OUTPORTS AGAIN IN LINE.

OSEPH MORRIS of Trinity has recently placed his order for one of our latest type DAYTON MONEYWEIGHT SCALES.

Mr. Morris has been in business at the same premises for about half a century. He is not afraid of "New-fangled notions" when he knows it is necessary, and will be a moneysaver in his business. Mr. Morris leaves the details of the business to his two sons, who insist on exact weights in every transaction. This firm has one of our large size Oil Tanks and self measuring Pumps for handling Kerosene, which they have used for several years, this outfit always gives exact measure, prevents leakage and evaporation, and has never caused a moments trouble or delay.

When our representative visited Trinity recently, he found the store full of old Scales of various kinds. It is impossible to estimate the loss sustained by the use of such scales for 50 years. As soon as the new Scales arrive, Mr. Morris' customers can be sure of getting exactly what they pay for.
