Frank Padley Esq.,
Deputy Superintendent General of Indian Affairs,
Ottawa.

Dear Sir,

It is proposed to put a paper mill at La Tuque on the River St. Maurice, and the promoters would like to buy the timber on the Indian Reserve at Weymontechene, above La Tuque, which I understand comprises about 11½ miles, or 7,400 acres.

I write to ask if the Department would be disposed to sell these lands or the timber, and at what price.

Yours truly,

J. G. Scott

General Manager.
