

"Clean-Up" Sale of New High Grade NORDHEIMER PIANOS

And Slightly Used Instruments at in many cases
Less than actual manufacturing cost

Contingent on taking over the agency for Nordheimer Pianos was an order for two carloads of new pianos from their factory. We were also to take off their hands any stock remaining on their floors when they closed out their retail business in Winnipeg. We secured these latter at very low prices and yours is the opportunity to take advantage of the "Clean-up" thus made necessary for new stock expected here within the next few weeks.

Nordheimer Pianos have a national reputation best evidenced in the pride of ownership on the part of thousands of Canadian homes. In the ordinary way they are high-priced pianos; but worth the money. This sale affords you the opportunity of placing one in your home at even less than the cost of an ordinary piano—and on our usual easy terms of payment.

Take advantage now of this opportunity that can never recur. Never again will you be able to purchase a brand new Nordheimer Piano at anything like these prices. Owing to our extensive business and unusual credit system of easy payments we make it exceptionally easy for you.
