

PARCEL POST REGULATIONS.

Articles of Mail Matter acceptable at Parcel Post rates include farm and factory products, merchandise of all descriptions such as dry goods, groceries, hardware, confectionery, stationery (including blank books, etc.), seeds, cuttings, bulbs, roots, bedding plants, scions or grafts, and all other matter not included in the first class, and not excluded from the mails by the general prohibitory regulations with respect to objectionable matter.

Parcels consisting of third class matter may be mailed at Parcel Post rates, or third class matter at the option of the sender. Parcels containing intoxicating liquors or explosives are expressly prohibited.

The postage on Parcel Post packets must be prepaid by means of postage stamps securely affixed to the parcels. An insufficiently prepaid Parcel Post packet is forwarded to destination subject on delivery to payment of double the deficiency, provided at least one cent is prepaid. After the additional postage required on any short paid parcel has been collected from the addressee "postage due" stamps are to be affixed to the parcel and cancelled by the Postmaster. Parcel Post packets totally unpaid will be sent to the Branch Dead Letter Office.

PARCEL POST PACKETS MUST NOT BE REGISTERED.

Parcels must be prepaid for mailing in such manner that the contents can be easily examined.

It is desirable that the sender's address should appear either inside the parcel or on the cover. This must be kept distinct from the address proper.

Parcels are, when re-directed, chargeable with additional postage at the rate which would have been chargeable had they been originally mailed from the office of re-direction to the new address except in cases where the original and the re-directed addresses are both within the delivery of the same Post Office.

The limit of weight for a Parcel Post packet is ELEVEN pounds, and the general limit of size is thirty inches in length by one foot in width or depth, but parcels will be accepted up to 3 feet 6 inches in length, provided that the combined length and girth do not exceed six feet. For example—a parcel measuring 3 feet 6 inches in its longest dimensions may measure as much as 2 feet 6 inches in girth (i.e., round its thickest part); or a short parcel may be thicker; thus if the length is not more than 3 feet the girth of the parcel may be 3 feet.
