#### EXPORT OF BUTTER AND CHEESE

Montreal, Saturday, April 10. — The tone of the butter market here this week has been very much improved. There has been a brisk trade doing, and the demand for all grades of butter has been good. Stocks of held goods have been very much reduced and holders are feeling much more comfortable than they were a couple of the property of the company of t to the local trade, as a large number of to the local trade, as a large number of the form of town, two or three calloads going through to the West, and a line of about 2,000 packages of dairy butter being exported to Great Britain. The market is practically bare of really holes butter, der with satisfactory goods. The bulk of the stock here now consists of underfinest creamery and there is no doubt that it must be sacrificed if it is to be market in large quantities. Holders are asking 20c to 20½ for round tots of finest fall made butter, and 19c to 19½ for finest winter made creamery. New butter is still comparatively scarce but the receipts are mand for what is coming in and as high as 22c is being paid for it at country points. points.

The market for cheese is quiet and steady with practically no trade passing, as stocks here are almost entirely exhausted and new goods have not yet started to ed and new goods have not yet started to come in. Factories all over the country are opening up and in a week or ten days there will be a considerable quantity offer-ed for sale. There is a great scarcity of ed for sale. There is a great scarcity of colored cheese and most factories have been advised to make this class of cheese during the opening weeks of the new sea-son. Prices will probably rule at 12% to 15 per 1h for the first few lots offered. The few September made cheese left here unsold are quoted at 12%. They are white cheese and not in great demand at

MILK PRODUCERS WILL FORM A COMPANY

At a meeting of the members of the Toronto Milk Producers' Association, held in Toronto, Saturday, April 19th, it was decided to take steps to form a milk producers' co-peraritye company, for the sale of a high quality of milk in the City of Toronto. Quite a large sum of money was piedged at the meeting, and the remaining sum required will be raised as speedily as

At a meeting of the producers held in March, Mesers. J. G. Cornell, A. J. Rey-committee to gather information in regard to the advisability of the producers form-ing a company to sell their own milk. The committee reported on Saturday in favor of such action. They advised the forming of a company with an authorized of 850 each. After a through discussion capital of \$60,000, divided into 1200 snares of \$50 each. After a thorough discussion the report was adopted unanimously. It was pointed out at the meeting that while the Milk Producers Association had been of great benefit to the producers, it had
