THESE five chosen from various parts of the Grand Trunk Canadian Northern, the Intercolonial and the Canada Steamships Co. They were sent to the question, "Where do you find the finest landscape in all Canada?" and the photograph of Jack Lake, were direct answer to that question. The other four were left to the Canadian Courier to pick from a number of picked photographs in some doubt as to which was really the best. We have made our decision. In the five landscapes, two of which are river scenes, it is safe to say that the pictures on the page as high a level of superb pictures to civilization. The more difficult striking and beautiful five is actually due to say, and prefer to leave that to the judgment of readers.
