows:

Short Course—January 8 to March 22.

Full Course—January 8 to June 22, 1908.

The short course is intended to qualify teachers for the license to teach Manual Training in town schools. Candidates for admission should hold a first class license, and teachers holding a second class license, and having a good teaching record, may be admitted on their merits.

In each course, students showing promise to discontinue at the end of one month from the date of entrance.

Tuition is free, and the usual travelling allowance made to students who complete their course and proceed to the teaching of the subject in the public schools of the province.

CAPTURED BY ELECTRICITY.

BIRMINGHAM, Dec. 4.—A traveler named Emanuel Heitling was fined at Birmingham for cutting leather seats at Messrs. Maxwell and Butler's hotel, when he was caught by electricity. Many seats having been damaged, the firm's engineer adopted an ingenious method to detect the culprit. Wire latching with an electric bell attached was put immediately on the leather. The accused, on ripping the material with a knife, rang the bell and was caught red-handed.

FTON COUNCIL HAS WARM DISCUSSION OVER TAXATION ACT

FREDERICTON, Dec. 4.—The city council held a lengthy and interesting session this evening. The principal matter under discussion was the new taxation act and the section dealing with exemption of church and university lands from tax brought forth some original and interesting remarks. After the transaction of the regular routine business representatives from the Christ church corporation, the body most concerned in this section bearing on taxation, were invited by the council to address the city fathers. The rector and I. R. Golding and H. G. Foster spoke at some length and explained the position the church took in the matter. The university was unrepresented. From the discussion that followed the addresses of these gentlemen appeared to have but little weight from an argumentative standpoint, and the speeches that followed were of an unusually high standard.

Alderman Scott wanted this section of the act struck out altogether. Alderman Collier moved an amendment to the section stands but there added to it words to the effect that if the tenants were not satisfied with the rent and taxes they might notify the landlord and submit the question to arbitration. Ald. Moore moved an amendment to the amendment that the whole act as submitted by the commission accepted by the council and sent to the legislature, reserving the right of a man to be heard before that body.

The Liberals are to hold a county convention some time in January for the purpose of nominating three candidates for the legislature. Hon. W. P. Jones will be one, Deputy Sheriff Foster will almost certainly be another, and the third is hard to predict. Harry Carvell of Lakeville is a strong favorite, and J. T. Allan Dibblee is mentioned in some quarters. There are several dark horses, any one of whom is apt to land a nomination.

ACCIDENT ON I. C. R.

MONCTON, N. B., Dec. 4.—Struck by the Moncton bound morning express, in a blinding snowstorm on the marsh two miles west of Amherst, sectionman F. W. Jones was killed. The train struck him before being rescued, and died as an engine sent out for him reached Amherst yard. So dense was the storm in which the accident occurred that the train crew knew nothing of the heavy road. Driver Andrew Cook was rescued and taken to the hospital. The train struck him before being rescued, and died as an engine sent out for him reached Amherst yard. JACOBSON SENT UP FOR TRIAL

His Case Only the First of a Series of Thefts—Young Boys Stealing

WOODSTOCK, Dec. 1.—Jacobson, the Pond street junk dealer, arrested on a warrant charging him with receiving stolen goods knowing them to be stolen, the property of the C. P. R., arrived here on the noon express from St. John in charge of Chief of Police Kelly and was turned over to the sheriff. At two o'clock he was brought before Magistrate Dibblee for preliminary examination. D. W. Newcomb, superintendent, appeared for the railway, with F. B. Carvell, M. P., as counsel. The prisoner was defended by J. C. Hartley, Thomas McLean, John McInch, Officer Kelly and others gave evidence, after which the magistrate committed Jacobson to stand trial at the county court, which opens on Tuesday, 11th inst. J. C. Hartley and H. W. Stevenson offered bail in the sum of \$200 each.

This is only the first in a series of cases in all it is said nearly half a dozen boys are to be prosecuted for stealing from the railway and disposing of it to the second hand dealer from whom Jacobson made his purchase.

The Agricultural Society is planning to hold a seed fair early in the new year and also a banquet in the armory.
