The Rev. T. H. Gregg, who recently succeeded from the English Established Church, has been consecrated a bishop in America. He has now returned to England, and taken charge of a congregation of the Reformed Episcopal Church at Southend. He is the first bishop of that church appointed for the United Kingdom.

The death of the Rev. Carstairs Douglas, LL.D., is recorded by the Scottish press. Dr. Douglas was the author of a Chinese dictionary, and a distinguished Oriental scholar. Many years ago, in association with the late Rev. William Burns, he consecrated his life to the missionary cause in China, and was senior missionary of the Presbyterian Church in that country.

A gentleman at Bristol writes:—"For six years a decayed tooth prevented mastication on the side it was situated, as well as causing many sleepless nights; but having used Bunter's Nerveine, I am not only relieved of the most troublesome of all pains, but can now use the tooth without the slightest inconvenience."

Preach the best to the smallest assembly. Jesus preached to one woman at the well, and got all Samaria out to hear him the next time.

Human nature is so constituted, that all see and judge better in the affairs of other men than in their own.

## A NEW ERA.

### HOW TO PREVENT DISEASES.

**THE GREAT QUESTION OF THE DAY**—How to prevent premature death from disease, or prevention of the propagation of infectious diseases. Startling but true. How long are we to be left in sanitary dangers at the mercy of the ignorant and careless? *The Times* states that 100,000 cases annually of illness from typhoid fever alone may be set down as preventable. Upwards of

**500,000 PERSONS HAVE DIED** of this preventible disease since the Death of PRINCE ALBERT, the Great and Good.

**UNDER** the Moslem law the nations were in a higher position in sanitary matters than the world to-day, while their appliances were rude in comparison to ours.

**LORD BEACONSFIELD** justly stated the other day that

"THE health of the people is really the foundation upon which all their happiness and power as a State depend." For the most practical mode of preventing disease and premature death is a large illustrated sheet given with each bottle of **ENO'S FRUIT SALT.** The information is invaluable. As an invigorating summer beverage use Enos' Fruit Salt (preparation of lemon and lime fruit). It is the best preventive and cure for biliousness, sick headache, brain complaint, impure blood, pimples on the face, indigestion, liver complaint, mental depression, want of appetite, sourness of the stomach, constipation, vomiting, thirst, &c., and to remove the effects of excess of eating and drinking.

**QUESTIONS**—A startling array.

**PREVENTIBLE DEATH.** Why should fever, that vile slayer of millions of the human race, not be subdued and more limited by means of a covered-up sanitary work which causes his fellow a violent attack? The number, as he is correct, is quickly made example of by the law. Fevers are almost invariably acknowledged to be preventable diseases, how is it that they are allowed to level their thousands every year, and millions to suffer almost without protest? The most ordinary of us must be struck with the huge number. Whose to blame? For the means of preventing premature death from disease is a large illustrated sheet given with each bottle of **ENO'S FRUIT SALT.** The information is invaluable. The Fruit Salt (one of Nature's own products) keeps the blood pure, and is thus of itself one of the most valuable means of keeping the blood free from fevers, blood poisons, liver complaints, &c., even cancer.

**WHAT** every TRAVELLING TRUNK and

**HOUSEHOLD** in the WORLD ought to contain is a bottle of **ENO'S FRUIT SALT.** Without such a simple precaution, the jeopardy of life is immensely increased.

**AS** A HEALTH GIVING, Refreshing, Cooling, and Invigorating BEVERAGE, or as a Gentle Laxative and Tonic, in the various forms of indigestion, use

**ENO'S FRUIT SALT.**—M. D. (Edin.) and M. R. C. S. (L. A. C.), London, writes:—"I am much pleased with your Fruit Salt, having tried it on myself. Your theory and remarks are most reasonable. Having nearly died of typhoid when studying at College, being only one out of 16 who recovered, I mean to go in with for purifying the blood. Though I am 62, I have not the least doubt it will be very serviceable to me."

**ENO'S FRUIT SALT.**—"Your Fruit Salt is beyond all praise. I wish you would sell it here; it would make its own way by its own merit."—T. A. Somerby, Counselor-at-Law, No. 20, Old State House, Boston, U.S.A.

**ENO'S FRUIT SALT.**—Messrs. Gibson and Son, Chemists, of Hexham, say:—"Since we introduced your Fruit Salt at Hexham, a few months ago, we have sold upwards of 1,000 bottles, and it gives general satisfaction, as customers who get it almost always recommend it to their friends. We have had numerous instances of its great efficacy in the cure of bilious headaches, indigestion, or stomach complaints, &c."

**ENO'S FRUIT SALT.**—"14, Rue de la Paix, Paris, Jan. 16, 1877. A gentleman called in yesterday, he is a constant sufferer from chronic dyspepsia, and has taken all sorts of mineral waters. I recommended him to give your salt a trial, which he did, and received great benefit. He says he never knew what it was to be without pain until he tried your Salt, and for the future shall never be without it in the house."—M. Beral."

**ENO'S FRUIT SALT.**—Sold by all Chemists, price 2s. 6d. and 4s. 6d.
