The Honourable Arthur Meighen  
Hon. Sir:

The average Canadian citizen by birth who has listened for the last 50 years to harangues of politicians has become fed up on hearing about Free Trade, unrestricted Reciprocity, Reciprocity agreement of 1914, & Protection.

What concerns him most is how are we to make Canada? That is the big question today.

The writer received his education in the Maritime Provinces and 80 per cent of his school companions are in the United States earning a livelihood; and it is safe to say that from 50 to 80 per cent of the Maritime young people after receiving their ~~university~~ education immigrated to the States in order to get work in the different activities for which they are suited. The same to a large extent
