1959 Treaty 9 Annuity Paylist

44/28-3 (T.6)

44/28-3

December 2, 1959.

This will acknowledge receipt of your letter of November 19, in the above regard.

We have noted in our paylists that the share due Thomas Williams Jr. No. 484 Albany Band is to be funded because this man is a patient in the Ontario Hospital at New Toronto. Such an entry of course will alter the totals in the "amount due absentees" and in the "funded" columns.

With regard to no. 335 Attawapiskat Band Madeline Nakogee, we find also that the only person registered on that number is a boy. Kindly disregard mention of this in our previous letter.

With regard to no. 218 Moose Band Mary Koosees, your information that the only person who "should" be registered under that number is a boy John Robert Barry Koosees, however, according to membership section, this boy has never been taken on a membership list as an Indian. We would suggest that you communicate with the Membership Division in this matter and send a copy to us in order that our records may be kept up to date.
