BEWARE OF IMITATIONS.

Since 'Dr. Thomas' Eclectric Oil has be come celebrated, a number of unprincipled persons have been endeavoring to palm off Electron and Electric Oli for the genuine Dr. Thomas' Educatio Oil. Beware of these similar named articles. If their originators had any faith in the healing properties of their own medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit, they resort to the most unprincipled means of selling them by getting a name as near as possible to Eclectric. We therefore ask the public when purchasing to see that the name Dr. Thomas' Eclectric Oll is on the front of the wrapper, and the signature of Northson & LYMAN, the proprietors for Canada on the back.

There are no failures of any consequence to report and none of any account expected. The money market is comparatively easy at 6 to 6} on Stock Exchange securities and 7 to 8 for commercial bills. The directors of the various banks have been declaring their dividends, which has again directed attention to the strong position of our leading institutions and the wise and capable management which governs them. DRUGS AND CHEMICALS.—A fair business has transpired during the week in general drugs at about former rates, morphia having been placed at \$245 to 265; opium at \$4 to 5; quinine at \$1 90 to 2 25 as to make; iodide potash \$2 to 220; camphor 35c to 38c for American, and 40c to 42c for English; bromide potash 40c to 50c. Alum is firm and higher, being now held at \$2 25, but as soon as shipments arrive lower prices are looked for, and trading is consequently confined to satisfying immmediate requirements.

Sal soda remains strong at \$1 20 to 1 25.

MONTREAL CATTLE MARKET.

The receipts of export cattle at Acer & Kennedy's yards, Point St. Charles, were moderate, numbering about 100 head. The market was firm under a good demand at full former prices, all the offerings being taken at from 5½c to 6½c per 1b live weight as to quality. Choice butcher's cattle at the Point were firm, selling at 6c. No shipping sheep were received. Live hogs were a trifle easier at 8c to 84c per lb. Mesers. Acer & Kennedy are busy making active preparations for the opening of the shipping seesop, during which the largest export trade yet done is anticipated. At Viger Market the trade was easier at somewhat lower prices. Never-theless, the demand was fair, and a good clearance of the 250 head of butchers' cattle offered was effected. Good to choice cattle brought 5%c to 6%c per lb. live weight. Fair animals sold at 5c to 5½c, and poor to medium at 4c to 4½c. The supply of calves was emaller and demand dull at about last

Latest advices from the Newfoundland seal nshery dissipate former sanguine expectations of a good season's work. In fact, the news is not at all lavorable, and from it it would appear that the take will not be an average one, which will doubtless mean high prices for seat oil. Several cargoes containing over 100,000 gallons have already been sold for the Continent. Messrs. J. & R McLea fernish us with the following correct list of arrivals from the seal fishery to date:-

FLORENCE, Ala., April 30 .- Ware (colored), lynched on Saturday night for murdering a white boy on the 20th instant, threw the boy, after robbing him, eight times into the river. The boy swam back to shore. Afterwards Ware tied the boy, beat out his brains with a man on the opposite shore witnessed the murder, but the river was too wide to make his presence known. A description of the negro was given to the jailer, who arrested him. The same night a large crowd of workmen employed on the river improvements vis ted the jail and demanded the prisoner. Owing to the delicate condition of the jailer's wife the mob was persuaded to disperse. On Saturday night the mob again visited the jall, carried the jailer's wife to another house, hanged the prisoner and rid-

dled his body with bullets.

Yours in X, BRO. JOACHIM.

From the New York Correspondence of the Dublin Freeman's Journal, February 16, 1881.

Through the courtesy of Mr. J. R. Maxwell & Co., proprietors of M. Cerqui's Chemica Compound, we were favored with a private view of one of the most wonderful discoveries of the century. I was led into a room, the curtains were drawn and every ray of light was excluded. and in the darkness, where first I saw only plain plaster figures, there stood out in clear, bright, awe-inspiring distinctness, first the figure of the Saviour suspended in space, as it were, then or either side the figures of Mary and Joseph, while-looming up in the foreground was the figure of an angel bearing a crown that seemed to rain light. If ever a feeling of faith and veneration possessed a Catholic, it then overwhelmed the writer, the scene was so novel and reverential. Upon leaving we were presented with a cross; it is kept on a bracket in our chamber, and in the darkness of night it seems to say, sleep safe, His cross watches and guards you.

We also have the honor to refer to the following Clergymen and Sisters: Rev. Thos. Kierns, Lehigh Avenue, Philadelphia, Pa.; Rev. J. Slattery, Susquehanna, Pa.; Rev. J. Murphy, Blossburg, Pa.; Rev. M. Voigt, Franciscan College, Trenton, N.J.; Rev. T. Reardon, Easton, Pa.; Convent of Good Shepherd, Baltimore, Md.

\$1.00 EACH!

If you possessed a Cross or any religious object treated with this compound, you will readily see how much satisfaction and with what a reverential feeling such an object would be viewed at night, when darkness and silence reign supreme, then like protecting figures, insignias of our faith, beautifully bright, uninfluenced by the surrounding gloom, they are an inspiration for the last thought or word before sleep overcomes us.

We are now manufacturing such Crosses, and a number of different Statuettes. Crucifixes and the usual Church Ornaments, and treating them with this wonderful compound. We also desire to inform you that we are prepared to treat, at a nominal cost, any articles of a like nature you may wish to have rendered as distinct at night as they are during the day.

For \$1.00 we will send you a Cross, including pedestal, possessing this desirable quality, confident that after once witnessing the feeling it inspires, looming up like a torch of faith in the blackness of night, you will order more, and urge upon your friends the satisfaction the possession of one gives in the silent hours of the night.

\$1.00 each for Crosses. 82.00 for Crucifixes, 9-inch figure. 83.00 " " 17 "

Grosses 89.00 per dozen, or 85.00 per hall dozen,

Send money by Registered Letter and we send Crosses wee of charge.
