The presentation of the operetta "The King's Road" at the Opera House last week, under the direction of Mrs. Cora Pierce Richmond, was greeted with large applause both on Friday evening and Saturday afternoon. The whole performance passed off most successfully and was greatly enjoyed. Those who took the different parts gave evidence of the careful training given by Mrs. Richmond, who has certainly done a great work in Wolfville along musical lines.

The Vesper Service in the Presbyterian church under the direction of Mrs. Richmond was a most impressive service. The program consisted of male quartette, mixed quartette, duets and solos. The music was of high order, every number splendidly rendered. Those taking part were Mrs. Richmond, Miss Kelly, Miss Wilson, Mr. Ford, Mr. Mason, Mr. Hoggan, Hopgood, Welton and Pidgeon. Mr. Ross McLean and Mrs. Chambers presided at the organ.

The voters for the electoral lists have posted the preliminary lists for the impending elections. Those for the town of Wolfville may be consulted at the Town Hall. Every person who claims to vote at existing places should read these lists carefully, and see that their names are there. If any names are omitted applications may be made at any time up to the date to have them added. Now don't wait until election day and then blame the returns if you cannot vote. It's up to every citizen to see that his name is on the list.

The Boy Scouts.

The Junior Hockey Team of the Hantsport Scouts met defeat at the hands of our boys last Saturday. It was hoped that the final game of this series would take place at the Wolfville rink this evening. The Hantsport Scouts were to be entertained at supper at the Club-room and the Wolfville Scout band was to provide music at the rink for skating after the game for all Scouts and their friends. The rink management, however, refused to allow this and as a consequence all hockey games at the rink for the Scouts have been cancelled.

Weather permitting, the Junior team will go to Hantsport on Saturday. The next meeting will be held this evening.

Important Notice to Farmers.

At the annual meeting of the Kings County Farmers' Association, Mr. Geo. R. Pines, Mr. A. N. Griffin and Mr. W. H. Woodworth were appointed a committee to find out and report upon the fertilizer, seed and spray material situation. The finding of the committee is as follows:

Both fertilizer and spray materials are scarce, and in order to be sure of obtaining what is required, orders should be placed at once. The price of these articles is advancing and this advance, owing to scarcity, is likely to continue. By placing your orders now, not only will better prices than possible later be obtained, but late orders will be difficult to fill at any price.

Dealers in these supplies are in a position to quote prices, which are fixed at present as they will be, except that there will likely be a gradual advance, therefore, if your regular dealer is not in a position to quote prices, get them from the one who is. Get in touch with your nearest dealer at the earliest possible date.

The United Fruit Company have placed large orders for their members at a price much below prices ruling today, and in some lines, these prices can be increased, as this was stipulated in the contracts. The Manager has stated to your Committee that he is prepared to handle orders up to the limit of possible purchases at old prices, at a price very little in advance of that given to members, provided farmers outside the Company place orders immediately. These orders to be placed through your nearest Fruit Company.

Ground limestone can be obtained by any farmer through their nearest Fruit Company, in car lots at \$3.00 per ton f. b. Windsor. The freight from Windsor is low; up to 30 miles 50 cents; to 50 miles 60 cents; to 75 miles 75 cents. Farmers not wishing a whole car can combine in purchasing a car. Minimum carload weight 20 tons. We advise ordering now when rates are available and roads are good.

Government inspected, released seed wheat can be obtained through the local Fruit Companies at the price of \$3.00 per bushel, Serwick, bags furnished by purchaser, if orders are placed at once.

Your Committee have made every effort to give a full knowledge of the situation respecting the above, and would urge all farmers to make up their orders at once, otherwise disappointment is likely to result. Seed supply includes wheat, oats, barley, clover, timothy, turnip and other seeds. The fertilizers include Bone Meal, Acid Phosphate, Slag, Nitrate of Soda and Ground Limestone. The spray materials include arsenic of lead and arsenic of lime, stramonium, hydrated lime, lime sulphur and black leaf 40.

Should any Fruit Company refuse to give a full knowledge of the fact known to the undersigned.

I even a doctor as the trouble has completely left him. I cannot find words to speak our gratitude for its cure."

Christendom's Fiery Furnace.

Mr. W. W. Beck, V. D. M. of New York City, speaks at Opera House Sunday evening, February 17th, at 8 o'clock. Subject: "Christendom's Fiery Furnace, and Fall of Satan's Kingdom." Windsor-Wolfville Hockey.

An Evangeline rink on Wednesday evening the Wolfville hockey team met the Hawatha team of Windsor, on the second time this season and for the second time defeated them, the time by a score of 13-2. The game was fast and clean throughout, although naturally not up to the standard of hockey played before the war, owing to lack of practice. It was a good exhibition under the circumstances.

The home team were captained by the doctored Harry Fraser, who, having in his old days played for the end rush and a close second by Leon Archibald, at point. In the front line Vaughan Hoggan and Thore Stokholm, on the wings, and Herman Baird, at centre, kept things on the move and each added a few to the total. Back in support, Eric Eagles, at goal, put up a remarkably fine game, keeping the net out of danger by his sharp eye and quick stops, only allowing two to pass him, although at times they rained in hot and fast.

During the second period he was struck with the puck and compelled to leave the ice for a time, but soon returned and carried on as before. The Windsor boys played perhaps better team work as well as some good individual plays, but were unable to keep up with the speed against them.

Victor Burton, of the College, selected the first two periods in a very satisfactory manner. In the third period he was relieved by Owen Fort.

Debate on Water.

Copy of Res. 16—No claim for rebate of return of water rates for non-use of water shall be considered or allowed, unless the claimant, prior to the commencement of the period claimed or to be claimed, shall have given the Town Clerk notice in WRITING to have the water turned off from the premises in question. No claim for such rebate or return water rates shall be considered, allowed or paid for any period less than three consecutive months. Water will be charged to Landlord in every case.

NOTICE.

The water committee request that citizens discontinue the practice of letting the water run and large stopping waste, as there is no more than sufficient water coming from the source to supply actual needs of the town. On the first rain or thaw occurs the supply will grow less.

H. V. BISHOP,  
Town Clerk.
